(b) If it can be conclusively shown that the application of the prevailing wage requirements set forth in this chapter on any specific public works project, constructed by any city of the fourth, fifth or sixth class or by any county which does not contain a city of the first, second or third class, would adversely affect individual private property owners in the construction of public works and where the total costs are assessed directly and exclusively against the private owners of the benefited property as provided in KRS 94.297 to 94.301;

(c) If it can be conclusively shown that the nature or scope of a proposed public works project is of such an emergency or unusual nature or is subject to such restricted and limited funding that the application of the provisions of KRS 337.505 to 337.550 would prohibit the completion or construction of the project. Such exception or modification shall apply only to public works projects constructed by cities of the fourth, fifth or sixth class or by counties which do not contain a city of the first, second or third class.

(2) No exception shall be granted nor modification approved on any project having a fairly estimated value in excess of one hundred and fifty thousand dollars ($150,000).

(3) Any interested party may request a prevailing wage review board consideration of exception to KRS 337.505 to 337.550 pursuant to this Act on any specific project by written application to the commissioner stating the reasons for such request and describing the general nature of the exception or modification desired. Any such request shall be made prior to the awarding of any work contract or the commencing of any actual construction work on the project to be considered.

(4) The commissioner shall have sole authority to convene the prevailing wage review board and any action by the prevailing wage review board shall be subject to review and approval by the commissioner.

(5) An exception or modification granted by the prevailing wage review board which does not specify a schedule of prevailing wage rates as determined by the commissioner shall contain a statement of the lowest allowable wage rates per hour for all workers and mechanics on the project and shall contain a statement that all provisions of KRS Chapter 337 not specifically excepted or modified will be complied with by the public authority. Exceptions or modifications shall be applicable only after the prevailing wage review board has given written notice to the commissioner of recommended exceptions or modifications and the commissioner has approved such recommendations. Public authorities having been granted such exception or modification shall acknowledge such action prior to commencing any affected public works project by letter to the commissioner stating that the provisions of such exception will be adhered to and that all other provisions of this chapter will be complied with.

(6) An individual may be designated by the commissioner to as chairperson and recorder at any prevailing wage review board meeting and may advise the board members of statutory provisions but shall have no voice or vote. The prevailing wage review board shall not be required to meet more often than once every sixty (60) days. If more than one (1) request is to be considered by the board and affected projects are located in more than one (1) locality, the commissioner may request the board to meet in any location which would expedite or more efficiently accommodate the boards' deliberations.

(7) Nothing contained in this section shall serve to modify, change or set aside any provisions of any other federal, state or local statute, regulation, law or ordinance.

Such determination shall be made at each stage of the proceedings. *If a person has been defended pursuant to the provisions of this Act and he is acquitted or if charges are dropped, granted probation or granted shock probation, or conditional discharge he shall be required to repay the costs of his defense and all costs incident thereto to the State Treasury under such terms and conditions as the court in which the case is tried may impose. The Supreme Court shall issue such rules as may be necessary to aid courts in their determination of how repayment is to be accomplished and what period of time shall be allowed for the repayment.*

(5)[(4)] The court shall order all monies collected pursuant to subsection *(4)* [(3)] above be paid to the clerk of that court pursuant to the schedule of payment. The clerk shall forward to the *state treasurer*

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS 15.410 TO 15.992 IS CREATED TO READ AS FOLLOWS:

(1) In order to establish a minimum system of professional conduct of the police officers of local units of government of this Commonwealth the following standards of conduct are stated as the intention of the general assembly to deal fairly and set administrative due process rights for police officers of the local unit of government and at the same time providing a means for redress by the citizens of the Commonwealth for wrongs allegedly done to them by police officers covered by this section:

(a) Any complaint taken from any individual alleging wrongdoing on the part of any police officer, as defined herein, shall be taken under oath in the form of an affidavit, signed, and sworn to by the complainant and duly notarized.

(b) No threats, promises, or coercions shall be used at any time against any police officer while he or she is a suspect in a criminal or departmental matter. Suspension from duty with or without pay, or reassignment to other than an officer's regular duties during such period shall not be deemed coercion.

(c) No police officer shall be subjected to interrogation in a departmental manner involving alleged misconduct on his or her part, until forty-eight (48) hours have expired from the time the request for interrogation is made to the accused officer, in writing; however, such police officer may be required to submit a written report of the alleged incident no later than the end of the tour duty in which the incident is alleged to have incurred.

(d) If a police officer is under arrest, or likely to be arrested, or a suspect in any criminal investigation he or she shall be afforded the same constitutional due process rights that are accorded to any civilian, including, but not limited to the right to remain silent, the right to counsel, and shall be notified of those rights before any questioning commences. Nothing in this section shall prevent the suspension with pay or reassignment of such police officer pending disposition of such charges.

(e) Any charge involving violation of any local unit of government rule or regulation shall be made in writing with sufficient specificity so as to fully inform the police officer the nature and circumstances of the alleged violation in order that he or she may be able to properly defend himself or herself. Said charge shall be served on the police officer in writing.

(f) When a police officer has been charged with a violation of departmental rules or regulations, no public statements shall be made concerning the alleged violation by any person or persons of the local unit of government or the police officer so charged, until final disposition of the charges.

(g) No police officer as a condition of continued employment by the local unit of government shall be compelled to speak or testify or be questioned by any person or body of a non-governmental nature.

(h) When a hearing is to be conducted by any appointing authority, legislative body, or other body as designated by the Kentucky Revised Statutes, the following administrative due process rights shall be recognized and these shall be the minimum rights afforded any police officer charged:

1. The accused police officer shall have been given at least seventy-two (72) hours notice of any hearing.

2. Copies of any sworn statements of affidavits to be considered by the hearing authority shall be furnished to the police officer no less than twenty-four (24) hours prior to the time of the hearing.

3. If the hearing is based upon a complaint of an individual, the individual shall be notified to appear at the time and place of the hearing by certified mail, return receipt requested.

4. If the return receipt as hereinabove referred to has not been returned, or the individual does not appear at the time and place of the hearing, any charge made by that individual shall not be considered by the hearing authority and shall be dismissed with prejudice.

5. The accused police officer shall have the right, and opportunity to obtain and have counsel present, and to be represented by the counsel.

6. The accused police officer shall be allowed to have presented, witnesses and any documentary evidence the police officer wishes to provide to the hearing authority, and shall have the right to cross-examination of any and all witnesses called by the charging party.

7. Any police officer who is not given a hearing as provided by this section within sixty (60) days of any charge being filed, said charge then shall be dismissed with prejudice and not be considered by any hearing authority.

(2) Any police officer who shall be found guilty by any hearing authority of any charge, may bring an action in the circuit court in the county in which said local unit of government may be located to contest the action of that hearing authority, and said action shall be tried as an original action by the court.

(3) The judgment of the circuit court shall be subject to appeal to the court of appeals. The procedure as to appeal to the court of appeals shall be the same as in any civil action. As the provisions of this Act relate to a minimum system of professional conduct, nothing herein shall be construed as limiting or in any way affecting any rights previously afforded to police officers of the Commonwealth by statute, ordinance or working agreement.

(g) None of the provisions of this chapter shall be deemed to preclude the court from exercising its usual discretion with regard to ordering probation or conditional discharge.

(h) In the case of any person who has been convicted of possession of marijuana, the court may set aside and void the conviction upon satisfactory completion of treatment, probation or other sentence, and issue to the person a certificate to that effect. WHEREAS, as a result of the recent grain embargo by President Carter, there is currently an excess supply of grain; and

WHEREAS, distillers in Kentucky are currently operating at levels below capacity and are in some instances out of operation; and

WHEREAS, the nation's farmers see gasohol as a way to put surplus grain, and perhaps even fallow land, into productive use; and

WHEREAS, there is a need for a large scale, short range experiment to determine the feasibility of long range continuous production of gasohol; and

WHEREAS, Kentucky coal can be utilized in the production of gasohol and this use would increase the demand for Kentucky coal;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

HR 60, A RESOLUTION commending Alfred Kahn for his address on inflation and deregulation to the Kentucky General Assembly.

WHEREAS, Alfred Kahn forcefully presented the need for government deregulation and the balancing of the budget; and

WHEREAS, the government's over-printing of dollars above the production level of the nation needs to be stopped for the purpose of halting inflation; and

WHEREAS, Alfred Kahn has called for a halt to the over-spending by government; and

WHEREAS, the House of Representatives realizes that the private enterprise system has been over-regulated and has had too many unwarranted interferences; and

WHEREAS, government should promote more competition among businesses;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That Alfred Kahn is hereby commended for his address on inflation and deregulation to the Kentucky General Assembly on February 11, 1980.

HCR 42, A CONCURRENT RESOLUTION directing the formation of a special solar energy advisory committee to determine the potential for the use of solar and other renewable energy resources in the Commonwealth.

WHEREAS, the nation continues to face a serious energy crisis, and a dangerous dependence on other countries which supply us with oil; and

WHEREAS, this crisis and this dependence need not continue if we take steps now to develop and utilize our abundant domestic energy resources; and

WHEREAS, Kentucky's coal is a tremendous asset to the state and the nation, and yet an energy policy focused exclusively on coal may be unwise in the long run if it ignores other energy resources which also could contribute to the future prosperity of the state; and

WHEREAS, solar energy in its many forms may, if properly developed, play a significant role in Kentucky and should be given fair and careful consideration;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. The Legislative Research Commission is directed to appoint a Special Solar Energy Advisory Committee to determine the potential for use of solar and other renewable energy resources in the Commonwealth. Two (2) members shall be appointed from the Senate and two (2) member shall be appointed from the House of Representatives to serve on the committee. In addition, the Legislative Research Commission shall appoint to the committee members recognized as experts in areas related to solar energy issues, members of environmental, consumer, business and industrial groups, but in no case shall total membership exceed fifteen (15) members. The committee shall choose a chairperson and vice-chairperson from the legislators serving on the committee.

Section 2. The committee shall assume an oversight role on behalf of the General Assembly on all matters pertaining to the development of solar and renewable energy sources during the 1980-82 interim. The committee shall meet at least quarterly and more often on the call of the chairperson.

Section 3. The committee shall develop a plan for the development of solar and renewable energy in Kentucky and shall develop legislative proposals and recommendations for submission to the General Assembly. The committee shall assess the short and medium range potential for solar energy, and the employment potential of solar development in the state during the next five (5) to ten (10) years. The committee shall report its findings and recommendations to the 1982 General Assembly, and shall submit a report to the Legislative Research Commission on or before September, 1981.

Section 4. It is estimated that the operation of the committee and the provision of staff services will cost approximately $20,000, such monies to be provided from the regular budget of the Legislative Research Commission.

HCR 57, A CONCURRENT RESOLUTION requesting assistance from the federal government in the decommissioning of a nuclear waste disposal site.

WHEREAS, the Commonwealth of Kentucky had a nuclear waste disposal site in operation for the commercial disposal of low level radioactive waste from 1963 through 1977; and

WHEREAS, the Kentucky nuclear waste disposal site received more than ninety-nine percent (99%) of radioactive waste buried therein from outside the Commonwealth, thereby providing a needed service to the nation as a whole; an

WHEREAS, radiological monitoring has shown evidence of radioisotope migration from the site, and other studies have indicated serious hydrological problems, creating doubts as to its long term safety and integrity, which required the premature closure of the site; and

WHEREAS, because of these unanticipated problems, the premature closure resulted in an inadequate collection of funds for the perpetual care and maintenance of the site, a collected amount of less than three hundred thousand dollars ($300,000); and

WHEREAS, the monitoring and regulation of the site has cost the Commonwealth of Kentucky hundreds of thousands of dollars during its commercial operation, and millions of dollars in the procurement of the commercial lease and initiation of stabilization procedures; and

WHEREAS, the Kentucky site will be the first commercial low level nuclear disposal site to be decommissioned in the United States, therefore establishing invaluable information for future decommissioning of similar sites; and

WHEREAS, the full decommissioning of the Kentucky nuclear disposal site is estimated to cost several additional millions of dollars; and

WHEREAS, the acceptability by society of future nuclear disposal sites in the United States may be based to a large extent on the successful demonstration of decommissioning of past nuclear disposal sites;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. That the United States Department of Energy and the United States Nuclear Regulatory Commission are requested and petitioned by the General Assembly of Kentucky to provide this Commonwealth both technical and financial assistance in the final decommissioning of the nuclear waste disposal site located in Fleming County, Kentucky.

Section 2. That the United States Department of Energy and the United States Nuclear Regulatory Commission are requested to draft any needed legislation which may be required to allow either agency to provide technical and financial assistance to the Commonwealth, and that such draft legislation be transmitted to the Kentucky congressional delegation.

Section 3. That the Kentucky congressional delegation is requested to introduce and support any legislation required to allow federal agencies to provide technical and financial assistance to the Commonwealth in the final decommissioning of the nuclear disposal site.

Section 4. That copies of this resolution be submitted to the following:

2. The secretary of the United States Department of Energy;

Section 1. KRS 95.700 is amended to read as follows:

[(1)] The city legislative body in cities of the fourth and fifth classes may, by ordinance, establish a police department, appoint its members, and provide for their number, grades, compensation and regulation.

[(2) Except in cities of the fourth class which have accepted and adopted KRS 95.761 to 95.784, the term of office of members of the police department appointed by the city legislative body shall not exceed two years. The city legislative body shall reappoint to their office, members of the police department who have not yet reached the age of retirement unless sufficient cause be shown for the failure to reappoint them. They shall be subject to removal for cause.]

SECTION 2. A NEW SECTION OF KRS CHAPTER 95 IS CREATED TO READ AS FOLLOWS:

(1) Members of any police department created pursuant to KRS 95.700 shall be subject to removal at any time for cause. No member shall be removed from the department or be reduced in grade or pay, or be publicly reprimanded or be suspended or otherwise punished for any reason except inefficiency, misconduct, insubordination, violation of law or violation of written rules adopted for the department.

(2) Any person may prefer charges against a member of the police department, and it shall be the duty of the mayor and each member of the city legislative body to prefer charges against any member of the police department who is believed to be guilty of conduct justifying the removal, reduction in grade or pay suspension, public reprimand or other punishment. All charges brought against any member of the police department shall be in writing, signed by the person making the charges and shall clearly set out each charge and the facts supporting it. The written charges shall be filed with the mayor and the city clerk before any action regarding the charges may be taken.

(3) The mayor shall review any charge against a member of the police department and if he determines that the charge warrants further investigation he shall order a hearing to be held before the legislative body on the charge, provided, however, that the legislative body may elect by majority vote to hold a hearing on any charge dismissed by the mayor. The legislative body shall meet as a hearing board on any charge referred to it within fourteen (14) days of the filing, provided that no hearing shall be held until four (4) days after the charged member has been served with a full copy of the charges and a statement of the time, day and place of the hearing. Service by mailing a copy of the charges to the last known address of the accused member shall be sufficient. The member may, in writing, waive the service of the charges and the hearing may be held by mutual agreement. The charged member may, in writing, waive his right to the hearing and agree to accept an administrative disciplinary decision which shall be rendered within the same time limitations as provided for a hearing. Such waiver shall preclude his right to a subsequent hearing on the same charges.

(4) The hearing before the legislative body shall be confined to the written charges. The legislative body and the charged member shall have the power to compel the attendance of witnesses upon subpoena issued by the city clerk and served by any person authorized to serve subpoenas. The legislative body shall have the same contempt powers as a district court judge with regard to the hearing.

(5) The legislative body, at its own expense, shall cause the entire hearing to be transcribed. The legislative body shall make detailed, written, findings of fact and a written decision within fourteen (14) days of the conclusion of the hearing. The transcript, together with the written charges, the notice to the charged member and copies of all subpoenas, shall be kept in a separate book maintained in the office of the city clerk. If a majority of the members find the charges to be true, the legislative body shall in its decision, fix punishment against a member of the police department by public reprimand or by suspension for any length of time, not to exceed six (6) months, or by reducing the member in grade or pay, or combining any two (2) or more said punishments, or by the removal of such member from the police department. No member of the police department shall be removed or suspended for any period in excess of thirty (30) days or reduced in grade or pay except pursuant to the provisions of this section.

(6) If the mayor has probable cause to believe that any member of the police department has been guilty of any conduct justifying any of the above punishments, he may suspend the member from duty, or from both pay and duty, pending the hearing provided for in subsection (3) of this section, and the member shall not be placed on duty or allowed pay thereafter until the charges are resolved by the legislative body.

(7) If any member of the police department is suspended under any permissible disciplinary action, the length of the suspension shall be specifically stated and the days of the suspension shall run consecutively.

(8) The provisions of this section shall not apply to or affect proceedings against members of the police department under KRS Chapters 61 and 63, or the chief of police.

HB 299, AN ACT relating to public transportation, and making an appropriation therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 96A.010 is amended to read as follows:
As used in this chapter, unless the context otherwise requires, the following words or terms shall mean as follows:

(1) "City" means any incorporated city in the commonwealth;

(2) "County" means any county in the commonwealth wherein there is located an incorporated city and for the purpose of this chapter shall also mean a county which has adopted an urban-county government;

(3) "State" means the commonwealth;

(4) "Transit authority" or "authority" means a transit authority created pursuant to this chapter;

(5) "Board" means the board of a transit authority;

(6) "Public body" means any city or county of the commonwealth;

(7) "Governing body" means, as to a county, the fiscal court thereof; and as to a city, the legislative body thereof, howsoever the same may be denominated according to law;

(8) "Proceedings" means, in the case of a county, a resolution of its fiscal court; and in the case of a city, an ordinance adopted and made effective according to law by its governing body;

(9) "Joint proceedings" relates only to the establishment of a transit authority by two (2) or more public bodies acting in concert or by agreement, and means the proceedings, taken collectively, by the governing bodies of the public bodies, participating in the creation and establishment of a transit authority;

(10) "Appointing authority" means, as to a county, the county judge/executive thereof; and as to any city, the elected chief officer thereof, whether designated as its mayor or the chairman of its board of trustees or otherwise;

(11) "Area" or "transit area" means the geographical area which may be encompassed from time to time within the lawful boundaries of such cities and counties as may be involved in the creation and establishment of an authority; and of any cities or counties within any single unified metropolitan area which may subsequently become participants as provided in this chapter.

(12) "Mass transit," or "mass transportation," means the [local] transportation of persons and their baggage within *or without* a transit area, but shall not include [charter bus operations beyond the authority's transit area,] the for-hire operation of a taxicab, airport limousine, or industrial bus as defined by KRS Chapter 281.

Section 2. KRS 96A.020 is amended to read as follows:

(1) A transit authority may be created and established under the provisions of this chapter by proceedings or joint proceedings, and the name thereof shall be "Transit Authority of ....." If established by a city alone, or by a county alone, the name shall be completed by identification of the city or county. If created and established by joint proceedings, the name may be completed by inserting words generally identifying the area intended to be served, in such manner as the public bodies may determine by concert or agreement in their joint proceedings. Such transit authority shall constitute an agency and instrumentality for accomplishing essential governmental functions of the public body or public bodies creating and establishing the same, and shall be a political subdivision and a public body corporate, with power to contract and be contracted with, to sue and be sued, to establish, alter and enforce rules and regulations in furtherance of the purposes of its creation, to adopt, use and alter a corporate seal, and to have and exercise, generally, all of the powers of private corporations, as enumerated in KRS 271A.020, except to the extent the same may be inconsistent with this chapter. An authority shall be authorized to promote and develop mass transportation in its transit area *and adjoining areas*, including acquisition, operation and extension of existing mass transit systems; and an authority shall have and may exercise such powers as may be necessary or desirable to carry out such purposes. Subject to proof of public convenience and necessity as required by KRS Chapter 281 it may provide service outside its transit area.

(2) Subsequent to the creation and establishment of a transit authority, one or more additional public bodies may be permitted to join therein, in such manner and subject to such conditions as may be prescribed by the board of the authority with the concurrence and approval of all public bodies which have theretofore participated in the establishment or previous enlargement of the authority.

Section 3. KRS 96A.080 is amended to read as follows:

(1) A transit authority may establish mass transportation within its transit area *and adjoining areas*, but may not inaugurate service in direct competition with any existing certificated carrier.

(2) In addition to the power conferred upon an authority by this chapter, an authority may acquire real or personal property, easements, franchises, bus certificates, or other rights by any lawful means necessary to its operation of any existing mass transit system within its transit area *and adjoining areas*, provided that having acquired an existing transit system it shall not thereafter inaugurate service in direct competition with any other existing certificated carrier.

(3) An authority may, if unable to contract or agree with the owner or owners thereof, acquire real and personal property, franchises, bus certificates, easements and other rights when necessary in and to the accomplishments of the public purposes of the authority, through exercise of the power of eminent domain; provided, however, that in acquiring any private bus company pursuant to this section, the authority may not do so piecemeal but shall acquire the entire system including that which may be outside the area then included within the authority. An authority shall not condemn any real and personal property, franchises, bus certificates, easements and other rights of a private bus company the majority of whose passengers move

between termini without the transit area. Any exercise of such power shall be initiated by resolution of the board of the authority identifying the properties or rights to be acquired, reciting the board's determination that acquisition by such means is necessary, and authorizing initiation of proceedings as required by law; and such resolution of the board of the authority shall not be conclusive of such determination but shall be subject to the approval of the fiscal court or courts of the county or counties in which the property sought to be condemned is located.

(4) Proceedings in the exercise of the power of eminent domain herein vested in an authority shall, except where inconsistent with this chapter, be such as are prescribed for the bureau of highways by the Eminent Domain Act of Kentucky, and as the same may be amended and supplemented from time to time. All such proceedings shall be governed by the provisions of the Rules of Civil Procedure except where the provisions of this chapter or of the Eminent Domain Act of Kentucky specifically or by necessary implication provide otherwise. If a privately owned mass transportation system, or other property sought to be acquired by an authority, shall have been acquired or improved in whole or in part at the expense of the authority, the cost and value of such acquisitions and improvements shall be excluded in any proceedings to establish the fair value thereof.

(5) During any period when negotiations for the purchase of a mass transit system are in progress, and/or during any period when proceedings for acquisition of a mass transportation system through exercise of the power of eminent domain may be pending, an authority may make reasonable subsidy payments to the owner or owners of such mass transit system if, in the judgment of the board of the authority, such subsidy payments are necessary in order to give reasonable assurance that there will be no substantial reduction of transportation service to the public. Such subsidy payments may be made by an authority from any resources available to it, or from appropriations made or agreed to be made to it by any public body having an interest in the preservation of mass transit service to the public; and if bonds are ultimately issued for the purchase or other acquisition of such mass transit system, the aggregate amount of such subsidy payments may be included as a part of the cost of acquisition and made payable from the proceeds of such bonds. In no event, however, shall any action on the part of a board of an authority in this connection create an indebtedness of the authority beyond its available resources or such appropriations or the proceeds of such bonds, if and when bonds are issued.

Section 4. KRS 96A.120 is amended to read as follows:

For the purposes of acquiring or otherwise establishing one or more transit systems, or parts thereof, or for the purpose of adding to, extending, *operating* or improving one or more mass transportation systems owned or to be acquired or established, or for any combination of such purposes, an authority may, *in addition to other methods permitted by law,* resort to financing according to any of the following financing methods, or any combination thereof, to the extent not inconsistent, one with another:

(1) Upon determination of its financing needs, an authority, by resolution of its board, may request the public body responsible for its creation and establishment, or any one or more of such public bodies if there be more than one:

(a) To appropriate and pay over to the authority all or any part of the amount determined to be necessary, or

(b) To provide the amount so determined to be necessary, or any part thereof, from the proceeds of general obligation bonds of such public body or public bodies, in which event the governing body or governing bodies of such public body or public bodies may, in its or their discretion, take such action as may be required by the constitution and applicable statutes of the commonwealth to submit to the voters thereof, at one or more elections to be held for such purpose, a proposal or proposals that the issuance of such general obligation bonds be approved and authorized, and if so approved and authorized, such general obligation bonds may be issued and the proceeds thereof may be appropriated to the authority in the manner requested;

(2) An authority may issue revenue bonds in its own name, payable solely from its income and revenues, and not constituting or purporting to constitute an indebtedness of the authority or of any other public body within the meaning of debt-limiting provisions of the constitution and applicable statutes of the commonwealth, in the manner and in accordance with the procedures set forth in KRS 58.010 to 58.170, inclusive, and KRS 61.390, subject to any interest rate limitations which may be applicable thereto as provided by law;

(3) An authority may issue its mortgage bonds, as authorized by KRS 58.170 and may make provision for obtaining revenues for the payment of the principal of and interest thereon, and for the payment of costs of operating and maintenance, and for the accumulation of reserves for renewals, replacements, extensions and improvements, and for debt service reserves, by leasing any mass transportation system owned by the authority, or to be acquired or established by the authority (or, if there be more than one mass transportation system, by leasing the same individually or in any combination) to one or more public bodies, whether or not such public bodies, or any of them, shall have participated in the creation and establishment of the authority. Any such lease shall be a written instrument, executed by the authority as lessor, and by one or more public bodies, as a lessee or lessees, for a period of one (1) year (which may be from the date of the

mortgage bonds, or from the date of acquisition or other establishment of the mass transit system or systems referred to therein), with exclusive options to the lessee or lessees to renew the same thereafter, from year to year, for one (1) year at a time, upon such rentals and other terms and provisions as will provide to the authority, in the event such lease is renewed by the lessee or lessees from time to time in accordance with such options, annual sums sufficient to provide for meeting the purposes of this subsection;

(4) General obligation bonds issued for the benefit of an authority, or revenue bonds or mortgage bonds issued by an authority may, in the discretion of the parties involved in the issuance thereof, be refinanced, whether at maturity or upon prior redemption in accordance with the terms thereof, by the issuance of bonds according to any of the financing plans herein authorized.

Section 5. KRS 96A.170 is amended to read as follows:

[(1)] An authority created and established under this chapter, together with its ownership, financing, operation, rates and charges for use of its services and facilities, rules and regulations, routes, schedules, *size and character of its equipment* and quality of service within its transit area shall be exempt from all jurisdiction of the department of transportation of the commonwealth, provided, however, that no new service may be instituted within or outside of the authority's transit area in competition with an existing certificated bus company without an application to and a grant of authority from the department of transportation as provided by KRS chapter 281, provided further that nothing in this section shall deny the department of transportation the authority to render such advice and assistance, including financial aid, engineering, planning and technical assistance, as it deems advisable, to enable an authority as created under this chapter to acquire, construct, expand, maintain, and operate a mass transit system as defined in this chapter and to establish regulations to promote local transit authorities.

[(2) No transit authority may engage in any charter bus service beyond the territorial limits of its transit area except a transit authority located in an urban-county government which may engage in intrastate charter bus service within twenty-five miles from the boundaries of the urban-county government.]

Section 6. KRS 96A.180 is amended to read as follows:

An authority *may* [shall] provide for insurance of its properties, and for workmen's compensation, and for public liability or any other risk or hazard arising from its activities, and may provide for the insuring of its officers or employes against any such risk or hazard, and the expense of obtaining such insurance, and of paying the premiums therefor from time to time, shall be borne by the authority and chargeable as an operating expense of the authority. [In the event it shall prove to be impossible to obtain any such insurance coverage from reliable and reputable insurance carriers at reasonable rates,] The board of an authority may provide for self insurance and may establish for that purpose such reserves as *it deems prudent* [may be within its ability to pay].

Section 7. KRS 138.662 is amended to read as follows:

(1) City and suburban bus companies [and taxicab companies] operating under a certificate of convenience and necessity issued pursuant to KRS Chapter 281 *and all transit authority vehicles shall be exempted from the KRS Chapter 138 taxes paid on motor fuels. Taxicab companies operating under a certificate of convenience and necessity issued pursuant to KRS Chapter 281* shall be entitled to a refund of seven-ninths of the amount of KRS Chapter 138 taxes paid on motor fuels used [in their regularly scheduled operations] in Kentucky.

(2) No person shall be entitled to a refund *or exemption* hereunder unless he shall have first filed with the department of revenue a bond issued by a surety company authorized to do business in Kentucky in an amount of not less than one thousand dollars ($1,000) nor more than five thousand dollars ($5,000) to be determined by the department of revenue, conditioned upon faithful compliance with this section and upon the payment to the Commonwealth of any refunds *or exemptions* to which he was not entitled.

(3) Applications for refund *or exemptions shall be administered by the department of revenue* [shall on or before the last day of each month following the quarter, September 30, December 31, March 31, and June 30, be made to the department of revenue on forms and in the manner prescribed by it for the refund of tax paid on motor fuel used by buses or taxicabs during the quarter; except that a taxicab company may file an application within ninety (90) days after the close of the fiscal year in which the purchases were made. Each application for a refund shall show the number of gallons of motor fuel purchased during the quarter for use in buses or taxicabs; the date and quantity of each purchase; the vendor from whom such fuel was purchased; the number of gallons on which refund is claimed; and such other information as the department of revenue may require. The application shall be made under oath. Invoices shall be attached to applications from taxicab companies].

(4) The department may require any gasoline dealer or any dealer's authorized agent to identify gasoline sold by him for taxicab use by adding thereto any chemical or substance, which shall be furnished by the department and used in the manner as prescribed by the department. The department also may require that the dealer keep a complete record of all such gasoline sold by him, which records shall give the date of each such sale, the number of gallons sold, the name of the person to whom sold, and the sale price.

(5) The department of revenue shall audit the application and make such other investigation as it deems necessary to determine whether it constitutes a proper claim. When the department of revenue is satisfied that a refund is proper it shall authorize seven-ninths of the amount of the tax paid to be refunded as other refunds are made and the amount refunded shall be deducted from current motor fuel tax receipts.

(6) When the department of revenue finds that an application for a refund *or exemption* contains a false or fraudulent statement or that a refund *or exemption* has been fraudulently obtained, the department of revenue shall refuse to grant any refunds *or refuse to allow an exemption* to the person making such false or fraudulent statement or fraudulently obtaining a refund *or exemption* for a period of two (2) years from the date of such findings.

(7) The department of revenue may prescribe, adopt and enforce regulations relating to the administration and enforcement thereof.

(8) The refund provided herein shall be effective on motor fuel purchased July 1, 1978 and thereafter. *The exemption provided herein shall be effective on motor fuel purchased July 1, 1980 and thereafter.*

Section 8. KRS 189.265 is amended to read as follows:

(1) "Motor bus" shall mean any motor vehicle designed primarily for the transportation of passengers and having a seating capacity in excess of nine (9) passengers including the driver*, provided, however, that transit authorities created pursuant to KRS Chapter 96A are exempt from the provisions of this section.*

(2) No person shall operate on any highway, except such highways as may be designated by the commissioner of highways pursuant to subsection (3) of this section, any motor bus which exceeds, including any part of the body or load eleven (11) feet six (6) inches in height, forty (40) feet in length, twenty (20) tons in gross weight, or ninety-six (96) inches in width, exclusive of any required safety equipment.

(3) The commissioner of highways, in respect to highways which are a part of the state-maintained system, by official order may increase the maximum height of a motor bus to twelve (12) feet six (6) inches and the maximum width of a motor bus to 102 inches, exclusive of any required safety equipment and tire bulge due to loads, if in the opinion of the commissioner the increased height and width designated by him is justified by the width of such highways, provided, however, that any such increase in the width of motor buses or designation of highways to be used by them shall not, in any way, exceed the federal law or regulations thereunder or jeopardize the allotment or qualification for federal aid funds of the Commonwealth of Kentucky.

SECTION 9. A NEW SECTION OF KRS CHAPTER 96A IS CREATED TO READ AS FOLLOWS:

(1) The Kentucky department of transportation shall participate in the federal capital grant program administered under the urban mass transportation administration, as provided in this section.

(2) Any local government unit or transit authority may apply to the Kentucky department of transportation for matching funding in order to participate in the federal capital grant administered by the urban mass transportation administration. This application shall provide such background information and statistics concerning the project as the department shall deem necessary.

(3) The Kentucky department of transportation shall furnish half of the local government's share of the funding for each project.

SECTION 10. A NEW SECTION OF KRS CHAPTER 96A IS CREATED TO READ AS FOLLOWS:

Section 12. (1) To carry out the purposes of Section 9 of this Act, there is appropriated to the department of transportation out of the general fund the sum of five hundred thousand dollars ($500,000) for each of the fiscal years 1980-81 and 1981-82.

(2) To carry out the purposes of Section 10 of this Act, there is appropriated to the department of transportation out of the general fund the sum of six hundred thousand dollars ($600,000) for each of the fiscal years 1980-81 and 1981-82.

(3) To carry out the purpose of Section 11 of this Act, there are appropriated to the department of transportation from the general fund the following sums:

Section 2. KRS 96A.020 is amended to read as follows:

(1) A transit authority may be created and established under the provisions of this chapter by proceedings or joint proceedings, and the name thereof shall be "Transit Authority of ....." If established by a city alone, or by a county alone, the name shall be completed by identification of the city or county. If created and established by joint proceedings, the name may be completed by inserting words generally identifying the area intended to be served, in such manner as the public bodies may determine by concert or agreement in their joint proceedings. Such transit authority shall constitute an agency and instrumentality for accomplishing essential governmental functions of the public body or public bodies creating and establishing the same, and shall be a political subdivision and a public body corporate, with power to contract and be contracted with, to sue and be sued, to establish, alter and enforce rules and regulations in furtherance of the purposes of its creation, to adopt, use and alter a corporate seal, and to have and exercise, generally, all of the powers of private corporations, as enumerated in KRS 271A.020, except to the extent the same may be inconsistent with this chapter. An authority shall be authorized to promote and develop mass transportation in its transit area *and adjoining areas*, including acquisition, operation and extension of existing mass transit systems; and an authority shall have and may exercise such powers as may be necessary or desirable to carry out such purposes. Subject to proof of public convenience and necessity as required by KRS Chapter 281 it may provide service outside its transit area.

(2) Subsequent to the creation and establishment of a transit authority, one or more additional public bodies may be permitted to join therein, in such manner and subject to such conditions as may be prescribed by the board of the authority with the concurrence and approval of all public bodies which have theretofore participated in the establishment or previous enlargement of the authority.

Section 3. KRS 96A.080 is amended to read as follows:

(1) A transit authority may establish mass transportation within its transit area *and adjoining areas*, but may not inaugurate service in direct competition with any existing certificated carrier.

(2) In addition to the power conferred upon an authority by this chapter, an authority may acquire real or personal property, easements, franchises, bus certificates, or other rights by any lawful means necessary to its operation of any existing mass transit system within its transit area *and adjoining areas*, provided that having acquired an existing transit system it shall not thereafter inaugurate service in direct competition with any other existing certificated carrier.

(3) An authority may, if unable to contract or agree with the owner or owners thereof, acquire real and personal property, franchises, bus certificates, easements and other rights when necessary in and to the accomplishments of the public purposes of the authority, through exercise of the power of eminent domain; provided, however, that in acquiring any private bus company pursuant to this section, the authority may not do so piecemeal but shall acquire the entire system including that which may be outside the area then included within the authority. An authority shall not condemn any real and personal property, franchises, bus certificates, easements and other rights of a private bus company the majority of whose passengers move between termini without the transit area. Any exercise of such power shall be initiated by resolution of the board of the authority identifying the properties or rights to be acquired, reciting the board's determination that acquisition by such means is necessary, and authorizing initiation of proceedings as required by law; and such resolution of the board of the authority shall not be conclusive of such determination but shall be subject to the approval of the fiscal court or courts of the county or counties in which the property sought to be condemned is located.

(4) Proceedings in the exercise of the power of eminent domain herein vested in an authority shall, except where inconsistent with this chapter, be such as are prescribed for the bureau of highways by the Eminent Domain Act of Kentucky, and as the same may be amended and supplemented from time to time. All such proceedings shall be governed by the provisions of the Rules of Civil Procedure except where the provisions of this chapter or of the Eminent Domain Act of Kentucky specifically or by necessary implication provide otherwise. If a privately owned mass transportation system, or other property sought to be acquired by an authority, shall have been acquired or improved in whole or in part at the expense of the authority, the cost and value of such acquisitions and improvements shall be excluded in any proceedings to establish the fair value thereof.

(5) During any period when negotiations for the purchase of a mass transit system are in progress, and/or during any period when proceedings for acquisition of a mass transportation system through exercise of the power of eminent domain may be pending, an authority may make reasonable subsidy payments to the owner or owners of such mass transit system if, in the judgment of the board of the authority, such subsidy payments are necessary in order to give reasonable assurance that there will be no substantial reduction of transportation service to the public. Such subsidy payments may be made by an authority from any resources available to it, or from appropriations made or agreed to be made to it by any public body having an interest in the preservation of mass transit service to the public; and if bonds are ultimately issued for the purchase or other acquisition of such mass transit system, the aggregate amount of such subsidy payments may be included as a part of the cost of acquisition and made payable from the proceeds of such bonds. In no event, however, shall any action on the part of a board of an authority in this connection create an indebtedness of the authority beyond its available resources or such appropriations or the proceeds of such bonds, if and when bonds are issued.

Section 4. KRS 96A.120 is amended to read as follows:

For the purposes of acquiring or otherwise establishing one or more transit systems, or parts thereof, or for the purpose of adding to, extending, *operating* or improving one or more mass transportation systems owned or to be acquired or established, or for any combination of such purposes, an authority may, *in addition to other methods permitted by law,* resort to financing according to any of the following financing methods, or any combination thereof, to the extent not inconsistent, one with another:

(1) Upon determination of its financing needs, an authority, by resolution of its board, may request the public body responsible for its creation and establishment, or any one or more of such public bodies if there be more than one:

(a) To appropriate and pay over to the authority all or any part of the amount determined to be necessary, or

(b) To provide the amount so determined to be necessary, or any part thereof, from the proceeds of general obligation bonds of such public body or public bodies, in which event the governing body or governing bodies of such public body or public bodies may, in its or their discretion, take such action as may be required by the constitution and applicable statutes of the commonwealth to submit to the voters thereof, at one or more elections to be held for such purpose, a proposal or proposals that the issuance of such general obligation bonds be approved and authorized, and if so approved and authorized, such general obligation bonds may be issued and the proceeds thereof may be appropriated to the authority in the manner requested;

(2) An authority may issue revenue bonds in its own name, payable solely from its income and revenues, and not constituting or purporting to constitute an indebtedness of the authority or of any other public body within the meaning of debt-limiting provisions of the constitution and applicable statutes of the commonwealth, in the manner and in accordance with the procedures set forth in KRS 58.010 to 58.170, inclusive, and KRS 61.390, subject to any interest rate limitations which may be applicable thereto as provided by law;

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 89.060 is amended to read as follows:

(1) In cities of the fourth class no person shall be elected to the office of mayor or commissioner without first having been nominated in the manner prescribed by this section except when vacancies occur as hereinafter provided. On the first Tuesday *in August* [after the fourth Monday in May] there shall be held a primary election. The primary election shall be conducted by the same officers chosen and acting in the same manner, with the same rights and duties, as in the regular election.

(2) Each applicant for nomination shall, at least fifty-five days before the day of the primary election, file with the county clerk a petition signed by at least twenty voters, in the following form:

"We the undersigned, qualified voters of the city of .... and residing each at the place indicated opposite his name, do hereby request that the name of .... be placed on the voting machine and special ballot as that of an applicant for nomination for the office of .... at the primary election to be held in our city on the first Tuesday *in August* [after the fourth Monday in May]. We know the applicant to be a qualified voter of the city and a person of good character; and he is, in our judgment, qualified for the duties of the office sought by him.

Name	Number	Street
....	....	....
....	....	....
....	....	........................"

No voter shall sign more than one petition with reference to each office that is to be filled. If a person signs more than one petition of applicants for nomination for mayor or signs the petitions of more than four applicants for nomination for commissioners, the name of that petitioner shall not be counted as a valid name on any petition.

(3) Immediately upon the expiration of the time for filing the petitions, the county clerk shall have published pursuant to KRS chapter 424, the names of the persons as they will appear upon the primary ballot labels and special ballots, and shall thereupon cause the primary ballot labels and special ballots to be printed.

(4) Subsection (3) of this section shall not apply if it appears, immediately upon the expiration of the time for filing petitions, that there are only two applicants for nomination for mayor and only eight or less for commissioners. In that case such applicants shall thereupon be nominated and no primary election shall be held for nomination for those offices, but the county clerk shall have their names placed on the voting machine and special ballot for the general election.

(5) The names of the applicants for each nomination shall be placed on the voting machine and special ballots for the primary election by lot. Above the names of the applicants for nomination for mayor shall be printed the words "Vote for one," and above the names of the applicants for nomination for commissioners shall be printed the words "Vote for four." No party designation or emblem of any kind, nor any sign indicating any applicant's political belief or party affiliation shall be used.

(6) The persons who are qualified to vote at the regular municipal election shall be qualified to vote at the primary election, and the law applicable to challenges made at a regular municipal election shall be applicable to challenges made at the primary election.

(7) The two applicants receiving the highest number of votes for nomination for mayor shall be thereby nominated. The eight applicants receiving the highest number of votes for nomination for commissioners shall be thereby nominated.

(8) The expenses of the primary election shall be paid by the city, when only city offices are on the ballot. When the ballot includes offices other than city offices, the city shall bear its proportionate share of the cost of the election.

(9) If a vacancy occurs in the nomination of an unopposed candidate such vacancy shall be filled by placing the name of the office on the ballot to be voted on by "write-in" votes. When a vacancy occurs in the nomination of an unopposed candidate and such vacancy does not create a less number of nominees than there are offices to be filled, such vacancy shall not be filled.

(10) If a vacancy occurs after the nominating primary the vacancy shall be filled by certifying the person who received the next highest vote count in the primary as nominated.

(11) If a vacancy occurs during the term of an elected city officer but beyond the filing deadline for the regular city primary but before the expiration of the three months interval required by section 152 of the Constitution such vacancy shall be filled by the filing of nonpartisan petition in the form provided for in subsection (2). The petition shall be filed fifty-five (55) days prior to the general election. The candidates nominated by petition shall be listed on the ballot under the office in which the vacancy has occurred.

Section 2. KRS 89.440 is amended to read as follows:

(1) No person shall be elected to the office of mayor or commissioner without first being nominated in the manner prescribed by this section except when vacancies occur as hereinafter provided. On the first Tuesday *in August* [after the fourth Monday in May] there shall be held a primary election. The primary election shall be conducted by the same officers chosen and acting in the same manner, with the same rights and duties, as in the regular election.

(2) Each applicant for nomination shall, at least fifty-five days before the day of the primary election, file with the county clerk a petition signed by at least one hundred (100) voters, in a city of the first or second class, or by at least fifty (50) voters in a city of the third or fourth class, in the following form:

"We the undersigned, qualified voters of the city of .... and residing each at the place indicated opposite his name, do hereby request that the name of .... be placed on the voting machine and special ballot as that of an applicant for nomination for the office of .... at the primary election to be held in our city on the first Tuesday *in August* [after the fourth Monday in May]. We know the applicant to be a qualified voter of the city and a person of good character, and he is, in our judgment, qualified for the duties of the office.

Name	**Number**	**Street**
....	....	....
....	....	....
....	....	........................"

No voters shall sign more than one (1) petition with reference to each office that is to be filled. If any voter signs more than one (1) petition of applicants for nomination for mayor or signs the petitions of more applicants for nomination for commissioners than the number of commissioners to be elected, the name of that petitioner shall not be counted as a valid name on any petition.

(3) Immediately upon the expiration of the time for filing petitions the county clerk shall have published as provided in KRS chapter 424, the names of the persons as they will appear upon the primary ballot labels and special ballots, and shall thereupon cause the primary ballot labels and special ballots to be printed.

(4) Subsection (3) of this section shall not apply if it appears, immediately upon the expiration of the time for filing petitions, that there are not more than two (2) applicants for nomination as mayor or

not more applicants for nomination for commissioner than twice the number of commissioners to be elected. In that case the applicants for mayor and the applicants for commissioner shall thereby be nominated, and no primary election shall be held for nomination for those offices.

(5) The names of the applicants for each nomination shall be placed on the voting machine as provided in KRS 89.460. (11) If a vacancy occurs after the nominating primary the vacancy shall be filled by certifying the person who received the next highest vote count in the primary as nominated.

(12) If a vacancy occurs during the term of an elected city officer but beyond the filing deadline for the regular city primary but before the expiration of the three month interval required by section 152 of the Constitution such vacancy shall be filled by the filing of nonpartisan petition in the form provided for in subsection (2). Where there are no interest rate limitations established under the applicable federal law or regulations, savings and loan associations shall be subject to the same interest rate limitations on loans as any bank, trust company, or combined bank and trust company under the provisions of KRS 287.214. A savings and loan association is authorized to charge and receive interest in advance, with service charges, delinquency charges, and rebate computations being identical to those authorized for a bank, trust company or combined bank and trust company under KRS 287.215.* [(a) Savings and loan associations may make property improvement loans and loans to finance the purchase of mobile homes not secured by a first lien on real estate, at variable rates of interest, but not in excess of those rates provided by Title I of the Federal Housing Act of 1934, as amended, for insured loans; or not in excess of those rates permitted for property improvement loans under the Servicemen's Readjustment Act of 1944, as amended, for guaranteed loans; or in the case of loans not so insured or not so guaranteed, the rates may not exceed $6.00 per $100.00 per annum and such charges may be made in advance; provided that such property improvement loans shall be repayable in substantially equal installments over a period not exceeding the period of time provided by Title I of the Federal Housing Act of 1934, as amended, and the Servicemen's Readjustment Act of 1944, as amended.

(c) Delinquency charges may be made not to exceed five cents for each dollar of each installment more than ten days in arrears, and only one delinquency charge shall be made on any one installment. No delinquency charge shall exceed five dollars on any one installment. In addition to such delinquency charges, attorney's fees not exceeding fifteen percent of the unpaid balance shall be taxed as costs and court costs may be collected, provided that the note is referred to an attorney not a salaried employe of the holder for collection.

(d) The association shall permit the borrower to repay his loan in whole or in part at any time. If a lesser charge has been taken, the rebate shall be at not less than a proportional rate. a statement of the total charge for the loan; the amount and the date of each installment; the date of final maturity; an agreement that the borrower may repay the loan in whole or in part at any time, and that if the loan is paid in full before maturity, the borrower will receive a refund of the unearned portion of the charge as required by this subsection. At the time the loan is made, the association shall give the borrower either a copy of the note, or a statement of the transaction containing the provisions and information required to be contained in the note. The association shall deliver a receipt for each payment.

(h) In advertising for loans subject to this subsection, every advertisement shall conform to the following requirement: Any statement of the amount of the loan shall be the original principal amount showing in detail any charge made under this subsection.

(i) KRS 288.420, 288.620 and 360.010 shall not apply to loans made under authority of this subsection, but said sections shall remain in full force and effect for all other purposes. WHEREAS, the intent of the General Assembly in establishing the Kentucky school building authority is clearly stated in KRS 157.800; and

HB 48, AN ACT relating to education.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 164.020 is amended to read as follows:

The council on higher education in Kentucky shall:

(1) Engage in analyses and research to determine the overall needs of higher education in the Commonwealth.

(2) Develop and transmit to the governor comprehensive plans for public higher education which meet the needs of the Commonwealth. The plans so developed shall conform to the respective functions and duties of the state colleges and universities, the community colleges, and the University of Kentucky as provided by statute. The council shall for all purposes of federal legislation relating to planning be considered the "single state agency" as that term may be used in such federal legislation; provided, however, that when such federal legislation requires additional representation on any such "single state agency" the council on higher education shall establish such advisory groups as may be necessary to satisfy such federal legislative or regulatory guidelines.

(3) Determine the amount of entrance and/or registration fees and approve the qualifications for admission to the public institutions of higher education. In determining the entrance and/or registration fees for non-Kentucky residents, the council shall consider the fees required of Kentucky students by institutions in adjoining states, the resident fees charged by other states, the total actual per student cost of training in the institutions for which the fees are being determined, and the ratios of Kentucky students to non-Kentucky students comprising the enrollments of the respective institutions, and such other factors as the council may in its sole discretion deem pertinent.

(4) Consider the requirements and review the budget requests, which shall be prepared in the manner and submitted by the institutions to the council by dates prescribed by the council, of the institutions of public higher education as to their appropriate level of support considering the functions of the institutions and their respective needs. The individual institutions' budget requests, including tuition and registration fee schedules for all categories of students, along with council recommendations shall be submitted to the governor through the executive department for finance and administration not later than November 15 of each odd numbered year.

(5) Review and approve all capital construction projects the cost of which exceeds one hundred thousand dollars ($100,000) approved by the governing boards of the state-supported institutions of higher education prior to the institutions' submission of such projects to the executive department for finance and administration and/or state property and buildings commission.

(6) Require reports from the executive officer of each institution it deems necessary for the effectual performance of its duties.

(7) Publish annually a report of the educational and financial affairs of the institutions and disseminate other information relating to higher education.

(8) Define and approve the offering of all higher education associate, baccalaureate, graduate, and professional degree or certificate programs in the state-supported higher education institutions; review proposals and make recommendations to the governor regarding the establishment of new state-supported community colleges and new four-year colleges. Provided, nothing in KRS 164.010, 164.020, 164.125, and 164.290 to 164.295 shall be construed to grant the council on higher education authority to disestablish or eliminate any college of law which became a part of the state system of higher education through merger with a state college.

(9) Approve the teacher education programs in the public institutions.

(10) Elect a chairman annually from the voting membership and appoint an executive director and such staff as may be needed and fix their compensation without limitation of the provisions of KRS chapter 18 and KRS 64.640 subject to the approval of the commissioner of personnel and the secretary of the executive department for finance and administration.

(11) Constitute the representative agency of the Commonwealth in all matters of higher education of a general and statewide nature which are not otherwise delegated to one or more institutions of higher learning. Such responsibility may be exercised through appropriate contractual relationships with individuals or agencies located within or without the Commonwealth. The authority includes but is not limited to contractual arrangements for programs of research, specialized training, and cultural enrichment.

(12) Develop procedures for the approval of a designated receiver to provide for the maintenance of student records of the public institutions of higher education and the colleges as defined in KRS 164.945, and proprietary institutions as defined in KRS 165A.310 which cease to operate after the effective date of this Act. Procedures shall include assurances that, upon proper request, copies of student records shall be

(3) The court shall inform the person or organization providing the training or aid that the holder of the occupational operator's license is required to receive training. In the event the holder of said license does not complete or fails to attend the training program, the person or organization shall immediately inform the department, at which time said occupational operator's license shall be revoked.

SECTION 2. A NEW SECTION OF KRS CHAPTER 186 IS CREATED TO READ AS FOLLOWS:

Any holder of an occupational operator's license who violates the restrictions or conditions of his license or is convicted of an offense which would cause suspension or revocation of a regular operator's license or convicted of an offense which would result in the assessment of three (3) or more points against his driving record shall immediately have his occupational operator's license revoked and shall be fined not less than five hundred dollars ($500) or imprisoned in the county jail for not more than six (6) months or both.

The Committee Amendment No. 1 to **HB 459** is as follows:

Amend printed copy of **HB 459,** on page 1, line 8, after the word "license", by deleting the period and adding a comma and the words "*except to those persons convicted of driving while intoxicated as provided by KRS 186.560 (1)(b) and KRS 189.520.*", in lieu thereof.

(f) Conviction of driving a motor vehicle involved in an accident and failing to stop and disclose his identity at the scene of the accident.

(g) Conviction of theft of a motor vehicle or any of its parts, including the conviction of any person under the age of eighteen (18) years.

(2) If the person convicted of any offense named in subsection (1) is not the holder of a license, the department shall deny the person so convicted a license for the same period of time as though he had possessed a license which had been revoked. If through an inadvertence the defendant should be issued a license, the department shall forthwith cancel it.

(3) The department upon receiving a record of the conviction of any person upon a charge of operating a motor vehicle while the license of that person is denied or suspended, or revoked, or while his privilege to operate a motor vehicle is withdrawn, shall immediately extend the period of the first denial, suspension, revocation or withdrawal for an additional like period.

(4) The revocation or denial of a license or the withdrawal of the privilege of operating a motor vehicle under this section shall be for a period of six (6) months, except that, if the same person has had one (1) previous conviction of any offense enumerated in subsection (1) of this section, regardless of whether the person's license was revoked because of the previous conviction, the period of the revocation, denial or withdrawal shall be one (1) year; if the person has had more than one (1) previous conviction of the offenses considered collectively as enumerated in subsection (1) of this section, regardless of whether the person's license was revoked for any previous conviction, the period of revocation, denial or withdrawal shall be for not less than two (2) years. Provided, however, the department [may], upon receipt of the written recommendation of the court in which any person has been convicted of violating KRS 189.520 (2), who has had no previous conviction of said offense, that said person's operator's license *shall* not be revoked, restrict said person's operator's license according to such terms and conditions as the secretary in his discretion may require, provided said person has enrolled in such driver's education program as the department *shall* [may] require. In the event said person fails to satisfactorily complete said driver's education program or violates the restrictions on his operator's license, the department shall forthwith revoke said operator's license for a period of six (6) months.

Section 2. KRS 186.565 is amended to read as follows:

(1) Any person who operates a motor vehicle in this state is deemed to have given his consent to a chemical test of his blood, breath, urine or saliva for the purpose of determining the alcoholic content of his blood, if arrested for any offense arising out of acts alleged to have been committed while the person was driving or in actual physical control of a motor vehicle in this state while under the influence of intoxicating beverages. The test shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle in this state while under the influence of intoxicating beverages. The law enforcement agency by which the officer is employed shall designate which of the aforesaid tests shall be administered, and provide necessary equipment. The state shall provide one breathalizer and simulating unit for each county, paid for by state funds.

(2) Any person who is dead, unconscious or who is otherwise in a condition rendering him incapable of refusal is deemed not to have withdrawn the consent provided in subsection (1) of this section and the test may be given.

(3) If a person under arrest refuses upon the request of a law enforcement officer to submit to a chemical test designated by the law enforcement agency as provided in subsection (1) of this section, the requesting officer shall warn the person of the effect of his refusal to submit to the test. If the person again refuses, none shall be given, but the department of transportation, upon the receipt of a sworn report of the law enforcement officer that he had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle in this state while under the influence of intoxicating beverages, that the person refused to submit to the test upon the request of the law enforcement officer, and that the person again refused to submit to the test after the law enforcement officer warned him of the effect of his refusal, the department shall immediately serve notice upon said person in writing by mailing the notice to the person by certified or registered mail to the last known residence address of the person or if the address is unknown, to the last known business address of the person to appear before the secretary or his duly authorized agent and show cause why his license to operate a motor vehicle, or if said person is a nonresident his privilege to operate a motor vehicle within this state should not be revoked; or if the person is a resident without a license or permit to operate a motor vehicle in this state why that person should not be denied the issuance of a license or permit. The hearing shall be scheduled as early as practical but not sooner than ten (10) days after the issuance of the notice and at a time and place designated by the secretary.

(4) For the purpose of the hearing, held in accordance with the order to show cause, the secretary may appoint an examiner who shall have the power to preside at the hearing. Upon the hearing the secretary or his duly authorized agent may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relevant books and papers and may require a re-examination of the licensee. The scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe

the person had been driving or was in actual physical control of a motor vehicle in this state while under the influence of intoxicating beverages, whether the person was placed under arrest, and whether he refused to submit to the test upon request of the officer. All testimony at the hearing shall be recorded. The secretary's ruling shall include a statement of the findings of fact, rulings of law and other matters pertinent to the question at issue. The secretary within ten days after the completion of the hearing shall order either: that the person's license to operate a motor vehicle, or, if the person is a nonresident, his privilege to operate a motor vehicle within this state be revoked for a period of not more than six months or if the person is a resident without such license that there should be a denial of issuance of a license for a period of not more than six months; or that no action be taken regarding said person's privilege to operate a motor vehicle. The secretary shall immediately notify the person of his ruling in writing by certified or registered mail. If the person shall fail to attend the show cause hearing without good cause shown the secretary shall forthwith revoke the person's license or privilege to operate a motor vehicle or deny issuance of a permit or operator's license.

(5) If the revocation or determination that there should be a denial of issuance is sustained after the hearing, the person whose license or permit to drive or nonresident operating privilege has been revoked, or to whom a license or permit is denied, under the provisions of this section, may file a petition in the circuit court of the county in which the person resides or in the circuit court of the county in which the alleged offense was committed or in Franklin Circuit Court to review the final order of revocation or denial by the secretary within twenty (20) days after the final order has been issued. The perfected appeal suspends the order of revocation pending a final determination of the review. If the final judgment of the court finds against the person appealing, the period of revocation is determined by taking into account the period of time during which the revocation was effective before the appeal was perfected. The department of transportation shall file with its answer a copy of the secretary's ruling and a transcript of evidence. The court's review is limited to whether the secretary's ruling is supported by substantial evidence and whether his action is arbitrary or capricious. An appeal to the Court of Appeals suspends the order of revocation pending a final determination of the review. If the final judgment of the court finds against the person appealing, the period of revocation is determined by taking into account the period of time during which the revocation was effective before the appeal was perfected.

(6) When it has been finally determined that a nonresident's privilege to operate a motor vehicle in this state has been revoked, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he has a license. The provisions of this section shall not apply to a person who refuses to submit to a chemical test of his blood, breath, urine or saliva if that person has enrolled in a driver's education program under the terms and conditions of KRS 186.560(4) and rules and regulations adopted thereunder.

(7) Any person who has had no previous conviction for violation of KRS 189.520 and who has refused to submit to a chemical test of his blood, breath, urine, or saliva may apply to a district court of competent jurisdiction for permission to enter a driver's education program as provided pursuant to KRS 186.560. If he is permitted by the court to enter the program he shall be subject to the same terms and conditions as any other person entering the program. The department shall suspend the license for six (6) months of any person participating in such program if he fails to satisfactorily complete such driver's education program.

The Committee on Energy reported **HB 114** with Committee Amendment attached thereto, **HB 430,** and **HB 544** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

The board may reject all bids and readvertise. *Notwithstanding any law to the contrary, bonds may be issued bearing interest at such rate or rates and may be sold at a price equal to, less than or greater than the aggregate principal amount of such bonds, as is satisfactory to and acceptable by the board. "Highest responsible bidder" as used in this section means the responsible bidder whose bid generates the lowest net interest costs for the issue* [No revenue bonds shall be sold for less than par, plus accrued interest, and no bonds shall bear interest at a rate in excess of six per cent (6%) per annum, interest payable semiannually].

(4) After revenue bonds have been offered for sale by the board, as in this section provided, if no bid satisfactory or acceptable to the board is received, the board may sell, issue and deliver said bonds to any federal governmental agency *or other responsible purchaser at private sale* upon such terms, not in conflict with the provisions of KRS 96.550 to 96.900, as may be agreed upon between the board and such federal governmental agency *or other responsible purchaser at private sale*; but the *net interest cost paid thereon*

[price paid therefor] shall not be *greater* [less] than *that* [the bid price] received from the highest responsible bidder.

(5) Notwithstanding any law to the contrary, bonds of an issue, or bonds of two or more issues consolidated for the purposes of sale, which equal or exceed ten million dollars ($10,000,000) in the aggregate principal amount may be sold at public sale in compliance with KRS 424.360 or at private sale without compliance with KRS 424.360, and bonds for the purpose of raising funds for the completion of any project for which a previous bond issue, or issues consolidated for the purposes of sale, equaled or exceeded ten million dollars ($10,000,000) in the aggregate principal amount may likewise be sold at such public sale in compliance with KRS 424.360 or such private sale without compliance with KRS 424.360.

HB 544, AN ACT relating to public utilities.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 278.190 is amended to read as follows:

(1) Whenever any utility files with the appropriate commission any schedule stating new rates, the commission may, upon its own motion, or upon complaint as provided in KRS 278.260, and upon reasonable notice, enter upon a hearing concerning the reasonableness of the new rates.

(2) Pending such hearing and the decision thereon, and after notice to the utility, the commission may, at any time before said schedule becomes effective, suspend the operation of said schedule and defer the use of such rate, charge, classification or service, but not for a longer period than five (5) months beyond the time when it would otherwise go into effect; and after such hearing, either completed before or after the rate, charge, classification or service goes into effect, the commission may make such orders with reference thereto as it deems proper in the matter. If the proceeding has not been concluded and an order made at the expiration of such five (5) months the utility may place the proposed change of rate, charge, classification or service in effect at the end of such period after notifying the commission, in writing, of its intention so to do. Where increased rates or charges are thus made effective, the commission may, by order, require the interested utility or utilities to maintain their records in such manner as will enable them, or the commission, or any of its customers, to determine the amounts to be refunded and to whom due in the event a refund is ordered, and upon completion of the hearing and decision may, by further order, require such utility or utilities to refund to the persons in whose behalf such amounts were paid such portion of such increased rates or charges as by its decision shall be found unreasonable. Provided, however, if the commission, at any time, during said five (5) months' suspension period, finds that an emergency exists or that the company's credit or operations will be materially impaired or damaged by the failure to permit said rates to become effective during said five (5) months' period, said commission may, after any hearing or hearings, permit all or a portion of said rates to become effective under such terms and conditions as the commission may, by order, prescribe.

(3) At any hearing involving the rate or charge sought to be increased, the burden of proof to show that the increased rate or charge is just and reasonable shall be upon the utility and the commission shall give to the hearing and decision of such questions preference over other questions pending before it and decide the same as speedily as possible, and in any event not later than ten (10) months after the filing of such schedules.

(4) *At or prior to the hearing at which proof as set forth in subsection (3) of this section is offered, a telephone utility shall file in written form:*

(a) The expected level of demand for its services;

(b) The construction expenditures and the operating cost required to provide those services; and

(c) The level of revenue to be generated under both existing and proposed rates, as of the end of a twelve (12) month period ending immediately prior to the furthest date to which the proposed rates may be suspended.

Among other things, in rendering its decision, the commission shall make specific findings as to the adequacy of the approved rates in covering the utilities' costs during the period required to be filed by this subsection.

(5) In the event the commission, by order, directs any utility to make a refund, as hereinabove provided, of all or any portion of such increased rates or charges, the utility shall make the same within sixty (60) days after a final determination of the proceeding by an order of the court or commission with or without interest in the discretion of the commission. If the utility fails to make such refund within sixty (60) days after such final determination, any party entitled to such refund may, after ten (10) days' written demand, bring an action therefor in any court of competent jurisdiction of this state, and may recover, in addition to the amount of the refund due, legal interest, court costs and reasonable attorney's fees. No such action

may be maintained unless instituted within one (1) year after such final determination. Any number of persons entitled to such refunds may join in as plaintiffs in a single action and the court shall render a judgment severally for each plaintiff as his interest may appear.

HJR 65, A JOINT RESOLUTION directing the department of education to study the salary schedule of employes in vocational education.

WHEREAS, many vacancies have and do exist for vocational education teaching positions in Kentucky's area vocational education centers and state vocational-technical schools; and

WHEREAS, vocational education must compete with business and industry's higher salaries and benefits to recruit highly skilled personnel; and

WHEREAS, the state employes' pay schedule has not always adequately recognized work experience, teaching experience, and educational level beyond the minimum qualifications; and

WHEREAS, certain classified positions are among the lowest paid positions in the educational field; and

WHEREAS, this inability to be competitive with either local school districts and/or business and industry salaries has made recruitment of competent personnel, both certified and classified, more difficult and has resulted in long-term vacancies in critical positions;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. The Kentucky Department of Education shall conduct a study of the salary schedule of state employes in education, including both certified and classified.

Section 2. The study shall include a comparison of the salaries paid to state employes in education and salaries paid to comparable employes in the private sector and in the public school system. The study shall also include an analysis of the percent of salary increase for the previous five year period for classified employes as compared to the percent increase for certified employes.

Section 3. The study shall include a proposed salary structure, developed jointly by the Kentucky department of education and the Kentucky department of personnel, that will provide a salary schedule for certified and classified state education personnel equal to at least the hourly rate of pay received by public school employes with comparable qualifications and experience.

Section 4. The study shall include a proposed plan for implementing the salary schedule.

Section 5. The study shall be completed and reported to the Legislative Research Commission and the Interim Joint Committee on Education no later than August 1, 1981.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS 45A.345 TO 45A.460 IS CREATED TO READ AS FOLLOWS:

(1) Unless the legislative body or governing board of the local public agency elects to contract and purchase in accordance with KRS 45A.365 to 45A.375, KRS 45A.365 to KRS 45A.375 shall not apply to any local public agency except:

(a) A city of the first class and any sub-unit of such city;

(b) A county containing a city of the first class and any sub-unit of such county;

(c) A school district, special district or other local public agency, other than cities of the second through sixth classes, that includes, is coterminous with, or is located within a county containing a city of the first class; and

(d) An agency formed under KRS Chapter 79 which includes a local public agency listed in paragraph (a), (b) or (c) of this subsection.

(2) Any local public agency that is not subject to KRS 45A.365 to 45A.375 and that does not elect to contract and purchase thereunder shall contract or purchase through the following competitive solicitation and awards procedure unless otherwise provided by KRS 45A.380 and KRS 45A.385:

(a) Proposals shall be solicited through advertisement pursuant to KRS 424.260. For the purpose of this section, the term "bid," as used in KRS 424.260, shall mean a request for proposals. The request for proposals shall indicate the factors to be considered in the evaluation of proposals and the relative importance of each factor.

(b) Award shall be made to the responsible offerer whose proposal is determined in writing to be the most advantageous to the local public agency based upon the evaluation factors set forth in the request for proposals.

Section 2. KRS 45A.350 is amended to read as follows:

Except as otherwise provided in Section 1 of this Act, KRS 45A.345 to 45A.460 shall apply to every local public agency in this state. Any legislative body or governing board may adopt any of the [other] provisions of this code *that do not apply to the local public agency*, and may make modifications of such provisions, provided, however, that such modifications shall not be inconsistent with the Kentucky procurement code.

Section 3. KRS 45A.365 is amended to read as follows:

(1) All contracts or purchases shall be awarded by competitive sealed bidding, except as otherwise provided by KRS 45A.370 to 45A.385 *and Section 1 of this Act.*

(2) The invitation for bids shall state whether the award shall be made on the basis of the lowest bid price or the lowest evaluated bid price. If the latter is used, the objective measureable criteria to be utilized shall be set forth in the invitation for bids.

(3) The public shall be given notice of the invitation for bids for advertisement in the newspaper of largest circulation in the local jurisdiction at least once not less than seven (7) days nor more than twenty-one (21) days before the date set for the opening of the bids. The advertisement shall include the time and place the bids will be opened and the time and place where the specifications may be obtained.

(4) The bids shall be opened publicly at the time and place designated in the invitation for bids. Each bid, together with the name of the bidder, shall be recorded and be open to public inspection.

(5) A contract shall be awarded with reasonable promptness by written notice to the responsive and responsible bidder whose bid is either the lowest bid price or the lowest evaluated bid price.

(6) The local public agency may allow the withdrawal of a bid where there is a patent error on the face of the bid document, or where the bidder presents sufficient evidence, substantiated by bid worksheets, that the bid was based upon an error in the formulation of the bid price.

Section 4. KRS 45A.370 is amended to read as follows:

(1) *Subject to Section 1 of this Act,* a local public agency may contract or purchase through competitive negotiation upon a written finding that:

(a) Specifications cannot be made sufficiently specific to permit award on the basis of either the lowest bid price or the lowest evaluated bid price, including, but not limited to, contracts for experimental or developmental research work, or highly complex equipment which requires technical discussions, and other nonstandard supplies, services, or construction; or

(b) Sealed bidding is inappropriate because the available sources of supply are limited, the time and place of performance cannot be determined in advance, the price is regulated by law, or a fixed price contract is not applicable; or

(c) The bid prices received through sealed bidding are unresponsive or unreasonable as to all or part of the requirements, or are identical or appear to have been the result of collusion; provided each responsible bidder is notified of the intention to negotiate and is given a reasonable opportunity to negotiate, and the negotiated price is lower than the lowest rejected bid by any responsible bidder.

(2) Proposals shall be solicited through advertisement pursuant to KRS 45A.365(3) or any other means which can be demonstrated to notify an adequate number of qualified sources to permit reasonable competition consistent with the nature and requirement of the procurement. The request for proposals shall indicate the factors to be considered in the evaluation and the relative importance of each factor.

(3) Written or oral discussions shall be conducted with all responsible offerors who submit proposals determined in writing to be reasonably susceptible of being selected for award. Discussions shall not disclose any information derived from proposals submitted by competing offerors. Discussions need not be conducted:

(a) With respect to prices, where such prices are fixed by law or regulation except that consideration shall be given to competitive terms and conditions; or

(b) Where time of delivery or performance will not permit discussions; or

(c) Where it can be clearly demonstrated and documented from the existence of adequate competition or accurate prior cost experience with that particular supply, service or construction item that acceptance of an initial offer without discussion would result in fair and reasonable prices and the request for proposal notifies all offerors of the possibility that award may be made on the basis of initial offers.

(4) If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions. A request for proposals based on revised specifications or quantities shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements and shall be awarded upon the basis of the lowest bid price or lowest evaluated bid price submitted by any responsive and responsible offeror. No discussion shall be conducted with offerors after submission of revised proposals except for a compelling reason as determined in writing by the local public agency. The request for proposals shall state that an award is to be made without discussion except as herein provided.

(5) Award shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the local public agency based upon the evaluation factors set forth in the request for proposals.

Section 5. KRS 45A.420 is amended to read as follows:

Any local public agency may enter into an agreement for cooperative purchasing with any other local public agency. When the contracting local public agency contracts for supplies, services or construction pursuant to KRS 45A.365, 45A.370, 45A.375, [or] 45A.380, *or Section 1 of this Act*, all other parties to the agreement shall be deemed to have complied with the provisions of those sections.

Section 6. Whereas, the extreme difficulty in providing the necessary funding to implement the competitive bidding system as presently provided imposes a tremendous burden on local governments, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the governor.

Such obligations are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds, notes or obligations of the state is now or may hereafter be authorized by law.

The issuance of such obligations, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the provider in respect of the same shall be governed by the provisions of this Act which relate to the issuance of obligations, insofar as such provisions may be appropriate therefor.

(2) Refunding obligations may be sold or exchanged for outstanding obligations issued under this Act and, if sold, the proceeds thereof may be applied, in addition to any other purposes, to the purchase, redemption or payment of such outstanding obligations. Pending the application of the proceeds of any such refunding obligations, with any other available funds, to the payment of the principal, accrued interest and any redemption premium on the obligations being refunded, and, if so provided or permitted in the resolution authorizing the issuance of such refunding obligations or in the trust agreement securing the same, to the payment of any interest on such refunding obligations and any expenses in connection with such refunding, such proceeds may be invested in direct obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed by, the United States of America which shall mature or which shall be subject to redemption by the holders thereof, at the option of such holders, not later than the respective dates when the proceeds, together with the interest accruing thereon, will be required for the purposes intended.

In the event any such reserve fund or replacement fund created by the provider in connection with any such bond issue or note issue should, in violation of any contract made by the provider with any bondholder or noteholder, be monetarily deficient in any respect as of any date of accounting so stipulated by the provider, the provider shall immediately make formal request in writing to the secretary of the department of finance, and to the governor of Kentucky that sums adequate to restore such reserve fund or replacement fund to its contractually required level and to pay any overdue principal and interest on any outstanding bonds and notes of the provider be included in the next succeeding executive budget, and that such budget request with recommendation for approval by the general assembly of an appropriation to the provider for the use and benefit of such reserve fund or replacement fund be submitted to the next session of the general assembly. The disease shall be incidental to the character of the business and not independent of the relationship of employer and employe. The disease need not have been foreseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence.

(b) "Injurious exposure" as used in KRS 342.316 shall mean that exposure to occupational hazard which would, independently of any other cause whatsoever, produce or cause the disease for which claim is made.

(10) "Income benefits" means payments made under the provisions of this chapter to the disabled worker or his dependents in case of death, excluding medical and related benefits.

(11) "Medical and related benefits" means payments made for medical, hospital, burial and other services as provided in this chapter other than income benefits.

(14) "Person" means any individual, partnership, firm, association, trust, joint venture, corporation, or legal representative thereof.

(15) "Wages" means, in addition to money payments for services rendered, the reasonable value of board, rent, housing, lodging, fuel or similar advantages received from the employer, and gratuities received in the course of employment from others than the employer as evidenced by the employe's federal and state tax returns.

(16) "Agriculture" means the operation of farm premises, including the planting, cultivation, producing, growing, harvesting and preparation for market of agricultural or horticultural commodities thereon, the raising of livestock for food products and for racing purposes, and poultry thereon, and any work performed as an incident to or in conjunction with such farm operations. (20) Except as otherwise provided in KRS 342.750, the formula for income benefits shall be 66-⅔ percent of the average weekly wages of the employe at the time of his injury, multiplied by the percentage of disability caused by the injury or occupational disease, subject to the limitation contained in KRS 342.740. Income benefits shall be payable during the applicable compensable period which is either (a) the specified number of weeks, or (b) the period of occupational disability during which the employe is disabled, or (c) where death results from the injury, the period during which the deceased's dependents qualify as such, or (d) where death is unrelated to the injury, the period during which the deceased's dependents qualify as such or during the period of the deceased's normal life expectancy, whichever is less.

SECTION 27. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

The Commonwealth of Kentucky, and all governmental units and agencies thereof, shall insure its workers' compensation liability with the provider; Provided, however, that if the Commonwealth, or any governmental unit or agency thereof, elects to operate as a self-insurer or is able to obtain workers' compensation insurance coverage from another source at a rate less than that of the provider, this section shall not apply.

The provider shall establish premium rates at the lowest possible rate consistent with the maintenance of the solvency of the provider, and the creation and maintenance of a reasonable surplus after the payment of legitimate claims, as determined by sound actuarial methods.

(1) The procedures utilized by the National Council on Compensation Insurance in workmen's compensation rate calculation with particular emphasis on the fairness and adequacy of the classification and experience rating systems;

(2) The level of workmen's compensation premium as compared to premium levels in other jurisdictions using reasonable and reliable factors for comparison;

(3) The development of computer systems within Kentucky to effectively monitor the workmen's compensation program in Kentucky;

(4) The feasibility of creating a competitive state fund or alternative system as another method available for purposes of insuring liability under KRS Chapter 342; and

(5) The feasibility of creating a competitive pricing mechanism for workmen's compensation rates in Kentucky.

HB 540, AN ACT relating to corporation license tax.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 136.070 is amended to read as follows:

(1) Every corporation organized under the laws of this state, every corporation having its commercial domicile in this state, and every foreign corporation owning or leasing property located in this state or having one or more individuals receiving compensation in this state, except state and national banks and trust companies, savings and loan associations organized under the laws of this state and under the laws of the United States and making loans to members only, *open end registered investment companies organized under the laws of this state and registered under the investment company act of 1940,* production credit associations, insurance companies, including farmers' or other mutual hail, cyclone, windstorm or fire insurance companies, insurers and reciprocal underwriters, public service companies subject to taxation under KRS 136.120, those corporations exempted by section 501 of the Internal Revenue Code, and any other religious, educational, charitable or like corporations not organized or conducted for pecuniary profit, shall pay to the state an annual license tax of seventy cents on each one thousand dollars of the capital employed in the business as computed under the provisions of subsections (2) and (3) of this section.

(2) (a) The term "capital" as used in this section means capital stock, surplus, advances by affiliated companies, intercompany accounts, borrowed monies or any other accounts representing additional capital used and employed in the business. Accounts properly defined as "capital" in this section shall be reported at the value reflected on financial statements prepared for book purposes as of the last day of the calendar or fiscal year.

(b) "Capital employed," in the case of corporations having property or payroll only in this state, means "capital" as defined above.

(c) "Capital employed," in the case of corporations having property or payroll both within and without this state means "capital" as defined above and as apportioned under subsection (3) of this section.

(d) Property means either real property or tangible personal property which is either owned or leased. Payroll means compensation, paid to one or more individuals, as described in subsection (3) of this section. Property and pay roll are deemed to be entirely within this state if all other states are prohibited by Public Law 86-272, as it existed on December 31, 1975, from enforcing income tax jurisdiction.

(3) The total capital, as determined under subsection (2) of this section, shall be apportioned as follows:

(a) The total capital shall be multiplied by a fraction, the numerator of which is the property factor plus the payroll factor, plus the sales factor, and the denominator of which is three (3).

(b) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period; provided, however, that property which has been certified as a pollution control facility as defined in KRS 224.850 shall be excluded from the property factor.

1. Property owned by the taxpayer is valued at its original cost. If the original cost of any property is not determinable or is nominal or zero such property shall be valued by the department under regulations promulgated by the department. Property rented by the taxpayer is valued at eight (8) times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals, provided that such rental and such subrentals are reasonable. If the department determines that the annual rental or subrental rate is unreasonable, or if nominal or zero rate is charged, the department may determine and apply such rental rate as will reasonably reflect the value of the property rented by the taxpayer.

2. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the department may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

(c) The payroll factor is a fraction, the numerator of which is the total amount paid or payable in this state during the tax period by the taxpayer for compensation, and the denominator of which is the total compensation paid or payable everywhere during the tax period. Compensation is paid or payable in this state if:

1. The individual's service is performed entirely within the state; or

2. The individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state; or

3. Some of the service is performed in the state and the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

(d) The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period. Sales of tangible personal property are in this state if:

1. The property is delivered or shipped to a purchaser, other than the United States government, or to the designee of the purchaser within this state regardless of the f.o.b. point or other conditions of the sale; or

2. The property is shipped from an office, store, warehouse, factory, or other place of storage in this state and the purchaser is the United States government.

3. Sales, other than sales of tangible personal property, are in this state if the income-producing activity is performed in this state; or the income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

(4) If the apportionment provisions of this section do not fairly measure the taxpayer's capital in this state, the taxpayer may petition for or the department may require:

(a) The exclusion of any one or more of the factors;

(b) The inclusion of one or more additional factors which will fairly measure the taxpayer's capital in this state; or

(c) The employment of any other method to produce an equitable apportionment of the taxpayer's capital.

(5) No corporation required to pay an annual license tax under this section shall pay less than ten dollars.

SECTION 2. A NEW SECTION OF KRS CHAPTER 136 IS CREATED TO READ AS FOLLOWS:

(1) Every open end registered investment company organized under the laws of this state and registered under the investment company act of 1940 shall on or before the fifteenth day of the fourth month following the close of each fiscal year, if the company operates on a fiscal year basis, or calendar year file a report on forms prescribed by the department of revenue and pay directly to the state treasury a tax of seventy cents (70¢) for each one thousand dollars ($1,000) of "average net capital" as computed under subsections (2) and (3) of this section.

(2) The term "net capital" as used in this section means capital stock, surplus, borrowed monies or any other accounts representing capital of the company less the amount of such capital which by said company is invested in Kentucky municipal securities which are obligations issued by the state of Kentucky, its political subdivision, and the districts, authorities, agencies and instrumentalities of the state and its political subdivisions, the interest on which is exempt from federal and Kentucky income tax.

(3) The term "average net capital" as used in this section means the average of the net capital of the company as shown on financial statements of the company as of the first and last days of the fiscal or calendar year of the company, whichever is applicable.

(4) The department of revenue shall examine and audit each report as soon as practicable after each report is received. Failure to make reports and pay taxes as provided in this section shall subject the company to the same penalties imposed for such failure on the part of other corporations.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 9, IS CREATED TO READ AS FOLLOWS:

Section 2. KRS 304.13-040 is amended to read as follows:

(1) Every insurer shall file with the *commissioner* [board], except as to inland marine risks which by general custom of the business are not written according to manual rates or rating plans, every manual, minimum, class rate, rating schedule or rating plan and every other rating rule, and every modification of any of the foregoing which it proposes to use. Every such filing shall state the proposed effective date thereof, and shall indicate the character and extent of the coverage contemplated.

(2) Every insurer offering workmen's compensation insurance coverage to employers in this state or rating organization acting on behalf thereof shall on or before July 1 of each year file with the *commissioner* [board] every revised manual, minimum, class rate, rating schedule or rating plan and every other revised rating rule or classification and every modification thereof which it proposes to use. Nothing herein shall be construed to prohibit more than one such filing in any twelve (12) month period.

(3) The *commissioner* [board] shall require the insurer to furnish the information upon which it supports the filing and in such event the waiting period shall commence as of the date such information is furnished. The information furnished in support of a filing shall include:

(a) The experience of the insurer or rating organization making the filing,

(b) Its interpretation of any statistical data it relies upon,

(c) The experience of other insurers or rating organizations,

(d) The data and records upon which the filing is based including, in the case of filings made by rating organizations, the reports of the member insurers to such rating organizations upon which the filing is based,

(e) The actual and incurred losses for the preceding calendar year and the most recent policy year loss data for the most recent three-year period for which such information is available,

(f) The premium income, received and earned during the preceding calendar year and the most recent policy year premium income for a three-year period for which such information is available,

(g) The actual and accrued expenses of the insurers for each of the three preceding calendar years, and

(h) Any other relevant factors.

(4) A filing and any supporting information shall be open to public inspection after the filing becomes effective, except as provided in subsection (4) of KRS 304.13-050. Specific inland marine rates on risks specifically rated, made by a rating organization, shall be filed with the *commissioner* [board], and shall become effective when filed and shall be deemed approved and in compliance with the requirements of this subtitle until such time as the *commissioner* [board] rejects the filing.

Section 3. KRS 304.13-050 is amended to read as follows:

(1) The *commissioner* [board] shall review filings as soon as reasonably possible after they have been made in order to determine whether they meet the applicable requirements of this subtitle.

(2) Subject to the exception specified in subsection (3) of KRS 304.13-040 with reference to specific inland marine rates made by a rating organization, and subsections (3) and (4) of this section, each filing shall be on file for a waiting period of thirty (30) days before it becomes effective, which period may be extended by the *commissioner* [board] for an additional period not to exceed thirty (30) days if *he* [it] gives written notice within such waiting period to the insurer or rating organization which made the filing that *he* [it] needs such additional time for the consideration of such filing. Upon written application by such insurer or rating organization, the *commissioner* [board] may authorize a filing which *he* [it] has reviewed to become effective before the expiration of the waiting period or any extension thereof. A filing shall be deemed to meet the requirements of this subtitle unless disapproved by the *commissioner* [board] within the waiting period or any extension thereof.

(3) Any special filing with respect to a surety or guaranty bond required by law or by court or executive order or by order, rule or regulation of a public body, not covered by a previous filing, shall become effective when filed and shall be deemed to meet the requirements of this subtitle until such time as the *commissioner* [board] rejects the filing.

(4) The *commissioner* [board] may, when *he* [it] deems it to be in the public interest, hold a public hearing on any filing before said filing becomes effective to determine whether or not the filing meets the requirements of this subtitle. Upon receipt of any filings respecting workmen's compensation insurance the *commissioner* [board] shall cause the filing and supporting information and reports to be examined by an independent actuary who shall submit a written report for public inspection containing his evaluation and findings to the *commissioner* [board]. The *commissioner* [board] shall hold a public hearing on all such filings not less than thirty (30) days after receipt of the report of the actuary. The *commissioner* [board], any party or intervenor may request in writing at least ten (10) days prior to the public hearing that any rating

rule or classification or any modification thereof in effect on the date of the filing be reviewed at the public hearing and the board shall so order. When the *commissioner* [board] has determined that a hearing shall be held relative to any filing, the filing and any supporting information filed therewith shall be open to public inspection immediately upon the giving of notice as required by this subsection. Before such hearing the rating organization or insurer making such filing shall be given ten (10) days' written notice of the time and place of such hearing, and the public shall be given notice by publication pursuant to KRS chapter 424. The *commissioner* [board] shall promulgate reasonable regulations to prevent the avoidance of normal expirations and renewal dates of policies, or contracts of insurance, that may be affected by such filings. In the event that a hearing is held under the provisions of this subsection the waiting periods specified in subsection (2) of this section shall not begin to run until thirty (30) days after the close of such hearing.

(5) In the review of any filing made pursuant to KRS 304.13-040 either prior to its becoming effective, or upon a subsequent review as provided for in KRS 304.13-080, the burden of establishing that the filing under consideration meets the requirements of this subtitle shall be on the insurer or rating organization which makes such filing.

(6) The public hearings shall be conducted in accordance with the Kentucky Rules of Civil Procedure and the formal rules of evidence shall apply.

Section 4. KRS 304.13-055 is amended to read as follows:

With respect to any filing which, if approved, would result in a reduction of rates, the *commissioner* [board] shall immediately order the proposed rates to be effective. If upon the *commissioner's* [board's] review of the filing or as a result of a public hearing it appears that the proposed rates should be further reduced, the *commissioner* [board] may order the insurer or rating organization to show cause within thirty (30) days why such rates should not be further reduced in accordance with the order.

Section 5. KRS 304.13-060 is amended to read as follows:

Under rules and regulations as *he* [it] adopts the *commissioner* [board] may, by written order, suspend or modify the requirement of filing as to any kind of insurance, subdivision or combination thereof, or as to classes of risks, the rates for which cannot practicably be filed before they are used. Such orders, rules and regulations shall be made known to insurers and rating organizations affected thereby. The *commissioner* [board] may make such examination as *he* [it] deems advisable to ascertain whether any rates affected by such order meet the standards that rates shall not be excessive, inadequate or unfairly discriminatory.

Section 6. KRS 304.13-070 is amended to read as follows:

(1) If within the waiting period or any extension thereof as provided in KRS 304.13-050, the *commissioner* [board] finds that a filing does not meet the requirements of this subtitle, *he* [it] shall give written notice of disapproval of such filing to the insurer or rating organization which made such filing specifying therein in what respects *he* [it] finds such filing fails to meet the requirements of this subtitle and stating that such filing shall not become effective.

(2) If within thirty (30) days after a specific inland marine rate on a risk specially rated by a rating organization or a special surety or guaranty bond required by law has become effective, the *commissioner* [board] finds that such filing does not meet the requirements of this subtitle, *he* [it] shall give written notice of disapproval of the filing to the rating organization or insurer which made the filing specifying therein in what respects *he* [it] finds that the filing fails to meet the requirements of this subtitle and stating when, within a reasonable period thereafter, the filing shall be deemed no longer effective. Such disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in such notice.

Section 7. KRS 304.13-080 is amended to read as follows:

If at any time subsequent to the applicable review period provided for in subsections (1) and (2) of KRS 304.13-070 the *commissioner* [board] finds that a filing does not meet the requirements of this subtitle, *he* [it] shall, after a hearing held upon not less than ten (10) days' written notice, specifying the matters to be considered at the hearing, to every insurer and rating organization which made the filing, issue an order specifying in what respects *he* [it] finds that the filing fails to meet the requirements of this subtitle, and stating when, within a reasonable period thereafter, the filing shall be deemed no longer effective. Copies of the order shall be sent to every such insurer and rating organization. The order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in the order.

Section 8. KRS 304.13-100 is amended to read as follows:

Upon the written application of the insured, stating his reasons therefor, filed with and approved by the *commissioner* [board], a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk.

Section 9. KRS 304.13-110 is amended to read as follows:

Any insurer may satisfy its obligation to make filings required by KRS 304.13-030 by becoming a member of, or a subscriber to, a licensed rating organization which makes such filings, and by authorizing the *commissioner* [board] to accept such filings on its behalf. Nothing contained in this subtitle shall be construed as requiring any insurer to become a member of or a subscriber to any rating organization.

Section 10. KRS 304.13-200 is amended to read as follows:

(1) Every member of or subscriber to a rating organization shall adhere to the filings made on its behalf by such organization except that any such insurer may make written application to the *commissioner* [board] for permission to file a deviation from the class rates, schedules, rating plans or rules respecting any kind of insurance, or class of risk within a kind of insurance, or combination thereof. Such application shall specify the basis for the modification and a copy thereof shall also be sent simultaneously to such rating organization.

(2) The *commissioner* [board] shall set a time and place for a hearing at which the insurer and such rating organization may be heard and shall give them not less than ten (10) days' written notice thereof. If the *commissioner* [board] is advised by the rating organization that it does not desire a hearing *he* [it] may, upon the consent of the applicant, waive such hearing.

(3) In considering the application for permission to file such deviation the *commissioner* [board] shall give consideration to the available statistics and the principles for rate making as provided in KRS 304.13-030. The *commissioner* [board] shall issue an order permitting the deviation for such insurer to be filed if *he* [it] finds it to be justified and it shall thereupon become effective. *He* [It] shall issue an order denying such application if *he* [it] finds that the modification is not justified or that the resulting premiums would be excessive, inadequate or unfairly discriminatory.

(4) Each deviation permitted to be filed shall be effective for a period of not less than one (1) year from the date of such permission unless terminated sooner with the approval of the *commissioner* [board]. All term policies issued pursuant to such deviations may remain in force until their expiring dates.

Section 11. KRS 304.13-210 is amended to read as follows:

(1) Any member of or subscriber to a rating organization may appeal to the *commissioner* [board] from the action or decision of such rating organization in approving or rejecting any proposed change in or addition to the filings of such rating organization.

(2) The *commissioner* [board] shall, after a hearing held upon not less than ten (10) days' written notice to the appellant and to the rating organization, issue an order approving the action or decision of the rating organization or directing it to give further consideration to such proposal; or if the appeal is from the action or decision of the rating organization in rejecting a proposed addition to its filings, *he* [it] may, in the event *he* [it] finds that such action or decision was unreasonable, issue an order directing the rating organization to make an addition to its filings within a reasonable time after the issuance of such order.

Section 12. KRS 304.13-220 is amended to read as follows:

(1) Any person or organization in interest, aggrieved with respect to any filing which is in effect may make written application to the *commissioner* [board] for a hearing thereon, except that the insurer or rating organization that made the filing shall not be authorized to proceed under this section. Such application shall specify the grounds to be relied upon by the applicant.

(2) If the *commissioner* [board] finds that the application is made in good faith, that the applicant would be so aggrieved if his grounds are established, and that such grounds otherwise justify holding such a hearing, *he* [it] shall, within thirty (30) days after receipt of such application, hold a hearing upon not less than ten (10) days' written notice to the applicant and to every insurer and rating organization which made such filing.

(3) If, after such hearing, the *commissioner* [board] finds that the filing does not meet the requirements of this subtitle, *he* [it] shall issue an order specifying in what respects *he* [it] finds that such filing fails to meet the requirements of this subtitle, and stating when, within a reasonable period thereafter, such filing shall be deemed no longer effective. Copies of the order shall be sent to the applicant and to every such insurer and rating organization. The order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in the order.

Section 13. KRS 304.13-230 is amended to read as follows:

(1) Every rating organization and every insurer which makes its own rates shall, within a reasonable time after receiving written request therefor and upon payment of such reasonable charge as it may make, furnish to any insured affected by a rate made by it, or to the authorized representative of such insured, all pertinent information as to such rate.

(2) Every rating organization and every insurer which makes its own rates shall provide within this state reasonable means whereby any person aggrieved by the application of its rating system may be heard, in person or by his authorized representative, on his written request to review the manner in which such rating system has been applied in connection with the insurance afforded him, except as provided in subsection (3) of this section. If the rating organization or insurer fails to grant or reject such request within thirty (30) days after it is made, the applicant may proceed in the same manner as if his application has been rejected. Any party affected by the action of such rating organization or such insurer on such request may, within thirty (30) days after written notice of such action, appeal to the *commissioner* [board], *who* [which], after a hearing held upon not less than ten (10) days' written notice to the appellant and to such rating organization or insurer, may affirm or reverse such action.

(3) Matters relating to fire protection classification shall be handled directly by the *commissioner* [insurance regulatory board] in accordance with the provisions of KRS 304.13-350.

Section 14. KRS 304.13-270 is amended to read as follows:

(1) The *commissioner* [board] may promulgate reasonable rules and statistical plans, reasonably adapted to each of the rating systems on file with *him* [it], which may be modified from time to time and which shall be used thereafter by each insurer in the recording and reporting of its loss and countrywide expense experience, in order that the experience of all insurers may be made available at least annually in such form and detail as may be necessary to aid *him* [it] in determining whether rating systems comply with the applicable standards set forth in KRS 304.13-030. Such rules and plans may also provide for the recording and reporting of expense experience items which are specially applicable to this state and are not susceptible of determination by a prorating of countrywide expense experience.

(2) In promulgating such rules and plans, the *commissioner* [board] shall give due consideration to the rating systems on file with *him* [it], and, in order that such rules and plans may be as uniform as is practicable among the several states, to the rules and to the form of the plans used for such rating systems in other states. No insurer shall be required to record or report its loss experience on a classification basis that is inconsistent with the rating system filed by it.

(3) The *commissioner* [board] may designate one or more rating organizations or other agencies to assist *him* [it] in gathering such experience and making compilations thereof, and such compilations shall be made available, subject to reasonable rules promulgated by the *commissioner* [board], to insurers and rating organizations.

(4) Each insurer shall report its loss or expense experience to the lawful rating organization or agency of which it is a member or subscriber, but shall not be required to report its loss or expense experience to any rating organization or agency of which it is not a member or subscriber. Any insurer not reporting such experience to a rating organization or other agency may be required to report such experience to the *commissioner* [board]. Any report of such experience of any insurer filed with the *commissioner* [board] shall be deemed confidential and shall not be revealed by the *commissioner* [board] to any other insurer or other person, but the board may make compilations including such experience.

Section 15. KRS 304.13-280 is amended to read as follows:

(1) Reasonable rules and plans may be promulgated by the *commissioner* [board] for the interchange of data necessary for the application of rating plans.

(2) In order to further uniform administration of rate regulatory laws, the *commissioner* [board] and every insurer and rating organization may exchange information and experience data with insurance supervisory officials, insurers and rating organizations in other states and may consult with them with respect to rate making and the application of rating systems.

(3) Cooperation among rating organizations or among rating organizations and insurers in rate making or in other matters within the scope of this subtitle is authorized, provided the filings resulting from such cooperation are subject to all provisions of this subtitle which are applicable to filings generally. The *commissioner* [board] may review such cooperative activities and practices and if, after a hearing, *he* [it] finds that any such activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this subtitle, *he* [it] may issue a written order specifying in what respects such activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this subtitle, and requiring the discontinuance of such activity or practice.

Section 16. KRS 304.13-300 is amended to read as follows:

(1) No person or organization shall wilfully withhold information from, or knowingly give false or misleading information to:

(a) The *commissioner* [board];

(b) Any statistical agency designated by the *commissioner* [board];

(c) Any rating organization, or any insurer which will affect the rates or premiums chargeable under this subtitle.

(2) A violation of this section shall subject the one guilty of such violation to the penalties provided in KRS 304.13-320.

Section 17. KRS 304.13-350 is amended to read as follows:

The *commissioner* [insurance regulatory board] shall review, approve and *hear appeals* [serve as a board of appeal acting] on the assignment, reassignment or modification of any fire protection classification of any fire protection district, municipality or locality in the state which is made by any lawful rating organization or agency operating in the Commonwealth.

Section 18. KRS 304.13-355 is amended to read as follows:

Any fire protection district, municipality or locality in the state which is assigned a fire protection classification by any lawful rating organization or insurer which makes its own rates, operating in the Commonwealth, may appeal to the *commissioner* [insurance regulatory board] for modification or reassignment of the classification within thirty (30) days of receipt of the classification. The *commissioner* [board] shall determine the manner in which an appeal may be filed.

Section 19. KRS 304.13-360 is amended to read as follows:

(1) The *commissioner* [insurance regulatory board] shall make such investigation as *he* [it] deems necessary or convenient for proper determination regarding an appeal.

(2) The books, accounts, papers and records of every fire protection classification rating organization or insurer which makes its own rates, operating in the Commonwealth, shall be available to the *commissioner* [board] for inspection and examination. By notice and order, the *commissioner* [board] may require their production or the production of verified copies at such time and place as *he* [it] designates, any expense incurred to be borne by the rating organization or insurer so ordered.

Section 20. KRS 304.13-365 is amended to read as follows:

(1) Within thirty (30) days of the filing of an appeal, the *commissioner* [insurance regulatory board] shall hold a formal hearing with proper notice to all interested persons. Whenever the *commissioner* [board] determines that a fire protection classification is unreasonable, *he* [it] shall by final order prescribe a reasonable classification to be followed for a period not to exceed one (1) year. A subsequent evaluation by the rating organization or insurer shall not be permitted until the expiration of the period set by the *commissioner* [board].

(2) The *commissioner* [board] may compel obedience to its final orders by proper proceedings in the Franklin circuit court or any other court of competent jurisdiction, and such proceedings shall have priority over all pending cases.

Section 21. KRS 304.13-370 is amended to read as follows:

(1) No insurer may increase premiums for fire insurance based on a fire protection classification until the expiration of the thirty (30) days period for appeal by the fire protection district, municipality or locality, as provided in KRS 304.13-355. If an appeal is filed, no insurer may increase such premiums until approval of the fire protection classification by the *commissioner* [insurance regulatory board].

(2) If the *commissioner's* [insurance regulatory board's] reassignment or modification of a fire protection classification results in lower fire insurance premiums, the appropriate insurers shall make any refunds of paid premiums due to customers within the affected fire protection district, municipality or locality. Such refunds shall be determined from the date the rating organization or insurer last assigned or reassigned the classification appealed.

Section 22. KRS 304.32-160 is amended to read as follows:

(1) On or after June 18, 1970 no corporation subject to the provisions of this subtitle shall deliver or issue for delivery in this state any subscription certificate or membership certificate describing health benefits available, or any indorsement, rider, or application which becomes a part thereof, until a copy of the form and the schedule of rates, dues, fees, or other periodic charges, to be paid by subscribers or members, has been filed with and approved by the *commissioner* [board].

(4) "Debtor" means a borrower of money or a purchaser or lessee of goods, services, property, rights or privileges for which payment is arranged through a credit transaction;

(5) "Indebtedness" means the total amount payable by a debtor to a creditor in connection with a loan or other credit transaction;

(6) "Joint credit life or credit health" shall mean insurance on the life of the debtor and the spouse of the debtor, partners, or any other legal co-signer.

Section 3. KRS 304.19-080 is amended to read as follows:

(1) All such policies, certificates of insurance, notices of proposed insurance, applications for insurance, indorsements and riders delivered or issued for delivery in this state and the schedule of premium rates pertaining thereto shall be filed with the commissioner.

(2) All life insurance and all health insurance in connection with loans or other credit transactions shall be subject to the provisions of this subtitle, except *health* [such] health insurance in connection with a loan or other credit transaction of more than five (5) years' duration *or life insurance in connection with a loan or other credit transaction of more than ten (10) years' duration*; nor shall insurance be subject to provisions of this subtitle where the issuance of such insurance is an isolated transaction on the part of the insurer not relating to an agreement or a plan for insuring debtors of the creditor; nor shall insurance issued for an amount in excess of *$20,000* [$10,000] be subject to this subtitle.

(3) (a) Credit life insurance. It shall be presumed that premium rates charged or to be charged are not excessive in relation to the benefits if the premium or premium rates as filed with the commissioner do not exceed the following, or actuarially equivalent rates:

1. For decreasing term credit life insurance, a single premium of seventy-five cents (75¢) per annum per $100 of scheduled indebtedness, or ninety cents (90¢) per annum per $100 of scheduled indebtedness if dismemberment benefits are included in the policy.

2. Single premium rates for indebtedness repayable in monthly instalments other than twelve (12) in number shall not exceed one-twelfth (1/12) of the above premium rate multiplied by the number of full months in the scheduled period.

3. A premium payable monthly at the rate of $1.16 per $1,000 of outstanding unpaid insured indebtedness or $1.39 per $1,000 of outstanding unpaid insured indebtedness if dismemberment benefits are included in the policy, will be deemed the actuarial equivalent of the foregoing rates.

4. For level term credit life insurance, a single premium of $1.50 per annum per $100 of indebtedness or $1.80 per $100 of indebtedness if dismemberment benefits are included in the policy.

(b) The foregoing rate standards assume:

1. That the standards set forth above are applicable to a plan of death benefits with or without requirements for evidence of insurability which contain no exclusions except for suicide; other exclusions must receive the approval of the commissioner, and

2. That coverage is offered to all debtors regardless of age; or to all debtors not older than the applicable age limit which shall be not less than sixty-five (65) at the inception of the indebtedness or sixty-six (66) at the scheduled maturity date of the transaction, provided that each company's right to underwrite risks on an individual basis shall not be restricted by this assumption. Appropriate adjustments may be made with the approval of the commissioner if premium rates are determined according to the age of the insured debtor or by age brackets.

3. Rates for use with forms which are more restrictive in any material respect shall reflect such variations in lower rates. Similarly, forms providing more extensive benefits than set forth above may carry appropriately higher charges.

4. That the standards set forth above shall be applicable to contracts which may contain a provision excluding or denying a claim for death, resulting from pre-existing illness, disease or physical condition for which the debtor received medical advice, consultation or treatment during the twelve (12) month period immediately preceding the effective date of the debtor's coverage and which would ordinarily be expected to affect materially the debtor's health during the period of coverage; provided, however, that after such coverage has been in force for six (6) months (twelve (12) months for contracts of more than three (3) years), this pre-existing exclusion clause shall not operate to deny coverage for any death thereafter. The contract shall contain no other provision which excludes or restricts liability in the event of death caused in a certain specified manner, except provisions excluding or restricting coverage in the event of intentionally self inflicted injuries, foreign travel or residence, flight in nonscheduled aircraft, war or military service.

(4) (a) Credit health insurance. It shall be presumed that premium rates charged or to be charged are not excessive in relation to the benefits if the premium or premium rates as filed with the commissioner do not exceed the following, or actuarially equivalent rates:

(b) The foregoing rate standards assume:

1. That the standards set forth above shall be applicable to contracts which may contain a provision excluding or denying a claim for disability, resulting from pre-existing illness, disease or physical condition for which the debtor received medical advice, consultation or treatment during the twelve (12) month period immediately preceding the effective date of the debtor's coverage and which would ordinarily be expected to affect materially the debtor's health during the period of coverage; Provided, however, That after such coverage has been in force for six (6) months (twelve (12) months for contracts of more than three (3) years), this pre-existing exclusion clause shall not operate to deny coverage for any disability commencing thereafter. The contract shall contain no other provision which excludes or restricts liability in the event of disability caused in a certain specified manner, except provisions excluding or restricting coverage in the event of pregnancy, intentionally self-inflicted injuries, foreign travel or residence, flight in nonscheduled aircraft, war or military service.

2. That coverage is offered to all debtors regardless of age, or to all debtors not older than the applicable age limit which shall be not less than sixty-five (65) at the inception of the indebtedness or sixty-six (66) at the scheduled maturity date of the transaction, provided that each company's right to underwrite risks on an individual basis shall not be restricted by this assumption. Appropriate adjustments may be made with the approval of the commissioner if premium rates are determined according to the age of the insured debtor or by age brackets.

3. Rates for use with forms which are more restrictive in any material respect shall reflect such variations in lower rates. Similarly, forms providing more extensive benefits than set forth above may carry appropriately higher charges.

(5) Statistical reporting. Each insurer writing credit life or credit health insurance within this state shall keep and maintain statistical data of its experience on these kinds of insurance. The insurer shall, on or before May 1 of each year, file with the commissioner its statistical experience data for the year ending December 31 immediately preceding. Such experience shall be reported on forms conforming to those now or hereafter from time to time adopted by the national association of insurance commissioners.

(6) If a group policy has been delivered in this state before June 18, *1980* [1970], or has been or is delivered in another state before or on or after June 18, *1980* [1970], the insurer shall be required to file only the group certificate and notice of proposed insurance delivered or issued for delivery in this state as specified in subsections (2) and (4) of KRS 304.19-070, and such forms shall be approved by the commissioner if they conform with the requirements specified in such subsections and if the schedules of premium rates applicable to the insurance evidenced by such certificate or notice are not in excess of the insurer's schedules of premium rates filed with the commissioner. The premium rate in effect on existing group policies may be continued until the first policy anniversary date following June 18, *1980* [1970]. After June 18, *1980* [1970], no borrower shall be added to an existing group policy at rates higher than those set forth in subsections (3) and (4) of this section.

HB 395, AN ACT relating to the common school foundation program.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the foundation program for each district, the superintendent of public instruction shall allot to each district classroom units for elementary and secondary schools, classroom units for vocational education, classroom units for exceptional children, classroom units for kindergarten, classroom units for superintendents, administrative and special instructional services, classroom units for supervisors of instruction, and classroom units for directors of pupil personnel; provided, however, that the number of classroom units allotted any district shall not exceed the number of teachers employed by the district.

(2) In allotting classroom units for elementary and secondary schools, one (1) classroom unit shall be included for each *twenty (20)* [twenty-seven (27)] pupils in average daily attendance in grades one (1) through *three (3) and for each thirty (30) pupils in average daily attendance in grades four (4) through* twelve (12); provided, however, that one (1) classroom unit shall be included for each isolated one-teacher school with twelve (12) or more pupils in average daily attendance and one (1) unit shall be included for each *twenty (20)* [twenty-five (25)] pupils in average daily attendance at all other isolated schools. The allotments of classroom units in this subsection shall be made on the average daily attendance for the end of the previous school year in public school grades one (1) through twelve (12) after the following deductions: (a) an average daily attendance of six and nine-tenths (6.9) in 1978-79 and eight and four-tenths (8.4) in 1979-80 shall be deducted for each vocational unit allotted and (b) an average daily attendance of five and one-tenth (5.1) in 1978-79 and six and three-tenths (6.3) in 1979-80 shall be deducted for each exceptional children's unit allotted. If a local school district through its admission and release committee determines that the most appropriate and least restrictive individual educational program for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency, then the school district shall count this as average daily attendance in a public school the time that such child is in attendance at such private school or agency.

(3) *In grades one (1) through three (3), no classroom shall exceed twenty-five (25) pupils in membership and in grades four (4) through twelve (12) no classroom shall exceed thirty-five (35) pupils in membership except upon petition to the state board for elementary and secondary education by a school district board of education. The state board for elementary and secondary education, upon recommendation of the superintendent of public instruction, shall promulgate regulations to carry out the provisions of this subsection.*

(4) Allotments of classroom units except those allotted in accordance with subsection *(5)*[(4)] of this section, shall be increased when the average daily attendance in grades one (1) through twelve (12) in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district in grades one (1) through twelve (12) for the first two (2) months of the previous school year. The total number of classroom units allotted the district shall be increased by the percent of increase.

(5)[(4)] If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the number of classroom units allotted the district, except those allotted in accordance with subsection *(4)*[(3)] of this section, for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(6)[(5)] In allotting classroom units for vocational education, one (1) classroom unit shall be allotted for each full-time teacher, and a proportionate fraction of a classroom unit shall be allotted for each less than full-time teacher of vocational classes that meet the regulations of the state plan of vocational education as approved by the state board for occupational education; a proportionate fraction of a classroom unit shall be allotted for each teacher employed to teach part-time or short unit classes for less than a school day or a school year that meet the regulations of the state plan of vocational education as approved by the state board for occupational education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(7)[(6)] In allotting classroom units for exceptional children, one (1) classroom unit shall be included upon the employment of each teacher approved to teach such children in accordance with the provisions of law and Kentucky administrative regulations of the state board for elementary and secondary education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(8)[(7)] (a) In allotting classroom units for administrative and special instructional services, the total number of classroom units allotted in subsections (2) and *(11)*[(10)] plus subsections *(6)*[(5)] and *(7)*[(6)] before July 1, 1976 shall be divided by eight (8) and the quotient shall be the number of classroom units allotted to the district under this subsection.

(b) The total number of units allotted under subsection *(6)*[(5)] beyond those allotted in the school year 1975-76 times six and nine-tenths (6.9) in 1978-79 and eight and four-tenths (8.4) in 1979-80 average daily attendance plus the total number of units allotted under subsection *(7)*[(6)] beyond those allotted in the school year 1975-76 times five and one-tenth (5.1) in 1978-79 and six and three-tenths (6.3) in 1979-80 average daily attendance shall be divided by two hundred and sixteen (216) and the quotient shall be the number of classroom units allotted to the district under this subsection.

(c) The total of subsection (a) plus subsection (b) shall be the number of classroom units allotted the district for administrative and special instructional services as authorized by Kentucky administrative regulations of the state board for elementary and secondary education.

(9)[(8)] In allotting classroom units for supervisors of instruction, one-half (½) of a classroom unit shall be allotted each district which is allotted twenty-five (25) through forty-nine and nine-tenths (49.9) classroom units under subsections (2), *(6)*[(5)], *(7)*[(6)] and *(11)*[(10)]; one (1) unit shall be allotted eah district which is allotted fifty (50) to one hundred (100) classroom units, one unit shall be allotted for each one hundred (100) classroom units, or major fraction thereof, in districts allotted more than one hundred (100) classroom units under these subsections.

For districts having fewer than thirty-six (36) classroom units, a proportionate fraction of a classroom unit shall be allotted.

(11)[(10)] In allotting classroom units for the kindergarten, the superintendent of public instruction, under Kentucky administrative regulations of the state board for elementary and secondary education, may allot units for kindergarten. *No classroom shall exceed twenty (20) pupils in membership except upon petition to the state board for elementary and secondary education by a school district board of education. The state board for elementary and secondary education, upon recommendation of the state superintendent of public instruction, shall promulgate regulations to carry out the provisions of this subsection.* The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(12)[(11)] In allotting classroom units for superintendent, one unit shall be allotted each school district.

Section 2. KRS 157.390 is amended to read as follows:

(1) (a) The superintendent of public instruction, under Kentucky administrative regulations of the state board for elementary and secondary education, shall classify teachers in rank as follows:

Rank I. Those holding regular certificates and who have a master's degree in a subject field approved by the state board for elementary and secondary education or equivalent preparation and who have earned thirty (30) semester hours of approved graduate work or its equivalent, and those teachers who, as of September 1, 1962, were included in Rank I, having earned twenty-four (24) semester hours of additional approved graduate work.

Rank II. Those holding regular certificates and who have a master's degree in a subject field approved by the state board for elementary and secondary education or equivalent preparation.

Rank III. Those holding regular certificates and who have an approved four-year college degree or the equivalent.

Rank IV. Those holding certificates and who have ninety-six (96) to one hundred twenty-eight (128) semester hours of approved college training or the equivalent; provided, however, that persons holding emergency certificates shall not be classified higher than this rank for calculation of the amount to be included in the foundation program.

Rank V. Those holding certificates and who have sixty-four (64) to ninety-five (95) semester hours of approved college training or the equivalent.

(b) In determining ranks, the superintendent of public instruction, under Kentucky administrative regulations of the state board for elementary and secondary education, shall classify teachers who hold valid certificates in the respective ranks according to approved college semester hours of credit. The superintendent of public instruction, in defining preparation for certain types of vocational teachers as equivalent to college training, shall give consideration to apprenticeship training and industrial experience.

(c) Nothing in this subsection shall allow the state board for elementary and secondary education by regulation to reclassify downward any teachers currently in Ranks I or II.

(2) (a) The amount to be included in each school year in the foundation program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the biennial budget schedule for each rank and experience for a term of one hundred eighty-five (185) days. Provided, the amount to be included for units allotted under KRS 157.360*(6)*[(5)], [(7),] (8), (9), *(10)* and *(12)*[(11)] shall be increased proportionately if the personnel for such units are employed for longer than the regular school term and such employment is approved by the superintendent of public instruction under Kentucky administrative regulations of the appropriate state board. Where the actual number of teachers employed by the district varies from the number allowed under the provisions of KRS 157.310 to 157.440, the number to be included in each rank shall be in the same ratio that the number of teachers actually in each rank is to the total number of teachers employed.

(b) The state board for elementary and secondary education with the recommendation of the superintendent of public instruction, may designate local school districts as experimental districts for the utilization as classroom units para-professionals and teacher aides under KRS 157.360(2). In experimental districts, foundation program fund calculations shall include, with respect to one or more schools in the district, an amount for para-professionals and teacher aides. This amount may be equal to a maximum of fifty percent (50%) of the amount included for a teacher in Rank III with no experience but may not exceed the salary paid the para-professional or teacher aide, multiplied by the number of approved para-professionals and teacher aides employed in the designated school or schools.

(c) Such amounts may be included only for those who are not in sole and principal charge of a class. No district may receive foundation program funds for such number of para-professionals and teacher aides referred to in paragraph (b) of this subsection as exceeds one-half (½) the number of certificated teachers in the designated school or schools.

(d) In the calculation of classroom units for the purpose of allocation of teachers' salaries only, the state board for elementary and secondary education may use a ratio greater than twenty-seven (27) to one (1) for such calculations regarding the experimental districts designated pursuant to paragraph (b) of this subsection.

(3) The amount to be included in the foundation program for other current expenses shall be determined by multiplying the number of classroom units by the amounts set forth in the biennial budget.

(4) The amount to be included in the foundation program for capital outlay shall be determined by multiplying the number of classroom units by the amounts set forth in the biennial budget.

(5) The amount to be included in the foundation program of each district for transportation shall be determined by multiplying the aggregate attendance of transported children by the allowable cost per pupil per day for that district determined in accordance with the provisions of KRS 157.370.

(6) The total amount of money distributable to each district from the public school foundation program fund shall be the sum of the allotments in subsections (2), (3), (4) and (5) of this section.

Section 3. Whereas, tentative foundation program allottments are made for school districts at the beginning of each fiscal year, an emergency is declared to exist and this Act shall become effective on July 1, 1980.

HB 617, AN ACT relating to comparative fault.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 411 IS CREATED TO READ AS FOLLOWS:

(1) In an action based on fault seeking to recover damages for injury or death to person or harm to property, any contributory fault chargeable to the claimant diminishes proportionately the amount awarded as compensatory damages for an injury attributable to the claimant's contributory fault, but does not bar recovery. This rule applies whether or not under prior law the claimant's contributory fault constituted a defense or was disregarded under applicable legal doctrines, such as last clear chance.

(2) "Fault" includes acts or omissions that are in any measure negligent or reckless toward the person or property of the actor or others, or that subjects a person to strict tort liability. The term also includes breach of warranty, unreasonable assumption of risk not constituting an enforceable express consent, misuse of a product for which the defendant otherwise would be liable, and unreasonable failure to avoid an injury or to mitigate damages. Legal requirements of causal relation apply both to fault as the basis for liability and to contributory fault.

SECTION 2. A NEW SECTION OF KRS CHAPTER 411 IS CREATED TO READ AS FOLLOWS:

(1) In all actions involving fault of more than one (1) party to the action, including third-party defendants and persons who have been released under Section 6 of this Act, the court, unless otherwise agreed by all parties, shall instruct the jury to answer special interrogatories or, if there is no jury, shall make findings, indicating:

(a) The amount of damages each claimant would be entitled to recover if contributory fault is disregarded; and

(b) The percentage of the total fault of all of the parties to each claim that is allocated to each claimant, defendant, third-party defendant, and person who has been released from liability under Section 6 of this Act. For this purpose the court may determine that two (2) or more persons are to be treated as a single party.

(2) In determining the percentages of fault, the trier of fact shall consider both the nature of the conduct of each party at fault and the extent of the causal relation between the conduct and the damages claimed.

(3) The court shall determine the award of damages to each claimant in accordance with the findings, subject to any reduction under Section 6 of this Act, and enter judgment against each party liable on the basis of rules of joint-and-several liability. For purposes of contribution under Sections 4 and 5 of this Act, the court also shall determine and state in the judgment each party's equitable share of the obligation to each claimant in accordance with the respective percentages of fault.

(4) Upon motion made not later than one (1) year after judgment is entered, the court shall determine whether all or part of a party's equitable share of the obligation is uncollectible from that party, and shall reallocate any uncollectible amount among the other parties, including a claimant at fault, according to their respective percentages of fault. The party whose liability is reallocated is nonetheless subject to contribution and to any continuing liability to the claimant on the judgment.

SECTION 3. A NEW SECTION OF KRS CHAPTER 411 IS CREATED TO READ AS FOLLOWS:

A claim and counterclaim shall not be set off against each other, except by agreement of both parties. On motion, however, the court, if it finds that the obligation of either party is likely to be uncollectible, may order that both parties make payment into court for distribution. The court shall distribute the funds received and declare obligations discharged as if the payment into court by either party had been a payment to the other party and any distribution of those funds back to the party making payment had been a payment to him by the other party.

SECTION 4. A NEW SECTION OF KRS CHAPTER 411 IS CREATED TO READ AS FOLLOWS:

(1) A right of contribution exists between or among two (2) or more persons who are jointly and severally liable upon the same indivisible claim for the same injury, death, or harm, whether or not judgment has been recovered against all or any of them. It may be enforced either in the original action or by a separate action brought for that purpose. The basis for contribution is each person's equitable share of the obligation, including the equitable share of a claimant at fault, as determined in accordance with the provisions of Section 2 of this Act.

(2) Contribution is available to a person who enters into a settlement with a claimant only:

(a) If the liability of the person against whom contribution is sought has been extinguished; and

(b) To the extent that the amount paid in settlement was reasonable.

SECTION 5. A NEW SECTION OF KRS CHAPTER 411 IS CREATED TO READ AS FOLLOWS:

(1) If the proportionate fault of the parties to a claim for contribution has been established previously by the court, as provided by Section 2 of this Act, a party paying more than his equitable share of the obligation, upon motion, may recover judgment for contribution.

(2) If the proportionate fault of the parties to the claim for contribution has not been established by the court, contribution may be enforced in a separate action, whether or not a judgment has been rendered against either the person seeking contribution or the person from whom contribution is being sought.

(3) If a judgment has been rendered. the action for contribution must be commenced within one (1) year after the judgment becomes final. If no judgment has been rendered, the person bringing the action for contribution either must have:

(a) Discharged by payment the common liability within the period of the statute of limitations applicable to the claimant's right of action against him, and commenced the action for contribution within one (1) year after payment, or

(b) Agreed while action was pending to discharge the common liability and, within one (1) year after the agreement, have paid the liability and commenced an action for contribution.

SECTION 6. A NEW SECTION OF KRS CHAPTER 411 IS CREATED TO READ AS FOLLOWS:

A release, covenant not to sue, or similar agreement entered into by a claimant and a person liable discharges that person from all liability for contribution, but it does not discharge any other persons liable upon the same claim unless it so provides. However, the claim of the releasing person against other persons is reduced by the amount of the released person's equitable share of the obligation, determined in accordance with the provisions of Section 2 of this Act.

SECTION 7. A NEW SECTION OF KRS CHAPTER 411 IS CREATED TO READ AS FOLLOWS:

This Act shall be applied and construed so as to effectuate its general purpose to make uniform the law with respect to the subject of this Act among states enacting it.

SECTION 8. A NEW SECTION OF KRS CHAPTER 411 IS CREATED TO READ AS FOLLOWS:

This Act applies to all causes of action accruing after its effective date.

SECTION 9. A NEW SECTION OF KRS CHAPTER 411 IS CREATED TO READ AS FOLLOWS:

This Act may be cited as the uniform comparative fault act.

SB 59, AN ACT relating to juvenile session of district court.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 208.200 is amended to read as follows:

(1) If in its decree the juvenile court finds that the child comes within the purview of subsections (1) or (2) of KRS 208.020, the court may, by order:

(a) Place the child on probation or under supervision in his own home or in a suitable family home or boarding home, upon such conditions as the court shall determine. Probation or supervision shall not be ordered or administered as a punishment, but as a measure for the protection, guidance and well-being of the child and his family. A child so placed on probation or supervision shall be subject to the visitation and supervision of a probation officer or a child welfare worker. Probation and supervision methods shall be directed to the discovery and correction of the basic causes of maladjustment and to the development of the child's personality and character, with the aid of the social resources of the community. A child so placed on probation or supervision shall remain subject to the jurisdiction of the court until he becomes eighteen (18) years of age, unless he is discharged prior thereto by the court*; provided, however, that a child so placed on probation or supervision may remain subject to the jurisdiction of the court until the age of nineteen (19) for the limited purpose of making state and federal educational programs available to him, if after reaching the age of eighteen (18) he indicates to the judge of the juvenile session of district court in open court that he so desires.*

(b) Commit the child to the custody or guardianship of the department or of a private institution or public agency authorized to care for such children, or place the child under the custody and the supervision of a suitable person. All orders of commitment may include such advisory recommendations as the court may deem proper in the best interests of the child and of the public. Such commitment or placement shall be until the age of eighteen (18) subject to the power of the court to terminate the order and discharge the child prior thereto *except that the commitment or placement may be until the age of twenty-one (21) if the child after reaching the age of eighteen (18) indicates to the judge of the juvenile session of district court in open court that he so desires. The extension of the commitment or placement beyond the age of eighteen (18) to age nineteen (19) shall be for the limited purpose of making state and federal educational programs available to the child.* The governing authorities of said department, agency or institution may likewise discharge the child unless the court directs otherwise. Prior to said discharge two weeks' notice must be given to the committing court, to the legal representative of the child and to the county attorney of the county in which committing court presides. During the period of commitment or placement, the court may review a dispositional order and may modify or terminate such order as the court deems essential to the best interests of the child. In committing a child to a private institution or agency the court shall select one that is approved by the department for human resources and children committed to such an institution or agency shall be subject to the visitation and supervision of a probation officer or child welfare worker.

(2) In the event a child who has not reached his eighteenth birthday commits a new offense while under the jurisdiction of the court or during the period of commitment the court shall have exclusive, original jurisdiction of the new offense.

(3) After a child has been disposed of as provided in paragraph (a) or (b) of subsection (1) of this section he may not then be transferred to the circuit court as provided for in KRS 208.170.

(4) If a child sixteen (16) years of age or older has been adjudicated delinquent in the commission of an offense classified as a misdemeanor or violation, the court in its discretion may order as follows:

(a) Participation in a community services work program. The work program shall be of a constructive nature designed to promote the rehabilitation of the child. The program shall be appropriate to the age level and physical ability of the child and shall be combined with counseling from a probation officer or other responsible person. The work program shall not be scheduled during such times that would interfere with educational, occupational, or religious obligations of the child. Assignment to a community services work program shall be made to a governmental or nonprofit community organization for a specified period of time, not to exceed one hundred and twenty (120) hours for a child adjudicated delinquent in the commission of a Class A misdemeanor, not to exceed eighty (80) hours for a child adjudicated delinquent in the commission of a Class B misdemeanor, and not to exceed forty (40) hours for a child adjudicated delinquent in the commission of an offense classified as a violation under the penal code. A child may be directed to participate in a community services work program as provided in this subsection for the purposes of restitution authorized by KRS 208.240.

(b) The court may impose a fine for a misdemeanor or violation offense. The imposition of a fine for a misdemeanor or violation offense committed by a child shall be based upon a determination that such disposition is in the best interest of the child and to aid in his rehabilitation. Any such order shall include a finding that the child is financially able to pay such fine.

(c) Fines shall be levied consistent with the schedule set forth below:

For a Class A misdemeanor, not to exceed $150;
For a Class B misdemeanor, not to exceed $75; and
For a violation, not to exceed fifty dollars ($50).

When a child is directed by the court to pay a fine, the court may provide for payment to be made within a specified period of time or in specified installments. If such provision is not made a part of the court's disposition, the fine shall be payable immediately.

(5) When a child has been ordered to comply with the provisions in subsection (4) above and fails to do so, the court upon motion of the prosecuting attorney or upon its own motion may require the child to show cause why he should not be held in detention for noncompliance with the court order. The court may issue an order of custody or a summons for his appearance.

(6) Following issuance of a show cause order pursuant to subsection (5) above, unless the child can show that noncompliance was not the result of an intentional refusal to comply with the court order or not the result of a failure to make a good faith effort to comply with the court order, the court may order the child detained as follows:

(a) For a period not to exceed five (5) days if the order is imposed for the commission of a Class A misdemeanor;

(b) For a period not to exceed three (3) days if the order is imposed for the commission of a Class B misdemeanor;

(c) For a period not to exceed two (2) days if the order is imposed for the commission of a violation.

Any detention imposed for failure to comply with the court order shall not be scheduled for a time that would interfere with the educational obligations of the child, and shall be in an approved detention facility as provided in KRS 208.130.

(7) When in the judgment of the court a disposition stated above in subsection (4) is inadequate to aid in the rehabilitation of a misdemeanor offender, the court in its discretion may order a child sixteen (16) years of age or older who has been adjudicated delinquent in the commission of an offense classified as a misdemeanor to detention in an approved detention facility as provided in KRS 208.130 based upon the schedule set forth below:

Class A misdemeanor, 1 to 30 days;
Class B misdemeanor, 1 to 15 days;

provided, that, the court shall advise the child prior to entering its order under this subsection that the child upon demand may receive a trial by jury in the regular session of district court, which trial and any appeal therefrom shall be conducted in accordance with the Rules of Criminal Procedure.

The detention of a juvenile misdemeanor offender shall not be scheduled to interfere with the educational obligations of the child. Detention may be scheduled during periods such as weekends, after school, or overnight. Any portion of a day spent in detention shall be deemed as one day for the purposes of serving a detention term.

(8) No adjudication by a juvenile court of the status of any child shall be deemed a conviction, nor shall such adjudication operate to impose any of the civil disabilities ordinarily resulting from a criminal conviction, nor shall any child be found guilty or be deemed a criminal by reason of such adjudication.

The question shall be so framed that the voter may by his vote answer, "for" or "against." If a majority of the votes cast in a district or combined taxing district upon the question oppose its passage, the order or resolution shall not go into effect in that district or combined taxing district. (2) Unless said unissued 1956 bonds are successfully sold by the commission on or prior to August 31, 1960, a proposal as set forth in KRS 177.700 to 177.820 shall be submitted to the qualified voters of the Commonwealth at the regular election scheduled by law to be held on November 8, 1960, seeking the voters' authorization and approval of removing, as to said unissued 1956 bonds, the three percent (3%) interest rate limitation presently applicable thereto. Inasmuch as said unissued 1956 bonds have been taken into account in determining the amount of money otherwise necessary to be provided through issuance of additional bonds as hereinafter set forth, such proposal that the voters remove said existing interest rate limitation as to the unissued 1956 bonds shall appear on the ballots at the election to be held on November 8, 1960, as a part of the ballot question submitting for authorization and approval KRS 177.700 to 177.820 as a whole and the proposed issuance of an additional one hundred million dollars ($100,000,000) of general obligation bonds of the Commonwealth for state parks, and for highways, bridges and tunnels, as hereinafter provided. (3) In the event the said unissued 1956 bonds are successfully sold by the commission on or prior to August 31, 1960, according to the presently existing interest rate limitation, the commission shall, not later than September 1, 1960, so notify the secretary of state of the Commonwealth; and inasmuch as there will then no longer be any occasion to seek authorization of the voters for removal of said interest rate limitation, the question to appear upon the ballots submitting KRS 177.700 to 177.820 for authorization and approval of the voters at the election on November 8, 1960, shall be as provided in KRS 177.750.

(4) Based upon representations made by the commission as set forth in this section the secretary of state shall, after September 1, 1960, determine whether the form of question to be used in submitting KRS 177.700 to 177.820 to the voters for authorization and approval at the election on November 8, 1960, shall be as set forth in KRS 177.740, or as set forth in KRS 177.750, and shall certify the applicable form of ballot question to the respective county clerks at the same time that candidates for public office are provided to be certified pursuant to KRS 118.225; and when each county clerk causes the ballots to be printed according to KRS 117.145 the form of question so certified by the secretary of state shall be caused to appear thereon with appropriate spaces for the voters to designate "Yes" or "No" [as provided in KRS 118.170 (3)].

The election shall be held under the general election laws. The question shall be: "Are you in favor of issuing .... in bonds for the purpose of building roads and bridges?"

(3) All the money raised by the sale of bonds under this section shall be used solely for the construction of hard surface roads.

Section 136. KRS 178.330 is amended to read as follows:

(1) It is hereby declared that in counties containing a city of the first class a system of county through roads over which traffic can be routed or which can serve as major connecting links to state highways is a necessary and integral part of a unified system of highways, roads and streets needed for the movement of traffic in such a metropolitan area and that the construction, reconstruction, widening, relocation, repair. maintenance and improvement of such a system of county through roads is a proper and legitimate public function as an alternative to other authorizations or requirements.

(2) The fiscal court of a county containing a city of the first class, acting upon the basis of an engineering and traffic investigation by the county road engineer, may designate for purposes of construction. reconstruction, widening, relocation, repair, maintenance and improvement from among the public roads within the county certain roads proposed to constitute the "county through road system." (3) As soon as the proposed county through roads are designated as provided in subsection (2) of this section, the fiscal court shall cause such county through roads to be marked on a map to be deposited with the county road engineer and to be open to public inspection. Upon the filing of the map, the clerk of the fiscal court shall, in conformance with KRS 424.130 (1) (b), have published in a newspaper of bona fide general circulation within the county (a) a notice of the proposed adoption of a county through road system, (b) a description of roads or portions thereof proposed to be included, (c) notice of the date upon which the fiscal court will consider the adoption of the county through road system, and (d) notice that the map of the proposed county through road system is open to inspection in the office of the county road engineer.

(4) At any time before the adoption of the county through road system, any freeholder of the county may file a petition with the county road engineer asking for any change in the designated county through roads, setting forth the reason for the proposed change. Such petition shall be accompanied by a plat showing such proposed change. Any such petition shall be considered by the fiscal court at its meeting held on the date advertised in accordance with subsection (3) of this section. The fiscal court may accept or reject any such suggested changes in the proposed county through road system. The fiscal court may continue the consideration to a later meeting which must be advertised as provided in subsection (3) of this section. The roads which the fiscal court so designated by official resolution shall be conclusively established as the county through road system.

(5) Classifications or designations of a county through road system established by this section shall not affect or change classifications or designations made by other sections of the Kentucky Revised Statutes such as "county roads," "main county roads," "rural and secondary roads," "turnpikes," "city streets" or similar terms; except that when there is an irreconcilable conflict arising from the actual application of this section in a given instance and a designation or classification made in other sections of the Kentucky Revised Statutes, this section shall prevail. Nothing in KRS 178.020 to 178.040, 178.117, 178.330 to 178.337, 179.070 and 179.330 shall preclude the expenditure on the county through road system, including portions within cities, of state funds allocated for public highways under the provisions of KRS 179.410 to 179.430, or KRS 177.320 to *177.368* [177.380], or any other section of the Kentucky Revised Statutes in accordance with the provisions of KRS 177.330, KRS 177.340, or KRS 179.420.

The expense of the election shall be borne by the fiscal court except where the election is held in a district embracing a city of the first five (5) classes, in which case the cost of the election shall be borne by the governing body of the city.

(5) Notwithstanding the limitations contained in KRS 132.023, any governmental unit which after March 21, 1968, levies a tax for aviation purposes under KRS 183 may exclude such tax from consideration in calculating the compensating tax rate as now or subsequently defined in KRS *132.010* [132.011] or any amendments thereto or other act substituted therefor.

Whenever practicable the left turn shall be made to the left of the center of the intersection and so as to leave the intersection or other location in the extreme *right-hand* [left-hand] lane lawfully available to traffic moving in the same direction as such vehicle on the roadway being entered.

(7) The department of transportation and local authorities in their respective jurisdictions may cause official traffic control devices to be placed and thereby require and direct that a different course from that specified in this section be traveled by turning vehicles and when such devices are so placed no operator shall turn a vehicle other than as directed and required by such devices.

(8) The operator of any vehicle shall not turn such vehicle so as to proceed in the opposite direction unless such movement can be made in safety without interfering with other traffic.

(9) The operator of a vehicle intending to turn to the left within an intersection or into an alley, private road or driveway shall yield the right of way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard.

(10) The operator of a vehicle about to enter or cross a roadway from any place other than another roadway shall yield the right of way to all vehicles approaching on the roadway to be entered or crossed.

Section 152. KRS 199.380 is amended to read as follows:

No person or persons shall board or lodge children under the age of sixteen (16) years, or in any manner conduct a boarding home or boarding house for children under the age of sixteen (16) years, unless authorized and empowered so to do, in writing, by the health officer of the county in which such boarding home or boarding house is conducted. Before authorizing or empowering any person or persons to board or lodge children under the age of sixteen (16) years, or in any manner to conduct a boarding house or boarding home for such children, the health officer to whom an application is made for such authority or power shall make or cause to be made, an investigation to determine whether such person or persons have made suitable, sanitary and satisfactory arrangements for the health of such children. When such authority and power have been granted by a health officer the same may be revoked at any time, in the discretion of said health officer, when he shall determine that arrangements for the health of the children boarded or lodged in such boarding home or boarding house are unsuitable and unsatisfactory, and in no event shall such authority and power be effective for a longer period than one (1) year following the granting of same. Whenever the health officer of any county shall be notified by the juvenile *session of district* court of such county, or notified by the probation officer thereof, that the person or persons operating a boarding home or boarding house for children under the age of sixteen (16) years are not making suitable and satisfactory arrangements for the health of the children being boarded or lodged therein, he shall make or cause to be made an investigation to determine whether or not the power and authority of such person or persons to operate such home shall be revoked. Any person who boards or lodges a child under the age of sixteen (16) years without having the permit provided for herein shall be guilty of an offense and punished as provided in subsection (3) of KRS 199.990.

Section 153. KRS 199.390 is amended to read as follows:

Every person who boards or lodges children under the age of sixteen (16) years or conducts a boarding house or boarding home for such children, shall keep a book, securely bound, in which shall be entered the name, sex and race of every child boarded or lodged in the house or home conducted by him or her, together with the names and post-office addresses of the parents of such child, the date such child was placed in such house or home, the date of such child's birth and the amount charged each week or month as compensation for boarding or lodging such child. Such facts shall be entered in said book at the time said child is placed in said house or home and shall be signed by the person or persons placing said child therein before leaving the premises upon which said house or home is conducted. Such book shall always be available for inspection by the health officer of the county in which said house or home is situated, or the judge of the juvenile *session of district* court of said county, or any probation officer of said court. Failure to comply with the provisions of this section shall constitute an offense, punishable as provided in subsection (3) of KRS 199.990.

Section 154. KRS 199.473 is amended to read as follows:

(1) All persons other than a licensed child-placing agency or institution, the department or persons excepted by KRS 199.470(4) or (5) who wish to place or receive a child shall make written application to the secretary for permission to place or receive a child. Upon receipt of an application to place or receive a child the secretary shall cause an investigation to be made of the home and the background of the person or persons wishing to receive the child. The purpose of the investigation shall be to determine the suitability of the applicants to receive a child, taking into account at all times the best interest of the child for whom application to receive has been made. The child welfare worker making the investigation shall make a finding in writing recommending either that the application be granted or that the application be denied. In either case reasons for the child welfare worker's recommendation shall be given in writing. The recommendation of the child welfare worker shall then be reviewed by the secretary. Based on the report and recommendation of the child welfare worker making the investigation, the secretary shall grant or refuse permission for the applicant to place or receive a child as early as practicable, but, in any case, the decision shall be made within sixty days after the receipt of the application. In reaching his decision the secretary shall be guided by the ability of the persons wishing to receive the child to give the child a suitable home, and shall at all times consider the best interest of the child from a financial, medical, psychological and psychiatric standpoint. If the application is refused the secretary shall in general terms furnish in writing the reasons for his refusal.

(2) In any case where the department refuses to approve the placement of a child for adoption when requested by the parent or parents of the child, or refuses the request of any person or persons that a child be placed with him or them for adoption, the decision of the secretary in so refusing shall be final unless within ten days after notice of refusal, the natural or proposed adopting parent or parents shall appeal to the circuit court of the county in which the adoption is proposed, provided however that no placement shall be disapproved on the basis of the religious, ethnic, racial or inter-faith background of the adoptive applicant, if such placement is made with the consent of the parent. The department shall be made a party defendant to the appeal. In the hearing of an appeal the court shall review the findings of the secretary and shall determine if the secretary has acted arbitrarily, unlawfully, or in such a manner as to constitute an abuse of discretion.

(3) No person, association or organization, other than the department or a licensed child-placing institution or agency shall place a child or act as intermediary in the placement of a child for adoption or otherwise, except in the home of a stepparent, grandparent, sister, brother, aunt or uncle, or upon written approval of the secretary. Nothing in this subsection shall be construed to limit the department for human resources in carrying out its aid to dependent children program in accordance with KRS Chapter 205.

(4) In the event a child who does not fall within the exception provided for in KRS 199.470(4) or (5) is placed or received in a home without the permission of the secretary for human resources, or in the event permission to receive a child has been denied, a representative of the department may petition the juvenile *session of district* court of the county in which the child is found setting out the facts concerning the child. When such petition has been filed, the [juvenile] court shall take jurisdiction of the child and shall provide for it as it would provide for a dependent, neglected or abused child under KRS 208.020 except that the child may not be placed in the home of the applicants to receive him unless permission to do so is granted by the secretary or such action is ordered by a circuit court, the Kentucky Court of Appeals or Supreme Court of Kentucky.

(5) Nothing in this statute shall be construed to limit the authority of the department or a licensed child-placing institution or agency to determine the proper disposition of a child committed to it by the juvenile *session of district* court or the circuit court, prior to the filing of an application to place or receive.

Section 155. KRS 199.609 is amended to read as follows:

(1) The circuit court shall have jurisdiction of proceedings under this chapter to terminate parental rights. A petition for involuntary termination of parental rights may be filed in the circuit court for any of the counties in the following order of priority:

(a) The county in which either parent resides or may be found;

(b) The county in which juvenile *session of district* court action concerning the child, if any, has commenced;

(c) The county in which the child involved resides or is present.

(2) The petition for involuntary termination of parental rights under KRS 199.601 to 199.617 shall be verified and contain the following:

(a) Name and identity of each petitioner;

(b) Name, sex, and date of birth of the child;

(c) Name and address of the parents of the child;

(d) Grounds for the termination of parental rights;

(e) Name and identity of the person or the authorized agency to which custody is sought to be transferred;

(f) Statement that the agency to whom custody is to be given has facilities available and is willing to receive the custody of the child;

(g) Other information concerning termination or disclaimers of parenthood.

Section 156. KRS 208.020 is amended to read as follows:

(1) The juvenile session of the district court of each county shall have exclusive jurisdiction in proceedings concerning any child living, or found within the county who has not reached his eighteenth birthday or of any person who at the time of committing a public offense was under the age of eighteen (18) years:

(a) Who has committed a public offense, except a moving motor vehicle offense, involving a child sixteen (16) years of age or older. The court shall not have jurisdiction in any prosecution of a moving motor vehicle offense involving a child sixteen (16) years of age or older. Juvenile offenders sixteen (16) years of age or older accused of moving motor vehicle offenses shall be treated as any adult offender; provided, however, that the term "moving motor vehicle offense" shall not be deemed to include the offense of stealing or converting a motor vehicle nor operating the same without the owner's consent, nor any offense which constitutes a felony; or

(b) Who does not subject himself to the reasonable control of his parents, teacher, guardian or custodian, by reason of being wayward or habitually disobedient; or

(c) Who is an habitual truant from home or from school; or

(d) Who is found by the court to be dependent, neglected, or abused.

(2) The court of each county wherein a public offense, as defined in paragraph (a) of subsection (1) of this section, is committed by a child who is a resident of another county of this state, shall have concurrent jurisdiction over such child with the court of the county wherein the child resides, or the court of the county where the child is found. Whichever court first acquires jurisdiction of such child may proceed to final disposition of his case, or, in its discretion may make an order transferring the case to the court of the county of his residence, or the county wherein the offense was committed, as the case may be.

(3) The court of each county shall have exclusive jurisdiction of persons charged with violations of KRS 530.060 and 530.070.

(4) No person shall willfully and unnecessarily expose to the inclemency of the weather, or in any other manner willfully injure in health or limb any child actually or apparently under the age of sixteen (16) years. The juvenile session of district court shall have exclusive jurisdiction of persons who violate this subsection.

(5) No person shall for gain or reward employ or cause to be employed, or exhibit, use, or have in his custody for the purpose of exhibiting, or employing, any child actually or apparently under the age of sixteen (16) years, nor shall any person having the care, custody, or control of such child, in any way procure, or consent for gain or reward, to the employment or exhibition of such child, either:

(a) In begging or receiving alms, or in any mendicant occupation;

(b) If the child is a female, in peddling or in any wandering occupation;

(c) In any indecent or immoral occupation or practice;

(d) In the exhibition of any such child when insane, or idiotic; or

(e) In any practice or exhibition of unusual danger to life, limb, health or morals of the child.

The juvenile session of district court shall have exclusive jurisdiction of persons who violate this subsection.

(6) Any person, over whom the court has jurisdiction under subsections (3), (4) or (5) of this section, shall be entitled to a trial by jury.

(7) Nothing in this chapter shall deprive other courts of the jurisdiction to determine the custody or guardianship of children upon writs of habeas corpus, or to determine the custody or guardianship of children when such custody or guardianship is incidental to the determination of other causes pending in such other courts; nor shall anything in this chapter affect the jurisdiction of circuit courts over adoptions and proceedings for termination of parental rights. The juvenile session of district court shall have no jurisdiction to make permanent awards of custody of a child, but if the court finds an emergency to exist affecting the welfare of a child, it may make temporary orders for its custody, pending the outcome of proceedings in circuit court to determine its permanent custody. Such orders shall be entirely without prejudice to the proceedings for permanent custody of the child, and shall remain in effect until modified or set aside by the court. Upon the entry of a temporary or final judgment in the circuit court, awarding custody of such child, all prior orders of the juvenile *session of district* court in conflict therewith shall be deemed canceled.

(8) Actions brought under subsection (1)(a) of this section shall be considered to be delinquency actions.

(9) Actions brought under subsection (1)(b) and (c) of this section shall be considered to be status actions.

(10) Actions brought under subsection (1)(d) of this section shall be considered to be dependency actions.

Section 157. KRS 208.060 is amended to read as follows:

(1) All cases involving children brought before the court shall be granted a speedy hearing and shall be dealt with by the juvenile *session of district* court at separate hearings and without a jury except that a trial by jury may be had in accordance with the provisions of KRS 208.020(3), (4) and (5). The hearings may be conducted in an informal manner. The general public shall be excluded and only the immediate families or guardians of the parties before the court, witnesses necessary for the prosecution and defense of the case, the probation worker with direct interest in the case, those persons enumerated under KRS 208.040, such persons admitted as the judge shall find have a direct interest in the case or in the work of the court, and such other persons as agreed to by the child and his attorney may be admitted to the hearing. Witnesses shall be admitted to the hearing only for the duration of their testimony.

(2) Juvenile proceedings shall consist of two distinct hearings, an adjudication and a disposition, which may, upon motion of the child, be held on separate days.

(a) The adjudication shall determine the truth or falsity of the allegations in the petition and shall be made on the basis of an admission or confession of the child to the court or by the taking of evidence.

(b) Upon motion by any child brought before the court on a petition under KRS 208.020(1)(a), (b), or (c), the Rules of Criminal Procedure shall apply to all matters involved in the adjudication of the case. All adjudications shall be supported by evidence beyond a reasonable doubt.

(c) After adjudication, a determination by the court that detention pending disposition is necessary shall be based on a finding of the court by a preponderance of the evidence that the circumstances surrounding the child are such as to endanger his safety or welfare or that of the community.

(d) The disposition shall determine the action to be taken by the court on behalf of, and in the best interest of, the child. Unless the provisions of subsections (3) and (4) are observed by the court, the disposition shall be limited to an informal adjustment of the matter between the parties and the court. The provisions of subsections (3) and (4) shall be conditions precedent to any commitment, court-ordered probation, restitution, or other disposition enforceable by the authority of the court. No public or private agency or body, or party before the court, shall participate in any order of the court unless it receives from the court a verified statement, signed by the juvenile judge, that the rights enumerated in subsections (3) and (4) were granted to the child during the proceedings in juvenile *session of district* court.

(3) Before commencing a hearing and proceeding to determine the truth or falsity of the allegations in a petition filed with the court under KRS 208.020(1)(a), (b), or (c), the court shall decide, on the basis of a preliminary inquiry made by the court, whether or not the best interest of the child indicates that the petition should be dismissed and the child's case adjusted informally among the parties. An informal adjustment may be made at any time during the proceedings. All petitions brought under KRS 208.020(1)(a), (b), or (c) shall receive this consideration by the court. No petition shall be brought against the child as a result of information given to the court by the child as part of an informal adjustment. If the court finds it necessary to extend the discussion, during an informal adjustment, beyond the immediate subject matter of the complaint before it, the child and his parents, relative, guardian, or custodian shall be advised of all the rights under this subsection. If the court determines that a formal proceeding is required to determine the truth or falsity of the allegations against the child, a petition, sworn to by the complainant, shall be required pursuant to KRS 208.070(1) and (2), and the court shall, when the child is brought before the court:

(a) Explain to the child and his parents, relative, guardian, or custodian their respective rights to counsel and, if the child and his parents, relative, guardian, or custodian are unable to obtain counsel, shall appoint counsel for the child and may appoint counsel for the parents, relative, guardian, or custodian;

(b) Explain the privilege against self-incrimination by saying that the child, parents, relative, guardian, or custodian may remain silent concerning the charges against the child, and that anything said may be used against the child and result in his commitment to the department or an institution for juvenile delinquents;

(c) Explain the right to confront anyone who has accused the child and to cross-examine that person on the allegations made against the child;

(d) Advise the child and his parents, relative, guardian, or custodian of the right to appeal from a determination of the court;

(e) Advise the child that these rights belong to him and may not be waived by his parents, relative, guardian, or custodian.

(4) At the disposition of a child adjudicated on a petition brought pursuant to KRS 208.020(1)(a), (b), or (c), all information helpful in making a proper disposition, including oral and written reports, may be received by the court in compliance with KRS 208.060(2)(d) and relied upon to the extent of their probative value, provided that the parties or their counsel shall be afforded an opportunity to examine and controvert the reports and cross-examine the individuals making the reports.

(5) In the case of any child brought before the court on a petition under KRS 208.020(1)(d), the rules of evidence and procedure described in subsection (3) of this section shall apply.

Section 158. KRS 208.070 is amended to read as follows:

(1) Whenever any person informs the juvenile *session of district* court that a child is within the purview of KRS 208.020, the court shall make a preliminary inquiry to determine whether the interests of the public or of the child require that further action be taken. Thereupon the court may make such informal adjustment as is practicable without a petition, or a petition for proceedings concerning the child may be filed by any person. The petition and all subsequent court documents shall be entitled: "In the interest of ...., a child."

(2) The petition shall be verified and may be upon information and belief. It shall set forth plainly:

(a) The facts which bring the child within the purview of KRS 208.020;

(b) The name, age and residence of the child;

(c) The name and residence of each parent;

(d) If the child has a legal guardian other than a parent, the name and residence of such guardian;

(e) If no parent or guardian is known or can be found, the name and residence of the nearest known adult relative of the child;

(f) If the child is in the custody or control of a person other than the parent, guardian or nearest adult relative, the name and residence of such person.

(3) If any of the facts required to be stated in the petition are not known by the petitioner, the petition shall so state.

Section 159. KRS 208.120 is amended to read as follows:

No child under sixteen (16) shall at any time be detained in any police station, lockup, jail or prison, except that, on the basis of a hearing for that purpose, by the [juvenile court] judge *of the juvenile session of district court*, a child whose conduct or condition is such as to endanger his safety or welfare or that of others in the detention facility for children, may be placed in a jail or other place of detention for adults, but in a room or ward entirely separate from adult prisoners.

Section 160. KRS 208.130 is amended to read as follows:

(1) The fiscal court of each county shall provide for a suitable facility or facilities for the custody and care of children held in custody pending disposition of their cases by the juvenile *session of district* court, and may employ necessary personnel for the operation thereof.

(2) In counties containing a city of the first or second class, the fiscal court shall maintain a permanent detention home, either through arrangement with another public agency or with a private organization or agency, or by acquiring and operating the home as a county institution.

(3) In counties other than those containing a city of the first or second class, the fiscal court shall either maintain a detention home or arrange for the use of private or family homes.

(4) The department may assist the counties in the acquisition, development and furnishing of detention facilities, and may employ available funds for that purpose. The detention facilities may be subject to the supervision of the department, and shall conform to rules and regulations prescribed by the department.

(5) Each child detained in such facility shall be deemed to be under the jurisdiction of the juvenile *session of district* court before which his case is pending.

(6) The fiscal court of any county may arrange with the department for the use of its regional reception-diagnostic centers for those cases pending before the juvenile *session of district* court of its county. The fiscal court is authorized to make such payments as agreed upon with the department for the use of the services and facilities. The use of the department's regional reception-diagnostic centers by the individual juvenile courts shall not give such juvenile courts jurisdiction over the department's regional reception-diagnostic centers.

(7) The fiscal court of any county other than a county containing a city of the first or second class or urban-county government may request in writing that the department operate, maintain and control any secure detention facility for juveniles presently located in the county for which it is responsible. Within ninety (90) days of the receipt of such request the department may take control of and operate and maintain such facility if it meets standards prescribed by the department. If the department's budget permits and the department does operate, maintain and control such facility, it may accept appropriate children for placement in the facility who may be before the court in counties other than the county in which the facility is located.

(8) Upon the department's agreement to accept control of a secure detention facility for juveniles as prescribed in subsection (7) of this section, the department shall continue to operate the facility unless or until by mutual agreement the control, operation and maintenance of the facility is returned to the fiscal court.

(9) Upon the department's agreement to accept control of a secure detention facility for juveniles as prescribed in subsection (7) of this section, the detention facility and the physical property upon which the facility is located may be transferred to the Commonwealth of Kentucky by deed or by lease as agreeable to the department.

Section 161. KRS 208.140 is amended to read as follows:

(1) Before making disposition of the case of a child brought before the juvenile *session of district* court, whether by petition pursuant to KRS 208.070 or by reason of having been taken into custody pursuant

to KRS 208.110, the judge shall cause an investigation to be made, concerning the nature of the specific act complained of, and any circumstances surrounding the child which throw light on the future care and guidance which should be given the child. The investigation shall include an inquiry into the child's age, habits, school record, general reputation and everything that may pertain to his life and character. The investigation shall also include an inquiry into the home conditions, life and character of the person having custody of the child. The result of the investigation shall be reported in writing to the judge previous to the final hearing of the child's case, and shall become a part of the record of the proceedings.

(2) The investigation shall be conducted by volunteer or salaried probation officers of the juvenile *session of district* court or by a suitable public or private agency. The department may furnish investigation services under agreements with the individual juvenile courts. For this purpose, any county judge/executive may enter into a contract on behalf of his county with the department for the furnishing of such services.

Section 162. KRS 208.150 is amended to read as follows:

If an investigation indicates that a child before the juvenile *session of district* court may be mentally ill or defective, the court may cause the child to be examined by a health officer or child guidance clinic, or any reputable physician who will conduct the examination. If such examination confirms mental illness or defect, further proceedings shall be had in accordance with the law governing inquests concerning sanity.

Section 163. KRS 208.160 is amended to read as follows:

(1) When the health or physical condition of any child before the juvenile *session of district* court requires it, the court may order the child to be placed in a public hospital or institution for treatment or special care, or in a private hospital or institution which will provide treatment and care. In order to ascertain the physical condition of a child, the court may cause the child to be examined by a health officer or children's clinic or any reputable physician who will conduct the examination.

(2) The court may order or consent to necessary medical treatment, including surgical procedures, except for the purpose of abortion or sterilization, after a hearing conducted to determine the necessity of such treatment or procedure. Reasonable notice, taking into account any emergency circumstances, shall be provided to the parents, guardian or custodian of the child to enable them to attend the hearing.

Section 164. KRS 208.170 is amended to read as follows:

(1) If, prior to an adjudicatory hearing in the juvenile *session of district* court, it appears to the court that there is reasonable cause to believe that a child before the court has committed a felony, and at the time of commission of the offense the child was sixteen (16) years of age or older, or was less than sixteen (16) years of age but the offense was a class A felony or a capital offense, and the court is of the opinion that the child be tried and disposed of under the regular law governing crimes, the court shall conduct a separate hearing to determine if the case should be transferred to the circuit court of the county in which the offense was committed. No child shall be considered a felon for any purpose until transferred to, tried and convicted of a felony by a circuit court.

(2) The hearing held to consider the transfer of a juvenile to the circuit court shall determine if there is probably cause to believe that an offense was committed and that the child committed the offense.

(3) If the court determines that probable cause exists, it shall then determine if it is in the best interest of the child and the community to order such a transfer based upon the seriousness of the alleged offense; whether the offense was against person or property, with greater weight being given to offenses against persons; the maturity of the child as determined by his environment; the child's prior record; and the prospects for adequate protection of the public and the likelihood of reasonable rehabilitation of the child by the use of procedures, services, and facilities currently available to the juvenile justice system.

(4) If, following completion of the transfer hearing, the court is of the opinion that the best interest of the child and of the public would be protected by such transfer, the order of transfer shall state the reason for such transfer.

(5) When the juvenile *session of district* court so transfers a case to the circuit court:

(a) If a grand jury considers the case and is satisfied there is sufficient evidence to indict the child, it shall be instructed that it may either return an indictment or may return a written report to the circuit court recommending that the child be transferred to the juvenile *session of district* court. If the court believes that such transfer would be proper, it may order the child transferred to the juvenile *session of district* court.

(b) If an indictment is returned. the court may in its discretion order the case transferred to the juvenile *session of district* court.

(c) If an indictment is returned and the court does not transfer the case to juvenile *session of district* court, the child shall be tried as any other defendant.

(d) While under the jurisdiction of the circuit court, the child shall be subject to bail the same as an adult.

Section 165. KRS 208.190 is amended to read as follows:

When a child before the juvenile *session of district* court, whether by petition pursuant to KRS 208.070 or by reason of having been taken into custody pursuant to KRS 208.110, is found by the court to come within the purview of KRS 208.020. the court shall so decree and in its decree shall make a finding of the facts upon which the court exercises its jurisdiction over the child. If the court finds that the child does not come within the purview of KRS 208.020, the child shall be discharged and the proceedings dismissed.

Section 166. KRS 208.198 is amended to read as follows:

(1) The juvenile *session of district* court shall notify the law enforcement agency of the child's county of residence and the law enforcement agencies where any offense was committed of the disposition of each case and of each child committed by the court who is placed in a residential treatment facility by the department.

(2) The department shall notify the juvenile *session of district* court of the county of placement with the conditions of supervised placement of each child placed in that county from one of the residential treatment facilities operated by the department. Notice of the conditions of such placement may be made available by the court to any law enforcement agency.

Section 167. KRS 208.200 is amended to read as follows:

(1) If in its decree the juvenile *session of district* court finds that the child comes within the purview of subsections (1) or (2) of KRS 208.020, the court may, by order:

(a) Place the child on probation or under supervision in his own home or in a suitable family home or boarding home, upon such conditions as the court shall determine. Probation or supervision shall not be ordered or administered as a punishment, but as a measure for the protection, guidance and well-being of the child and his family. A child so placed on probation or supervision shall be subject to the visitation and supervision of a probation officer or a child welfare worker. Probation and supervision methods shall be directed to the discovery and correction of the basic causes of maladjustment and to the development of the child's personality and character, with the aid of the social resources of the community. A child so placed on probation or supervision shall remain subject to the jurisdiction of the court until he becomes eighteen (18) years of age, unless he is discharged prior thereto by the court.

(b) Commit the child to the custody or guardianship of the department or of a private institution or public agency authorized to care for such children, or place the child under the custody and the supervision of a suitable person. All orders of commitment may include such advisory recommendations as the court may deem proper in the best interests of the child and of the public. Such commitment or placement shall be until the age of eighteen (18) subject to the power of the court to terminate the order and discharge the child prior thereto. The governing authorities of said department, agency or institution may likewise discharge the child unless the court directs otherwise. Prior to said discharge two weeks' notice must be given to the committing court, to the legal representative of the child and to the county attorney of the county in which committing court presides. During the period of commitment or placement, the court may review a dispositional order and may modify or terminate such order as the court deems essential to the best interests of the child. In committing a child to a private institution or agency the court shall select one that is approved by the department for human resources and children committed to such an institution or agency shall be subject to the visitation and supervision of a probation officer or child welfare worker.

(2) In the event a child who has not reached his eighteenth birthday commits a new offense while under the jurisdiction of the court or during the period of commitment the court shall have exclusive, original jurisdiction of the new offense.

(3) After a child has been disposed of as provided in paragraph (a) or (b) of subsection (1) of this section he may not then be transferred to the circuit court as provided for in KRS 208.170.

(4) If a child sixteen (16) years of age or older has been adjudicated delinquent in the commission of an offense classified as a misdemeanor or violation, the court in its discretion may order as follows:

(a) Participation in a community services work program. The work program shall be of a constructive nature designed to promote the rehabilitation of the child. The program shall be appropriate to the age level and physical ability of the child and shall be combined with counseling from a probation officer or other responsible person. The work program shall not be scheduled during such times that would interfere with educational, occupational, or religious obligations of the child. Assignment to a community services work program shall be made to a governmental or nonprofit community organization for a specified period of time, not to exceed one hundred and twenty (120) hours for a child adjudicated delinquent in the commission of a Class A misdemeanor, not to exceed eighty (80) hours for a child adjudicated delinquent in the commission of a Class B misdemeanor, and not to exceed forty (40) hours for a child adjudicated delinquent in the commission of an offense classified as a violation under the penal code. A child may be directed to participate in a community services work program as provided in this subsection for the purposes of restitution authorized by KRS 208.240.

(b) The court may impose a fine for a misdemeanor or violation offense. The imposition of a fine for a misdemeanor or violation offense committed by a child shall be based upon a determination that such disposition is in the best interest of the child and to aid in his rehabilitation. Any such order shall include a finding that the child is financially able to pay such fine.

(c) Fines shall be levied consistent with the schedule set forth below:

For a Class A misdemeanor, not to exceed $150;
For a Class B misdemeanor, not to exceed $75; and
For a violation, not to exceed fifty dollars ($50).

When a child is directed by the court to pay a fine, the court may provide for payment to be made within a specified period of time or in specified installments. If such provision is not made a part of the court's disposition, the fine shall be payable immediately.

(5) When a child has been ordered to comply with the provisions in subsection (4) above and fails to do so, the court upon motion of the prosecuting attorney or upon its own motion may require the child to show cause why he should not be held in detention for noncompliance with the court order. The court may issue an order of custody or a summons for his appearance.

(6) Following issuance of a show cause order pursuant to subsection (5) above, unless the child can show that noncompliance was not the result of an intentional refusal to comply with the court order or not the result of a failure to make a good faith effort to comply with the court order, the court may order the child detained as follows:

(7) When in the judgment of the court a disposition stated above in subsection (4) is inadequate to aid in the rehabilitation of a misdemeanor offender, the court in its discretion may order a child sixteen (16) years of age or older who has been adjudicated delinquent in the commission of an offense classified as a misdemeanor to detention in an approved detention facility as provided in KRS 208.130 based upon the schedule set forth below:

provided, that, the court shall advise the child prior to entering its order under this subsection that the child upon demand may receive a trial by jury in the regular session of district court, which trial and any appeal therefrom shall be conducted in accordance with the Rules of Criminal Procedure.

The detention of a juvenile misdemeanor offender shall not be scheduled to interfere with the educational obligations of the child. Detention may be scheduled during periods such as weekends, after school, or overnight. Any portion of a day spent in detention shall be deemed as one day for the purposes of serving a detention term.

(2) It shall be the duty of the friend of the court to supervise and enforce the payment of sums ordered or adjudged by the circuit court in divorce actions to be paid for the care and maintenance of minor children. All persons who have been ordered or adjudged by the court, in connection with divorce actions, to make payments for the care and maintenance of children, shall, if so ordered by the court, make such payments to the friend of the court, and he shall see that the payments are properly applied in accordance

with the order or judgment. However, if the court so directs, the payments may be made through the juvenile *session of district* court of the county; in such case the friend of the court shall render such assistance as may be required in keeping records concerning such payments and in the enforcement of delinquent payments, and the circuit court may direct that a designated amount or portion of the funds appropriated by the fiscal court for expenses of the friend of the court be paid to the juvenile *session of district* court as reimbursement for the expenses incurred by the juvenile *session of district* court in connection with the handling of such payments. The friend of the court shall promptly investigate all cases where payments have become delinquent, and when necessary shall cause the delinquent person to be brought before the court for the purpose of compelling payment. He shall ascertain the facts concerning the care, custody, and maintenance of children for whom payments are being made, and shall report to the court all cases in which the children are not receiving proper care or maintenance, or in which the person having custody is failing to furnish proper custody. He shall make such other reports to the court as the court may require.

(3) In any action for divorce where the parties have minor children, the friend of the court, if requested by the trial judge, shall make such investigation as will enable him to ascertain all facts and circumstances that will affect the rights and interests of the children and will enable the court to enter just and proper orders and judgment concerning the care, custody and maintenance of the children. He shall make a report to the trial judge, at a time fixed by the judge, setting forth his recommendations as to the care, custody and maintenance of the children. He may request the court to postpone the final submission of any case to give him a reasonable time in which to complete his investigation.

(4) The friend of the court shall have authority to secure the issuance by the court of any order, rule or citation necessary for the proper enforcement of orders and judgments in divorce actions concerning the custody, care and maintenance of children. In performing his duties under subsection (3) of this section he shall attend the taking of depositions within the county, and shall have authority to cross-examine the witnesses; in the case of depositions taken on interrogatories, he may file cross interrogatories. He shall be duly notified of the time and place of the taking of depositions in all divorce actions where the parties have minor children, and shall attend the taking of all such depositions when he deems it necessary for the protection of the minor children, or when he may be directed by the court to attend.

(5) The friend of the court shall not directly or indirectly represent any party to a divorce action except as he is herein authorized to represent the minor children of parties to a divorce action, but if an allowance is made for the support of a spouse and an infant child or children, he may proceed to enforce the payment of the allowance made to the spouse also.

(6) The fiscal court of any county which has authorized the appointment of a friend of the court under this section shall, by resolution, fix a reasonable compensation for the friend of the court and make a reasonable allowance for his necessary expenses, equipment and supplies, payable out of the general fund of the county, upon approval of the judge or judges appointing him.

An informal adjustment may be made at any time during the proceedings. All petitions brought under KRS 208.020(1)(a), (b), or (c) shall receive this consideration by the court. No petition shall be brought against the child as a result of information given to the court by the child as part of an informal adjustment. If the court determines that a formal proceeding is required to determine the truth or falsity of the allegations against the child, a petition, sworn to by the complainant, shall be required pursuant to KRS 208.070(1) and (2), and the court shall, when the child is brought before the court:

(a) Explain to the child and his parents, relative, guardian, or custodian their respective rights to counsel and, if the child and his parents, relative, guardian, or custodian are unable to obtain counsel, shall appoint counsel for the child and may appoint counsel for the parents, relative, guardian, or custodian;

(c) Explain the right to confront anyone who has accused the child and to cross-examine that person on the allegations made against the child;

(d) Advise the child and his parents, relative, guardian, or custodian of the right to appeal from a determination of the court;

(e) Advise the child that these rights belong to him and may not be waived by his parents, relative, guardian, or custodian.

(4) At the disposition of a child adjudicated on a petition brought pursuant to KRS 208.020(1)(a), (b), or (c), all information helpful in making a proper disposition, including oral and written reports, may be received by the court in compliance with KRS 208.060(2)(d) and relied upon to the extent of their probative value, provided that the parties or their counsel shall be afforded an opportunity to examine and controvert the reports and cross-examine the individuals making the reports.

(5) In the case of any child brought before the court on a petition under KRS 208.020(1)(d), the rules of evidence and procedure described in subsection (3) of this section shall apply.

The prime contractor shall be jointly and severally liable with a subcontractor for wages due an employe of the subcontractor. For a flagrant or repeated violation the offending contractor or subcontractor shall be barred from bidding on, or working on, any and all public works contracts, either in his name or in the name of any other company, firm, or other entity in which he might be interested for a period of two (2) years from the date of the last offense. Each day of violation shall constitute a separate offense, and the violation as affects each individual worker shall constitute a separate offense.

(9)[(10)] Any public authority, public official, or member of a public authority who willfully fails to comply or to require compliance with KRS 337.505 or 337.550 shall be fined not more than $100 for each offense. Each day of violation shall constitute a separate offense. Where a public authority, public official or member of a public authority willfully or negligently fails to comply with KRS 337.505 to 337.550 and such failure results in damages, injury or loss to any person, such public authority, public official, or member of a public authority may be held liable therefor in a civil action.

(10)[(11)] Any person who fails to comply with KRS 337.070 shall be fined not less than $10, nor more than $100 for each offense and each day that such failure continues shall be deemed a separate offense.

(2) The circuit court shall hear the application for the temporary injunction as soon as possible, irrespective of the regular court calendar.

(3) The commissioner shall not be required to post any bond or pay any court costs or fees with the filing of the application.

Section 264. KRS 339.350 is amended to read as follows:

It shall contain the name and address of the child, the name and address of the employer, the industry and occupation in which the minor is to be employed, the type of evidence of age accepted, and such other information as the department of education shall require.

Section 265. KRS 341.030 is amended to read as follows:

(1) As used in this chapter, unless the context clearly requires otherwise, and except as provided in subsections (2) to (6) of this section, "wages" means all remuneration for services, including commissions, bonuses, and, except for services performed in agriculture and domestic employment, the cash value of all remuneration in any medium other than cash. The reasonable cash value of remuneration in any medium other than cash shall be estimated and determined in accordance with rules prescribed by the commission.

(2) Amounts paid to traveling salesmen or other workers as allowance or reimbursement for traveling or other expenses, incurred on the business of the employing unit, constitute wages only to the extent of the excess of such amounts over such expenses actually incurred and accounted for by the worker to his employer.

(3) Gratuities and tips customarily received by a worker in the course of his employment from persons other than his employing unit do not constitute wages but only if the employing unit does not:

(a) Determine the distribution; or

(b) Take them into account to determine wages; or

(c) Impose or require such tips from other persons.

(4) "Wages" does not include the amount of any payment made to, or on behalf of, a worker under a plan or system established by an employing unit that makes provision for its workers generally or for a class of its workers, including any amount paid by an employing unit for insurance or annuities, or into a fund, to provide for any such payment, on account of:

(a) Retirement;

(b) Sickness or accident disability;

(c) Medical and hospitalization expenses in connection with accident or sickness disability; or

(d) Death, if the worker has not:

1. The option to receive, instead of provision for such death benefit, any part of the payment, or if such death benefit is insured, any part of the premiums or contributions to premiums paid by his employing unit, and

2. The right, under the provisions of the plan or system or policy of insurance providing for such death benefit, to assign such benefit, or to receive a cash consideration in lieu of it either upon his withdrawal from the plan or system providing for such benefit or upon termination of such plan or system or policy of insurance or of his employment with such employing unit.

(5) "Wages" does not include the amount of any payment made by an employing unit without deduction from the remuneration of the worker of the tax imposed under section 3101 of the Internal Revenue Code.

(6) "Wages" does not, for the purposes of KRS 341.260 to *341.310* [341.290], include that part of remuneration which, after wages equal to six thousand dollars ($6,000) have been paid in a calendar year to a worker by a subject employer or his predecessor with respect to covered employment during any calendar year, is paid to such worker by such subject employer during such calendar year unless that part of the wages is subject to a tax under a federal law, imposing a tax against which credit may be taken for contributions required to be paid into a state unemployment fund. For the purpose of this subsection, the term "covered employment" shall include service constituting covered employment under any unemployment compensation law of another state.

Section 266. KRS 341.092 is amended to read as follows:

(1) For the purpose of this chapter, "previously uncovered wages" means wages paid to a worker during his base-period for service performed prior to January 1, 1978 which is defined in section 121 of the unemployment compensation amendments of 1976, Public Law 94-566, as "previously uncovered services."

(2) Benefit payments attributable to wages for previously uncovered *services* [wages] shall not be chargeable to employer reserve accounts, or to the pool account or to employers for payments in lieu of contributions under this chapter to the extent that such benefit payments are reimbursable under provisions of federal law.

Section 267. KRS 341.190 is amended to read as follows:

(1) Each employing unit shall keep true and accurate work records of all workers employed by it, of the wages paid by it to each worker, and such other information as the secretary for human resources considers necessary for the proper administration of this chapter. Such records shall be open for inspection and subject to being copied by the secretary or his authorized representatives at any reasonable time and as often as necessary.

(2) The secretary for human resources may require any employing unit to furnish to the *department* [division] at its central office from time to time information concerning the total amounts of wages paid, total number of persons employed, an individual record of each worker employed, an individual record of each worker whose employment has been terminated or who has been laid off, an individual wage and hour record of each worker employed part time entitled to benefits, and other related matters, including hours worked, which the secretary for human resources considers necessary to the effective administration of this chapter.

(3) All letters, reports, communications, and other matters, written or oral, from employer or worker, to the secretary for human resources or any of his agents, representatives, or employes, or to the commission, or to any board or official functioning under this chapter, which have been written, sent, or made in connection with the requirements and administration of this chapter, shall be absolutely privileged and shall not be the subject matter or basis for any suit for slander or libel in any court, but no employer or employe, or his representative, testifying before the commission, the secretary for human resources or any duly authorized representative thereof, shall be exempt from punishment for perjury. Information thus obtained shall not be published or be open for public inspection except to public employes in the performance of their duties, in any manner revealing or indicating the employing unit's identity, but any claimant at a hearing before

the commission, the secretary for human resources or his duly authorized representative, shall be supplied with information from such records to the extent necessary for the proper presentation of his claim.

Section 268. KRS 341.200 is amended to read as follows:

(1) In the discharge of the duties imposed by this chapter members of the commission, the commissioner or any duly authorized representative thereof, may administer oaths and affirmations, take depositions, certify official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda and other records considered necessary and relevant as evidence in connection with the administration of this chapter. Such subpoena shall be served in the same manner as a subpoena issued out of a circuit court and the sheriff shall receive the same fee as provided by law for like service in civil actions. Witnesses subpoenaed shall be allowed witnesses' fees according to the rates prescribed by KRS *421.015* [421.010] for each day their attendance is actually required at a hearing.

(2) The commissioner, or any authorized representative of the commissioner, shall have the power, in any and all counties of this Commonwealth, now granted by law to sheriffs within their respective jurisdictions, to execute and make due return of all notices, summonses, including summonses duces tecum, subpoenas, and executions in respect to all court actions instituted to enforce the provisions of this chapter. Neither the commissioner nor his authorized representative shall be deemed to be an interested party in the action by reason of his official or representative capacity.

Section 269. KRS 341.245 is amended to read as follows:

Subject to the provisions of KRS 56.440 to 56.550, inclusive, the secretary is authorized and empowered to use all or any part of the funds accumulated under the provisions of KRS [341.290 and] 341.295 for the purpose of acquiring suitable space for either central or district offices of the department by way of purchase, lease, contract, or in any other manner including the right to use said funds or any part thereof to assist in financing the construction of any building erected by the Commonwealth or any of its agencies wherein available space will be provided for the department under lease or contract between the department and the Commonwealth or such other agency whereby said department will continue to occupy such space, rent free, after the cost of financing such building has been liquidated.

Section 270. KRS 341.270 is amended to read as follows:

(1) Each subject employer's contribution rate shall be two and seven-tenths percent (2.7%) except as otherwise provided in this section.

(2) No subject employer's contribution rate shall be less than two and seven-tenths percent (2.7%) unless benefits were chargeable to his account with respect to the thirty-six (36) consecutive months immediately preceding the computation date.

(3) For the calendar year 1978 and each calendar year thereafter, employer contribution rates shall be determined in accordance with "Table A" set out in subsection (4) of this section. For each calendar year, the secretary shall determine the fund solvency factor, as of the 31st day of October immediately preceding the calendar year for which contribution rates are determined, by dividing the "benefit cost rate" into the "statewide reserve rate." If such factor:

(a) Equals or exceeds 1.8, the rates listed in "Schedule A" of "Table A" shall be in effect.

(b) Equals or exceeds 1.5 but is less than 1.8, the rates listed in "Schedule B" of "Table A" shall be in effect.

(c) Equals or exceeds 1.2 but is less than 1.5, the rates listed in "Schedule C" of "Table A" shall be in effect.

(d) Equals or exceeds 1.0 but is less than 1.2, the rates listed in "Schedule D" of "Table A" shall be in effect.

(e) Equals or exceeds 0.8 but is less than 1.0, the rates listed in "Schedule E" of "Table A" shall be in effect.

(f) Equals or exceeds 0.4 but is less than 0.8, the rates listed in "Schedule F" of "Table A" shall be in effect.

(g) Less than 0.4, the rates listed in "Schedule G" of "Table A" shall be in effect.

(4) For the calendar year, 1978 and each calendar year thereafter, contribution rates shall be determined upon the basis of an individual employer's reserve ratio as of the computation date and the schedule of rates established under subsection (3) of this section. Except as otherwise provided in this section, the contribution rate for each subject employer for the calendar year immediately following the computation date shall be the rate in that "Schedule" of "Table A", as set out below, effective with respect to such calendar year, which appears on the same line as his reserve ratio as shown in the "Employer Reserve Ratio" column of the same table.

(5) As used in this section and elsewhere in this chapter, unless the context clearly requires otherwise:

(a) "Trust fund balance" means the amount of money in the unemployment insurance fund, less any unpaid advances made to the state under section 1201 of the social security act. In determining the amount in the fund as of a given date all money received by the department as of such date shall be considered as being in the fund on such date.

(b) "Total wages" means all remuneration for services, as defined in subsections (1) to (5) of KRS 341.030, paid by subject employers.

(c) "Statewide reserve rate" means the percentage ratio obtained by dividing the total wages for the four calendar quarters ending on the 30th day of September, which have been reported to the department on or before the immediately following 31st day of October, into the "trust fund balance" as of that same date.

(d) "Benefit cost rate" means the percentage ratio obtained by dividing the total amount of benefits paid during the highest twelve consecutive calendar-month period since 1956 by the total wages reported to the department for the four (4) quarters ending immediately prior to the end of such twelve-month period.

(e) An employer's "reserve ratio" means the percentage ratio of his reserve account balance as of the computation date to his taxable payrolls for the thirty-six (36) months last preceding such computation date.

(f) An employer's "reserve account balance" means the amount by which contributions credited to his reserve account exceed benefits charged to such account. If benefits charged to an account exceed contributions credited to such account as of the computation date, such account shall be considered as having a debit balance and a reserve ratio of "less than zero."

(g) "Computation date" means the date, occurring at least once in each calendar year and within twenty-seven (27) weeks prior to the effective date of new rates of contributions, as of which individual employer contribution rates are computed. The secretary shall by regulation prescribe the computation date.

Section 271. KRS 341.296 is amended to read as follows:

Such money in the unemployment compensation administration fund collected under [KRS 341.290, and the unemployment compensation contingent fund collected under] KRS 341.295, shall be invested by the state treasurer in bonds and other interest-bearing obligations of the United States of America, in such amounts, and in such of the securities herein authorized, as the commissioner may in his discretion prescribe and direct; Provided, however, such funds as may be accumulated under the above sections may be invested by the sinking fund commission, upon the request of the commissioner, in revenue bonds issued by the state property and buildings commission. The state treasurer shall dispose of securities or other property belonging to such funds only under the direction of the commissioner.

Section 272. KRS 341.370 is amended to read as follows:

(1) According to the circumstances in each case, a worker shall be disqualified from receiving benefits:

(a) For not less than one (1) nor more than sixteen (16) weeks immediately following the commission of the disqualifying act, if, subsequent to his most recent work, he has failed without good cause either to apply for available, suitable work when so directed by the employment office or the secretary or to accept suitable work when offered him, or to return to his customary self-employment when so directed by the secretary; or

(b) For not less than six (6) nor more than sixteen (16) weeks immediately following the commission of the disqualifying act, if he has been discharged for misconduct connected with his most recent work, but legitimate activity in connection with labor organizations or failure to join a company union shall not be construed as misconduct.

(2) A worker shall be disqualified from receiving benefits for the duration of any period of unemployment with respect to which:

(a) He was discharged for dishonesty in connection with his most recent work;

(b) He voluntarily quit his most recent work to marry or for the purpose of attending school, or to become self-employed; or

(c) He has left his most recent suitable work voluntarily without good cause.

(3) A worker shall be disqualified from receiving benefits for any week with respect to which he knowingly made a false statement to establish his right to or the amount of his benefits, and, within the succeeding twenty-four (24) months, for such additional weeks immediately following the date of discovery, not to exceed a total of fifty-two (52), as may be determined by the secretary.

(4) No worker shall be disqualified under paragraph (b) of subsections (1) or (2) of this section unless the employer, within a reasonable time as prescribed by *regulations promulgated by the secretary* [secretary's regulation], notifies the department for human resources and the worker in writing of the alleged voluntary quitting or the discharge for misconduct; provided, however, that nothing in this subsection shall restrict the right of the secretary for human resources to disqualify a worker whose employer has refused or failed to notify the department for human resources of the alleged voluntary quitting or discharge for misconduct if such alleged voluntary quitting or discharge for misconduct is known to the secretary for human resources prior to the time benefits are paid to such worker; provided, further, that the exercise of such right by the secretary for human resources, in the absence of timely notice from the employer, shall not relieve the employer's reserve account of benefit charges under the provisions of subsection (3) of KRS 341.530.

(5) As used in this section and in subsection (3) of KRS 341.530, "most recent" work shall be construed as that work which occurred after the first day of the worker's base period and which last preceded the week of unemployment with respect to which benefits are claimed; except that, if the work last preceding such week of unemployment was intermittent or temporary in nature, most recent work may be construed as that work last preceding such intermittent or temporary work.

Section 273. KRS 341.490 is amended to read as follows:

(1) There shall be a special fund known as the Unemployment Insurance Fund which shall be administered separate and apart from all public money or funds of this state. This fund shall consist of:

(a) All contributions, payments in lieu of contributions, and money collected under this chapter, except [those imposed under KRS 341.290 and] fines, penalties, and interest on delinquent contributions collected under KRS 341.300;

(b) Interest earned upon any money in the fund;

(c) Any property or securities acquired through use of money belonging to the fund;

(d) All earnings of such property or securities;

(e) All money received from the Federal Unemployment Account in the Unemployment Trust Fund in accordance with Title XII of the Social Security Act as amended;

(f) All money credited to the account of this state in the Unemployment Trust Fund in accordance with Section 903 of the Social Security Act as amended; and

(g) All money received from the Federal Government as reimbursement, pursuant to section 204 of the Federal-State Extended Unemployment Compensation Act of 1970.

(2) All monies in the fund shall be commingled and undivided.

(3) Subject to the provisions of this chapter, the commissioner may have full power, authority and jurisdiction over the fund, including all money and property or securities belonging thereto, and may perform any act necessary or convenient in the administration thereof consistent with this chapter.

Section 274. KRS 342.440 is amended to read as follows:

For the purpose of paying the salaries and necessary expenses of the board and its assistants and employes in administering and carrying out this chapter an administrative fund shall be created and maintained in the manner provided in KRS 342.450 to *342.480* [342.485].

Section 275. KRS 342.690 is amended to read as follows:

(1) If an employer secures payment of compensation as required by this chapter, the liability of such employer under this chapter shall be exclusive and in place of all other liability of such employer to the employe, his legal representative, husband or wife, parents, dependents, next of kin, and anyone otherwise entitled to recover damages from such employer at law or in admiralty on account of such injury or death. For purposes of this section, the term "employer" shall include a "contractor" covered by KRS 342.610, whether or not the subcontractor has in fact, secured the payment of compensation. The liability of an employer *to* [is] another person who may be liable for or who has paid damages on account of injury or death of an employe of such employer arising out of and in the course of employment and caused by a breach

of any duty or obligation owed by such employer to such other shall be limited to the amount of compensation and other benefits for which such employer is liable under this chapter on account of such injury or death, unless such other and the employer by written contract have agreed to share liability in a different manner. The exemption from liability given an employer by this section shall also extend to such employer's carrier and to all employes, officers or directors of such employer or carrier, provided the exemption from liability given an employe, officer or director or an employer or carrier shall not apply in any case where the injury or death is proximately caused by the wilful and unprovoked physical aggression of such employe, officer or director.

(2) If an employer fails to secure payment of compensation as required by this chapter, an injured employe, or his legal representative in case death results from the injury, may claim compensation under this chapter and in addition may maintain an action at law or in admiralty for damages on account of such injury or death, provided that the amount of compensation shall be credited against the amount received in such action, and provided that, if the amount of compensation is larger than the amount of damages received, the amount of damages less the employe's legal fees and expenses shall be credited against the amount of compensation. In such action the defendant may not plead as a defense that the injury was caused by the negligence of a fellow servant, that the employe assumed the risks of his employment, or that the injury was due to the contributory negligence of the employe.

(3) An employer shall retain all common law defenses against any action by an employe who elects not to be covered, as provided under subsection (6) of KRS 342.650.

Section 276. KRS 342.990 is amended to read as follows:

(1) Any employer subject to this chapter who refuses or willfully neglects to make the report required by KRS *342.038* [342.330] shall be fined not more than twenty-five dollars for each offense.

(2) Any person who violates KRS 342.335, 342.040, and 342.630 shall be fined not less than fifty dollars nor more than five hundred dollars or imprisoned for not less than ten nor more than ninety days.

(3) Any person who violates subsection (2) of KRS 342.400 shall be fined not less than fifty dollars nor more than two hundred dollars or imprisoned for not less than ten nor more than ninety days.

(4) Any employer who violates KRS 342.420 shall be fined not more than one hundred dollars for each offense.

(5) Any person who violates any of the provisions of KRS 342.445 to 342.475 shall be fined not less than one hundred dollars nor more than one thousand dollars or imprisoned for not less than ten nor more than ninety days, or both.

Section 277. KRS 351.175 is amended to read as follows:

(1) Within forty-five (45) days after January 1, 1953, and of each year thereafter, the owner, operator, or lessee of each mine shall procure from the department a license to operate such a mine, and such license shall not be transferable. Any owner, operator, or lessee who assumes control of a mine, opens a new mine or reopens an abandoned mine during any calendar year shall procure such license before mining operations are begun.

(2) The license shall be in such printed form as the commissioner may prescribe and when issued shall be kept posted at a conspicuous place near the main entrance of the mine.

(3) Requests for such license shall be made to the department and such requests shall be accompanied by a U.S. postal money order or cashier's check drawn in favor of the state treasurer in a reasonable amount established by regulations promulgated by the commissioner of a minimum of one hundred dollars ($100) and a maximum of one thousand dollars ($1,000). When the annual report of the operator and the annual mine map, as required by KRS 351.170 and 352.450, together with a certification from the commissioner of labor that the applicant for license has presented positive proof of compliance with the provisions of KRS chapter 342, are properly submitted to the department, the license shall be issued. The commissioner or his accredited agents shall have the authority to extend the time for filing of the map not to exceed an additional forty-five (45) days. Upon receipt of withdrawal of the certification of the commissioner of labor, or upon receipt of notice from the commissioner of revenue that the licensee is a "delinquent taxpayer", as defined in KRS Chapter 131, the department shall forthwith revoke any license hereunder issued. Revocation of said license shall be an administrative function of the department. Appeal of said administrative function shall lie in the Fayette Circuit Court.

(4) [Any operator who fails to obtain his license as required by this section shall be guilty of a Class A misdemeanor as defined in KRS 532.090, and shall be subject to a fine of not less than one hundred dollars ($100) nor more than three hundred dollars ($300) at the discretion of the court. Each day the mine is operated without a license constitutes a separate offense. Venue for such offenses shall lie in the county in which the offense occurred.

(5)] The mine inspector shall have the authority to stop production at the mine of any operator who fails to procure a license or fails to furnish a certification of compensation coverage as required under this section.

(5)[(6) Any operator operating a mine with knowledge that the mine has been placed under a valid closure order pursuant to this section shall be guilty of a Class D felony, as defined in KRS 532.060, and

shall be subject to a fine of not less than one thousand dollars ($1,000) nor more than five thousand dollars ($5,000). Jurisdiction shall lie in the circuit court of the county in which the offense occurred.

(7)] The department shall be authorized to seek injunctive relief for any violation of this section.

(6)[(8)] The application for a license shall be accompanied by a transportation plan which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the bureau of vehicle regulation attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges.

(7)[(9)] A license which has been revoked under the "delinquent taxpayer" provision shall not be re-issued until a written tax clearance has been received from the commissioner of revenue.

Section 278. KRS 351.990 is amended to read as follows:

(1) Any commissioner of the department of mines and minerals who violates any of the provisions of subsection (2) of KRS 351.020, or any of the provisions of KRS 351.070 to *351.110* [351.100] or KRS 351.160 shall be fined not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000).

(2) Any person who violates standards promulgated under KRS 351.070 shall be fined not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000).

(3) Any person who violates any of the provisions of KRS 351.100 to 351.120 shall be fined not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000).

Section 284. KRS 389.010 is amended to read as follows:

(1) The real property or any right, title or interest in real property of a person under the age of eighteen (18) years, or of a person of unsound mind, whether such person be a resident or a nonresident of this state, may be sold under or by decree of a *circuit* court [of equity] of the county in which the property or any part thereof is situated for any purpose deemed by the court to be necessary or proper or beneficial to such person under disability.

(2) The decree may be rendered on a petition, counterclaim or cross-petition filed by the statutory guardian of an infant, or by the committee of a person of unsound mind, or by a next friend, or by any party against a guardian or committee, if he has one residing in this state, in any kind of similar proceeding that may be maintained against a person who is not under disability.

(3) Except in actions brought under subsection (13) of this section, if the guardian or committee of a person under disability be a party to the action, then it shall not be necessary for the person under disability to be made a party personally.

(4) If the guardian or committee of a person under disability be not a party to the action, then it shall be necessary for the person under disability to be a party personally and brought before the court in the manner authorized by the Rules of Civil Procedure.

(5) Nothing contained in subsections (2), (3) and (4) of this section shall limit the purposes of sale named in subsection (1) of this section.

(6) If the suit be filed against a guardian or committee and he shall fail to appear and defend or show that no good defense can be made, the court shall appoint a guardian ad litem to do so.

(7) The pleading seeking a sale shall file the title papers, or copies thereof, under which the property is held; shall particularly describe the property and the interest therein of the person under disability; set forth fully the reasons or purposes for which it is sought to have the same sold; and the nature and extent of all liens upon the interest of the person, if any, so far as the same may be known to the petitioner.

(8) The case may be referred by order of court to the master commissioner for hearing of evidence and report on the facts and his recommendation with respect to the relief sought in the pleadings.

(9) The allegations of the pleading shall not be taken as confessed but shall be proved by competent evidence heard on deposition or orally by the judge or commissioner. A transcript thereof shall be filed as part of the record.

(10) The proceeds of any sale may be paid to the guardian or committee provided that he shall have executed in the circuit court a bond with surety to the Commonwealth for the use and benefit of the person under disability that he will faithfully discharge his trust and will account for, pay and deliver to said person all money and other property due or belonging to him when he shall reach his majority, or if he be a person of unsound mind when he shall be legally restored, or to his heirs or personal representative, or in compliance with an order of any court of competent jurisdiction. The court shall endorse its approval on said bond, which shall be recorded on the order book; provided, that if the circuit court, upon examination of a certified copy of the bond executed in the district court of his appointment by the guardian or committee, which copy shall be filed in the circuit court, should determine, in its discretion, that said bond is adequate and sufficient, the above bond to be executed in the circuit court shall not be required. The circuit court shall enter an order in the order book that it has personally examined the certified copy of the bond executed in the district court, and found it adequate and sufficient and that no additional bond shall be required in that circuit court. The copy of the bond shall be certified as a true and correct copy of the bond by the clerk of the court in which it was executed.

(11) Subject to the above conditions, judgment may be rendered and executed in the same manner and on the same terms as judgments in similar cases where no person under disability is a party.

(12) Provided, that (a) the court may in its discretion in an ex parte or adversary proceeding authorize the guardian or committee of such person or the commissioner of the court to make said sale at public auction upon such terms and conditions as the court may order, and to convey title thereto; or (b) if the land or interest to be sold be of an appraised value of less than twenty-five hundred dollars ($2500), the court may in the judgment authorize such fiduciary to make the sale privately and convey title; subject, however, to the approval of the court before consummation.

(13) Without previous judicial proceeding or judgment the guardian of an infant or the committee of a person of unsound mind may sell privately or at public auction and convey any interest in real estate owned by a ward for such reasons and purposes and upon such terms and conditions as he shall deem best for the interest of said ward. Provided, however, that no such sale shall be consummated until same shall have been approved by the judge of the circuit court in the county where the land or a portion thereof is situated in a suit in equity filed by the guardian or committee against said infant or person of unsound mind. The petition shall set forth the reason and purposes of the sale and the terms thereof.

(14) If the person under disability be brought before the court by service of summons, a guardian ad litem shall be appointed for such person. Proof shall be taken only on notice to said guardian ad litem or, if the person under disability be constructively summoned, on notice to his warning order attorney. Proof may be taken by depositions or orally before the judge and thereafter transcribed and filed in the record of the case. The guardian ad litem or warning order attorney shall make a defense or file a report stating that after careful examination of the case he is unable to make a defense.

(15) If the court shall deem the sale advisable and the terms and price satisfactory, it shall enter an order approving the same; provided, however, that the judgment shall not be entered until the guardian or committee shall have executed a bond with approved surety in an amount not less than the sum due, or to become due, his ward from said sale providing that he will faithfully discharge all his duties as such guardian or committee and will comply with the judgment and orders of the court, and account for, pay and deliver the proceeds of the sale or property in which it shall be invested to his ward or other person entitled thereto. The bond shall be approved by the court and recorded in the order book; provided, if the share of the infant in the proceeds does not exceed one hundred dollars, exclusive of interest, no bond shall be required of the guardian; provided further, that if the circuit court, upon examination of a certified copy of the bond executed in the county of his appointment by the guardian or committee, which copy shall be filed in the circuit court, should determine in its discretion that said bond is adequate or sufficient the above bond to be executed in the circuit court shall not be required. The circuit court shall enter an order in the order book that it has personally examined the certified copy of the bond executed in the district court and found it adequate and sufficient and that no additional bond shall be required in that circuit court. The copy of the bond shall be certified as a true and correct copy of the bond by the clerk of the court in which it was executed. This proceeding shall be tried and judgment rendered in accordance with the Rules of Civil Procedure.

(16) The court shall at all times enter such orders as will conserve and protect the rights of the person under disability.

(17) No defect or error in the proceeding shall render the judgment or sale void unless the same is of the nature and character that would render the proceeding void if all parties were sui juris.

(2) Subject to the provisions of subsection *(6)*[(7)] of this section, no person shall testify for himself concerning any verbal statement of, or any transaction with, or any act done or omitted to be done by an infant under fourteen years of age, or by one who is of unsound mind or dead when the testimony is offered to be given except for the purpose, and to the extent, of affecting one who is living, and who, when over fourteen years of age and of sound mind, heard such statement, or was present when such transaction took place, or when such act was done or omitted, and except in actions for personal injury, death or damage to property by negligence or tortious acts, unless:

(6) A person may testify for himself as to the correctness or original entries made by him against persons who are under no disability — other than infancy — in an accounting, according to the usual course of business though the person against whom they were made may have died or have become of unsound mind; but no person shall testify for himself concerning entries in a book, or the contents or purport of any writing, under the control of himself, or of himself and others jointly, if he refuse or fail to produce such book or writing, and to make it subject to the order of the court for the purposes of the action, if required to do so by the party against whom he offers to testify.

(7) The assignment of a claim by a person who is incompetent to testify for himself shall not make him competent to testify for another.

(9) None of the preceding provisions of this section apply to affidavits for provisional remedies, or to affidavits of claimants against the estates of deceased or insolvent persons, or affect the competency of attesting witnesses of instruments which are required by law to be attested.

The demand shall contain a statement in substance that the defendant has seven (7) days in which to petition the court for a hearing or in which to pay the amount claimed in the complaint in full, and that unless a hearing is set or the amount paid, a writ of possession will issue. The statement shall identify the court in which the suit has been filed, the grounds therefor, the date of the demand, the amount claimed, and the name and address of the plaintiff and his attorney. An affidavit of the plaintiff or his attorney evidencing compliance with this subsection shall be filed before a writ shall be issued.

(2) The writ of possession shall be issued by the clerk upon compliance with subsection (1) of this section unless the defendant has requested a hearing, in which case a hearing shall be conducted pursuant to KRS 425.031.

(c) Conducting his own business or other self-employment occupation including, in the case of a woman, housekeeping and attending the needs of her family; or

(d) Attendance at an educational institution; or

(e) Medical treatment.

(2) Unless such privilege is expressly granted by the court, the prisoner is sentenced to ordinary confinement. In all other cases the fiscal court shall receive the wages earned and disburse the funds as provided in subsection (5)]. If he do not desire to release the levy, he may execute a bond to the effect that, upon a dissolution of the injunction, in whole or in part, he will have the property, or its value, forthcoming and subject to the order of the court; and, upon the execution of such bond, and the issuing of the injunction, the property levied on shall be delivered to him. (3) In all other cases, the court, judge or officer granting the injunction shall, in the order granting it, fix the amount of the bond to be given, and may prescribe its terms. If the terms of the bond be not so prescribed, it shall be to the effect that the party giving it will pay to the party enjoined such damages as he may sustain, if it be finally decided that the injunction ought not to have been granted.

(4) If the injunction be to stay proceedings upon a judgment, the amount of the bond shall be sufficient to cover, with other damages, the sum of money for which judgment was rendered, with five years' interest thereon, and the rent, hire or value of the use, for two years, of property for which judgment was given; and, in case of personal property, its value also.

Section 307. KRS 528.010 is amended to read as follows:

The following definitions apply in this chapter unless the context otherwise requires:

(1) "Advancing gambling activity" — A person "advances gambling activity" when, acting other than as a player, he engages in conduct that materially aids any form of gambling activity. Such conduct includes but is not limited to conduct directed toward the establishment of the particular game, contest, scheme, device or activity involved; toward the acquisition or maintenance of premises, paraphernalia, equipment or apparatus therefor; toward the solicitation or inducement of persons to participate therein; toward the actual conduct of the playing phases thereof; toward the arrangement of any of its financial or recording phases or toward any other phase of its operation. A person who gambles at a social game of chance on equal terms with other participants does not otherwise advance gambling activity by performing acts, without remuneration or fee, directed toward the arrangement or facilitation of the game as inviting persons to play, permitting the use of premises therefor and supplying equipment used therein.

(2) "Bookmaking" means advancing gambling activity by unlawfully accepting bets upon the outcome of future contingent events from members of the public as a business.

(3) "Gambling" means staking or risking something of value upon the outcome of a contest, game, gaming scheme or gaming device which is based upon an element of chance, in accord with an agreement or understanding that someone will receive something of value in the event of a certain outcome.

(4) "Gambling device" means:

(a) Any so-called slot machine or any other machine or mechanical device an essential part of which is a drum or reel with insignia thereon, and which when operated may deliver, as a result of the application of an element of chance, any money or property, or by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property; or

(b) Any other machine or any mechanical or other device (including but not limited to roulette wheels, gambling tables and similar devices) designed and manufactured primarily for use in connection with gambling and which when operated may deliver, as the result of the application of an element of chance, any money or property, or by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property.

(c) But, the following are not to be considered gambling devices within this definition:

1. Devices dispensing or selling combination or French pools on licensed, regular racetracks during races on said tracks.

2. Electro-mechanical pinball machines specially designed, constructed, set up and kept to be played for amusement only; provided any such pinball machine shall be made to receive and react only to the deposit of coins [and no more] during the course of a game; provided the ultimate and only award given directly or indirectly to any player for the attainment of a winning score or combination on any such pinball machine shall be the right to play one or more additional games immediately on the same device at no further cost; provided the maximum number of free games that can be won, registered, or accumulated at one time in operation of any such pinball machine shall not exceed thirty free games; provided any such pinball machine shall be made to discharge accumulated free games only by reactivating the playing mechanism once for each game released; and provided any such pinball machine shall be made and kept with no meter or system to preserve a record of free games played, awarded or discharged. Nonetheless, a pinball machine shall be a gambling device if a person gives or promises to give money, tokens, merchandise, premiums or property of any kind for scores, combinations or free games obtained in playing such pinball machine in which such person has an interest as owner, operator, keeper or otherwise.

(5) "Lottery and gift enterprise" means:

(a) A gambling scheme in which:

1. The players pay or agree to pay something of value for chances, represented and differentiated by numbers or by combinations of numbers or by some other media, one or more of which are to be designated the winning ones; and

2. The winning chances are to be determined by a drawing or by some other method based upon the element of chance; and

3. The holders of the winning chances are to receive something of value.

(b) A gift enterprise or referral sales plan which meets the elements of a lottery listed in subsection (5)(a) is to be considered a lottery under this chapter.

(6) "Mutuel" or "the numbers games" means a form of lottery in which the winning chances or plays are not determined upon the basis of a drawing or other act on the part of persons conducting or connected with the scheme, but upon the basis of the outcome or outcomes of a future contingent event or events otherwise unrelated to the particular scheme.

(7) "Player" means a person who engages in any form of gambling solely as a contestant or bettor, without receiving or becoming entitled to receive any profit therefrom other than personal gambling winnings, and without otherwise rendering any material assistance to the establishment, conduct or operation of the particular gambling activity. A person who engages in "bookmaking" as defined in subsection (2) is not a "player." The status of a "player" shall be a defense to any prosecution under this chapter.

(8) "Profiting from gambling activity" — A person "profits from gambling activity" when, other than as a player, he accepts or receives or agrees to accept or receive money or other property pursuant to an agreement or understanding with any person whereby he participates or is to participate in the proceeds of gambling activity.

(9) "Something of value" means any money or property, any token, object or article exchangeable for money or property, or any form of credit or promise directly or indirectly contemplating transfer of money or property or of any interest therein, or involving extension of a service, entertainment or a privilege of playing at a game or scheme without charge.

Section 308. KRS 311.607 is amended to read as follows:

(1) Except for disciplinary actions taken pursuant to KRS 311.595*(7)*[(g)] and KRS 311.599, a licensee who has had his license revoked may, after two (2) years from the effective date of the revocation order, petition the board for a license to again practice in the Commonwealth of Kentucky.

(2) The board shall not be required to issue a new license as described in subsection (1). No new license shall be issued to such former licensee unless the applicant satisfies the board that he is presently of good moral character and qualified both physically and mentally to resume the practice of medicine without undue risk or danger to his patients or the public.

(3) In the event that the board should issue a new license under the circumstances as described in this section, the new license shall be under probation for a period of not less than two (2) years nor more than five (5) years, and any subsequent violation during the probation period shall result in automatic revocation of license.

Section 309. KRS 186.490 is amended to read as follows:

The circuit clerk of each county shall:

(1) Comply with all rules and regulations issued by the department under KRS 186.400 relating to his duties;

(2) Act for the department for the purpose of issuing temporary operator's licenses and instruction permits;

(3) Administer the oath required by KRS 186.412 to the applicant without fee;

(4) Report and remit each Monday to the *state* [department of revenue] all moneys collected during the preceding week and remit a copy of all applications taken by him during the same period to the Department of Transportation. Upon failure of any clerk to report and remit therefor more than seven (7) days after the due date, he shall pay, in addition to the amount due, a penalty of ten per cent (10%) of the amount due. Penalties collected under this section shall be paid into the state treasury as a part of the revenue collected under KRS 186.531;

(5) Keep adequate records of all moneys collected and remitted to the *state* [department]; and

(6) Keep in his office at all times available to the department a record of all temporary licenses issued in his county, all denials, cancellations, suspensions, revocations or withdrawals of operator's licenses or motorcycle operator's licenses within his county and, to the extent that he is advised, of all other withdrawals of the privilege to operate a motor vehicle on the highways.

Section 310. The following KRS sections are repealed:

45.395 Fair trade law not applicable to state purchases.

69.550 Percentage of fines and forfeitures may be allowed city attorneys in cities of the fourth, fifth and sixth classes.

Representative B. Richardson moved to dispense with a call of the roll. Agreed.

The Committee of the House, appointed to join with a like Committee of the Senate to wait upon the Governor and escort him to the House to address the Joint Session, appeared with the Governor.

Lieutenant Governor Martha Layne Collins introduced the Honorable John Y. Brown, Jr., Governor of the Commonwealth of Kentucky.

Governor Brown addressed the Joint Session of the General Assembly, as follows:

"We meet here jointly tonight to set the course and the direction of Kentucky state government for the next two years. The decisions you make - or the decisions you fail to be strong enough to make will affect the future of every single person - both born and yet unborn - in our Commonwealth. It is up to us to inaugurate the programs, to introduce the discipline and to expand the opportunities that are required of State government in the 1980's through the adoption of this budget.

The preparation of the *Executive Budget* by law is the responsibility of the Chief Executive. Yet its review and passage rests upon you - the General Assembly. By seeking our respective elective offices, we have asked for the opportunity to provide the leadership for this state. We must accept this responsibility and have the courage to make the difficulty decisions in this financial year.

The budget I submit to you tonight is a budget for difficult times. It reverses the trend of government trying to be all things to all people. This budget marks the end of the era of large state surpluses. This is a budget that brings fiscal responsibility back to government. Even though this budget reflects many necessary cutbacks, it passes the test of fairness and the fundamental principal of what is just. It is a budget that builds for the future rather than steals from the future.

The process we are working under in making these decisions is almost insane. We elect a governor in November, inaugurate him in December, and in January, barely after he has lowered his hand from the swearing in, expect him to review and recommend programs that make up a $9 billion budget.

I lowered my hand on December 11 to find a treasury that was depleted. A state that for the last four years had spent more than they had taken in, a state that this very year was going to spend $56 million more than it's revenue receipts.

I found legislative programs enacted but not funded. I found tax revenue cuts without corresponding program cuts. I found a road fund being bailed out by the General Fund and a sluggish economy that generated the lowest revenue growth in 20 years.

My approach to these problems was simple. It was either reduce state spending or increase some across-the-board tax such as sales or income tax. As a businessman, it has always been my philosophy that government has gotten too big and we should cut government spending whenever and wherever possible.

The basic fiscal policy of my administration thus far has been to cut back and to redirect our efforts without escalating costs. Already, I feel we have made remarkable progress. In the governor's office itself, I have tried to set the example by reducing my own budget by over 20 percent. The same is true of my appointees. I have challenged them to scrutinize their agencies, re-examine their mission, clearly define their goals and reduce spending wherever possible.

The budget I present to you this evening is balanced. It reflects restraint with compassion, sensitivity with understanding, and reduction with reason.

The main thrust of this budget, as of my administration, is not a short term approach producing more headlines than solutions. It is a long term agenda to address our fiscal problems.

If we are to increase our revenues without increasing taxes, this must come from an expanded economic base—not people paying more taxes, but more people paying taxes—because through our economic and industrial development efforts we have created more jobs for them.

The expansion of the Development budget reflects my strong commitment by expanding our tourism programs to attract visitors from surrounding states who can no longer afford to travel long distances. Not only does Tourism create jobs, but every out-of-state tourist dollar is a new dollar to our economy.

My budget creates and expands our foreign and domestic offices to develop new markets for our farm and industrial products for if our industries, -both farm and factory - can expand their markets and sell their products, most all of our other problems are solved.

Funds are included to revitalize the Kentucky Development Financing Authority to provide financing that will stimulate economic growth at local level. These will be new development dollars that are much needed in a time of high interest if we are to continue our economic growth.

There are monies to renovate and expand a park system whose age requires attention if it is to maintain its past standards of excellence.

The nation is looking to Kentucky to provide the leadership for energy self-sufficiency. The budget of our Department of Energy reflects this and also recognizes that it will be the sale of coal in the immediate future that will be the the greatest stimulus to our Kentucky economy. My budget recommendation will allow us to break new ground in our efforts to develop synthetic fuels and take the lead in being America's number one energy state. While our thrust is developing energy, I have also included monies that will help us conserve energy.

While we are redeveloping our coal resources and expanding our economy, it is important to me that we give thought to future generations and that we take the necessary steps not to destroy the environment our children must live in. We must conserve our water, protect our land and air by properly funding the programs of our Department of Natural Resources and Environmental Protection.

Included in our Natural Resources budget are funds so our state may gain control through primacy in our mine reclamation programs, funds to monitor and effectively control the generation, transportation and disposal of hazardous and toxic waste, and funds to clean up our air through auto emission testing programs.

While our monetary problems dictate that this must be a budget of the head, I feel strongly it also must be a budget of the heart. This document reflects the awareness that there are those in our state who cannot help themselves in our on-rushing competitive society, and it is a legitimate role of our government to assist them.

My budget reflects concern, not just for the elderly, the poor, and the handicapped by program funding in those areas, but also to those who fill our mental hospitals, our nursing homes, and are afflicted with problems of alcoholism, drug addiction and depression. I have included also funding to provide programs for rehabilitation of sex offenders, development of spouse abuse centers and funds for treatment for rape victims. This budget also reflects awareness that inflation and cost-of-living has the same impact on the less fortunate as those in the main stream of society by including a cost of living increase for AFDC recipients, the first since 1974.

As it should be, Education is a prominent part of my budget. From vocational schools to our universities from our Minimum Foundation Program to our Gifted and Exceptional Children programs, from Kentucky Educational Television to our schools for the Deaf and Blind, from educator's salaries to increased benefits for our retired teachers, my budget reflects funding for all of these programs and a sincere commitment to improving the quality of education in Kentucky.

The average teacher's salary will show a corresponding increase from approximately $14,500 in 1979-80 to about $17,000 in 1981-82. Funds for the local district level are included to continue the work of the school building authority. To help the local districts fight the problem of inflation, there is a 10 percent increase in funds for current operating expenses and another 10 percent increase in transportation costs in the foundation program. There are expanded monies for the gifted and talented programs, which may be the first statewide program in the nation; new units and vocational and special education; and kindergarten programs. To help ease the burden of educating a young family, $22 million has been included for free textbooks for all students and another $18 million will be provided to the local school districts for instructional fees.

And by increasing their retirement benefits, this budget recognizes the many sacrifices that our retired teachers made for their students through the years but because of low salaries in those early years, now find themselves hit hardest by inflation.

While Secondary and Elementary Education has done well over the last few years, Higher Education has not participated in those giant gains. It is now time to focus on higher education and emphasize its needs to insure the highest standard of educational quality possible for our college level students. We have built into the budget a 7.5 percent increase the 1st year and a 9.0 percent increase the second year for faculty salaries along with a "catch-up" pool of money so our university faculty may reach a competitive level with benchmark universities. My budget also reflects recognition that our Community College system has the greatest need in our Higher Education System. We have provided a level of funding for faculty in this system greater than at our other universities, and at the same time have encouraged high school graduates to continue their education by not recommending a tuition increase at our community colleges.

As you review and study this budget document you will see monies provided for a Management Information System that will provide us, and future Governors and legislatures, more accurate and complete data from which we can make decisions; monies to initiate a fireman's pay incentive program and continue the police pay incentive program we now have, monies to upgrade our deteriorating correctional facilities and more monies going back to local units of government. Also included are funds for salary increase of 16 percent for state employees over the next biennium, including a $43 million salary improvement fund for meritorious raises.

While we have been able to balance our General Fund budget by evaluating and eliminating unnecessary expenses, the deficit in our Transportation budget presents a different type problem. General Fund programs are basically creatures of our own making and we can address them the same way, legislatively. But we have no control over problems such as sky-rocketing petroleum based asphalt products due to OPEC oil prices, declining gasoline consumption, and inflationary increases in road construction much greater than normal inflation.

This is not a new problem. But a problem that has been postponed over the last few years by the General Fund subsiding the Transportation fund. We can no longer afford this luxury. We must face up to the problem and find a long term solution for our deteriorating road fund. For after the education of our children, this governmental function touches more citizens of the Commonwealth then any other.

We must acknowledge the fact we are $147 million short in the Road Fund if we are to just maintain the current level of maintenance and construction.

I have heard comments to the effect that decisions here in these chambers will be based on whatever is necessary to get re-elected. I do not believe this, I believe you share with the higher purpose of doing what is right over doing what is expedient. In evaluating the revenue plan for the depleted road fund, I have considered its effects on the citizens of our State, our competitive position among other states, the effect on our economic structures, the ability to pass a portion of the burden on to non-residents of our state and the overall balancing effect on our budget. I ask you to review this proposal with the same courage and conviction as I have.

At least one (1) appointee by each appointive authority shall be a member of the senate or house standing committee on appropriations and revenue. The appointments shall be made *within seven (7) legislative days of* [at] the beginning of each regular *or organizational* session of the general assembly, and the members so appointed shall serve for a term of two (2) years coextensive with the biennium in which the appointment is made. Vacancies shall be filled in the same manner as the original appointments, and for the balance of the term of the vacated member.

(2) The committee shall select a chairman and other officers as it may deem necessary from among its membership. A majority of the membership shall constitute a quorum and all actions *authorizing an investigation, dropping an investigation, or adopting a final report on any subject under investigation* [of the committee] shall require the affirmative vote of a majority of the full committee membership. *All other actions of the committee may be undertaken by an affirmative vote of a majority of a quorum of the committee.*

(3) When an evaluation or investigation is instituted upon the request of a legislative committee, the chairman and a ranking minority member of that committee shall serve as non-voting ex-officio members of the legislative program review and investigations committee during the course of such evaluation or investigation. (2) The report shall contain the name, nature, and location of the business of the employer and name, age, sex, wages, and occupation of the injured employe, and shall state the date and hour of the accident causing the injury, the nature and cause of the injury, and any other information required by the board.

(3) Every employer or insurer subject to this chapter shall file additional reports *covering specifically voluntary payments and settlements, and such other reports* as are required by the *workers'* [workmen's] compensation board *by regulation* for the determination of the promptness of voluntary payment and validity and fairness of agreements. In addition, the board may require additional information as may be necessary to comply with a federal statute or regulation or any state statute.

(4) Upon the termination of the disability of the injured employe, or if the disability extends beyond a period of sixty (60) days, then also at the expiration of such period the employer shall make a supplementary report to the board on blanks procured from the board for the purpose.

Section 4. KRS 342.075 is amended to read as follows:

(1) The following persons shall be presumed to be wholly dependent upon a deceased employe:

(a) A surviving spouse upon a decedent whom the surviving spouse had not voluntarily abandoned at the time of the accident, or who having been abandoned by the decedent has not engaged in such conduct since his abandonment as would at common law constitute grounds justifying the abandonment of such wife by her husband or such husband by his wife;

(b) A child or children under the age of sixteen (16) years, or over sixteen (16) years if incapacitated from wage earning, upon the parent with whom such child or children are living, or by whom actually supported, or from whom support is legally required by judgment of a court, at the time of the accident.

(2) In all other cases the relation of dependency in whole or in part shall be determined in accordance with the facts of each case existing at the time of the accident.

(3) No person shall be considered a dependent in any degree unless he is living in the household of the employe at the time of the accident, or unless such person bears to the employe the relation of father, mother, husband, or wife, father-in-law or mother-in-law, grandfather or grandmother, child or grandchild, or brother or sister of the whole or half blood *and is actually dependent.*

Section 5. KRS 342.120 is amended to read as follows:

(1) A claimant may in the original application for benefits, or either party may by motion while the case is pending, accompanied by proper allegations, and the board shall upon its own motion at any time before the rendition of the final award, cause the special fund to be made a party to the proceedings if either or both of the following appears:

(a) The employe is disabled, whether from a compensable injury, occupational disease, pre-existing disease, or otherwise, and has received a subsequent compensable injury by accident, or has developed an occupational disease;

(b) The employe is found to have a dormant non-disabling disease or condition which was aroused or brought into disabling reality by reason of a subsequent compensable injury by accident or an occupational disease.

(2) When the special fund has been made a party the board shall direct the procedures provided in KRS 342.121.

(3) If it is found that the employe is a person mentioned in paragraphs (a) or (b) of subsection (1) of this section and a subsequent compensable injury or occupational disease has resulted in additional permanent disability so that the degree of disability caused by the combined disabilities is greater than that which would have resulted from the subsequent injury or occupational disease alone, and the employe is entitled to receive compensation on the basis of the combined disabilities, the employer shall be liable only for the degree of disability which would have resulted from the latter injury or occupational disease had there been no pre-existing disability or dormant, but aroused disease or condition.

(4) The remaining compensation for which such resulting condition would entitle the employe, including any compensation for disability resulting from a dormant disease or condition aroused into disabling reality by the injury or occupational disease, but excluding all compensation which the provisions of this chapter would have afforded on account of prior disabling disease or injury had it been compensated thereunder, shall be paid out of the special fund provided for in KRS 342.122. Such remaining compensation shall be paid directly to the employe by the carrier or self-insured employer who is liable for compensation under subsection (3) of this section, and the carrier or self-insured employer shall be reimbursed for such payments from the special fund on a quarterly basis and under such regulations as the board may provide for such purpose.

(5) *In making the computation for the apportionment of benefits under subsections (3) and (4) of this section, the board shall first determine the amount of the employe's weekly income benefits; exclude from the award the percentage thereof attributable to the pre-existing active disability or the prior disabling injury, disease or condition; and apportion the balance between the employer and special fund as provided in subsections (3) and (4) of this section. Medical expenses and temporary total benefits will likewise be apportioned* [If it is found that the employe is a person mentioned in paragraphs (a) or (b) of subsection (1) of this section, and a subsequent compensable injury or occupational disease has resulted in additional permanent disability, so that the degree of disability caused by the combined disabilities is greater than that which would have resulted from the subsequent injury or occupational disease alone, and the employe is entitled to receive compensation on the basis of the combined disabilities, and when applying the formula for income benefits to the employer's and special fund's percentage of disability, and the income benefits exceed the limitation contained in KRS 342.740, then in that event the special fund's and employer's liability shall be reduced proportionately to the point where the shares of each, when combined, do not exceed the limitation established by KRS 342.740].

Section 6. KRS 342.121 is amended to read as follows:

(1) If on a claim for compensation for disability resulting from a subsequent injury by accident or occupational disease any medical question shall be in controversy, or a determination thereof necessary to

the proper apportionment of liability therefor, the board shall refer the case to a physician appointed by it for the purpose of investigating and reporting to the board on the medical questions involved. The physician shall make his report to the *Workers'* [Workmen's] Compensation Board in writing with respect to all medical questions at issue or necessary to the apportionment of disability between the subsequent injury and in the prior existing disability at the time of employment. The report shall show the date of prior disablement or latent, nondisabling disease, or condition, which, if in dispute, shall be deemed a medical question.

(2) The physician appointed as provided in subsection (1) of this section shall be allowed necessary traveling expenses and reasonable fees, to be fixed by the board to each physician for making such examination and report, plus a reasonable allowance for expenses incurred in making such examination. The board may also allow traveling expenses to the employe. Such fees and expenses so approved by the board shall be paid out of the Special Fund.

(3) The physician shall, as soon as practicable after he has completed his consideration of the case, but not later than fifteen days after the examination of the employe, report in writing his findings on every medical question in controversy. The physician shall also include in his report a statement indicating the physician or physicians, if any, who appeared before him, and what, if any medical reports and X-rays were considered by him.

(4) The board may consider the report of the physician along with the other evidence in the case in arriving at its decision or award, and any party in interest may take the deposition of the physician to be used as evidence in the case.

(5) The provisions of this section shall apply only to persons mentioned in KRS 342.120.

Section 7. KRS 342.125 is amended to read as follows:

(1) Upon its own motion or upon the application of any party interested and a showing of *a substantial* change of *medical or occupational* conditions, mistake or fraud or newly discovered evidence, the board may at any time review any award or order, ending, diminishing or increasing the compensation previously awarded, [within the maximum and minimum provided in this chapter,] or change or revoke its previous order[, sending immediately to the parties a copy of its subsequent order or award]. Review under this section shall be had upon notice to the parties interested and *in the same manner as provided for an initial proceeding hereunder but* shall not affect the previous order or award as to any sums already paid thereunder. However, the employer shall not suspend the payment of benefits during the pendency of any reopening procedures.

(2) Where an agreement has become an award by approval of the board, and a review of such an award is initiated, no statement contained in the agreement, whether as to jurisdiction, liability of the employer, nature and extent of disability, or as to any other matter, shall be considered by the board as an admission against the interests of any party. The parties may raise any issue upon review of this type of award which could have been considered upon an original application for benefits.

Section 8. KRS 342.140 is amended to read as follows:

[Except as otherwise provided in this chapter,] The average weekly wage of the injured employe at the time of the injury or last injurious exposure shall be [taken as the basis upon which to compute compensation and shall be] determined *as follows:* [according to this section and KRS 342.143.]

(1) If at the time of the injury which resulted in death or disability or the last date of injurious exposure preceding death or disability from an occupational disease:

(a) The wages were fixed by the week, the amount so fixed shall be the average weekly wage;

(b) The wages were fixed by the month, the average weekly wage shall be the monthly wage so fixed multiplied by twelve (12) and divided by fifty-two (52);

(c) The wages were fixed by the year, the average weekly wage shall be the yearly wage so fixed divided by fifty-two (52);

(d) The wages were fixed by the day, hour, or by the output of the employe, the average weekly wage shall be the wage most favorable to the employe computed by dividing by thirteen (13) the wages (not including overtime or premium pay) of said employe earned in the employ of the employer in the first, second, third, or fourth period of thirteen (13) consecutive calendar weeks in the fifty-two (52) weeks immediately preceding the injury.

(e) The employe had been in the employ of the employer less than thirteen (13) calendar weeks immediately preceding the injury, his average weekly wage shall be computed under paragraph (d), taking the wages (not including overtime or premium pay) for such purpose to be the amount he would have earned had he been so employed by the employer the full thirteen (13) calendar weeks immediately preceding the injury and had worked, when work was available to other employes in a similar occupation.

(f) The hourly wage has not been fixed or cannot be ascertained, the wage for the purpose of calculating compensation shall be taken to be the usual wage for similar services where such services are rendered by paid employes.

(2) In occupations which are exclusively seasonal and therefore cannot be carried on throughout the year, the average weekly wage shall be taken to be one-fiftieth (1/50) of the total wages which the employe has earned from all occupations during the twelve (12) calendar months immediately preceding the injury.

(3) In the case of volunteer firemen, police, and civil defense members or trainees, the income benefits shall be based on the average weekly wage in their regular employment.

(4) If the employe was a minor, apprentice or trainee when injured, and it is established that under normal conditions his wages should be expected to increase during the period of disability, that fact may be considered in computing his average weekly wage.

(5) When the employe is working under concurrent contracts with two (2) or more employers and the defendant employer has knowledge of such employment prior to the injury, his wages from all such employers shall be considered as if earned from the employer liable for compensation.

(6) The term "wages" as used in this section and KRS 342.143 means, in addition to money payments for services rendered, the reasonable value of board, rent, housing, lodging, and fuel or similar advantage received from the employer, and gratuities received in the course of employment from others than the employer to the extent such gratuities are reported for income tax purposes.

(7) The board shall, from time to time, based upon the best available information, determine by regulation industries which ordinarily do not have a full working day for five (5) days in every week. In such industries compensation shall be computed at the average weekly wage earned by the employe at the time of injury reckoning wages as earned while working full time. "At full time" as used herein means a full working day for five (5) working days in every week regardless of whether the injured employe actually worked all or part of the time.

Section 9. KRS 342.143 is amended to read as follows:

For the purposes of this chapter the average weekly wage of the state shall be determined by the director as follows: On or before September 1 of each year, the total wages reported by subject employers under the Kentucky unemployment insurance law for the preceding calendar year shall be divided by the average monthly number of insured workers (determined by dividing the total number of insured workers reported for the preceding year by twelve (12)). The average annual wage thus obtained shall be divided by fifty-two (52) and the average weekly wage thus determined rounded to the nearest cent. Such average weekly wage shall be certified to the director by the department for human resources in a manner prescribed by the *workers'* [workmen's] compensation board by regulation. The average weekly wage as so determined shall be applicable for the full period during which income or death benefits are payable, when the date of occurrence of injury or of disablement in the case of disease, or of death, falls within the calendar year commencing January 1 following the September 1 determination. Whenever a change in the average weekly wage of the state is of such amount that the minimum weekly income benefits for total disability or for death are increased or decreased by one dollar ($1) or more, or the maximum weekly income benefits for total disability or for death are increased or decreased by two dollars ($2) or more, computed in each case and rounded to the nearest dollar, an adjustment in those minimums or maximums which are affected in the requisite amount by the change in the average weekly wage of the state shall be made which will reflect this increase or decrease, but no change in such limitations shall otherwise be made.

Section 10. KRS 342.150 is amended to read as follows:

Whenever compensation has been paid for not less than six months, thereafter, on the application of *all parties* [either party] and upon notice to the other party, in any case where the board determines that it will be for the best interests of *all parties* [either party] and will not subject the employer or his insurer to an undue risk of overpayment, future payments of compensation or any part thereof may be commuted to a lump sum of an amount which will equal the total sum of the probable future payments so commuted, discounted at four percent true discount compounded annually on each payment. Upon payment of such lump sum all liability for the payments therein commuted shall cease.

Section 11. KRS 342.155 is amended to read as follows:

Whenever the board considers it expedient, any lump sum which is paid as provided in KRS 342.150 hereof shall be paid to any suitable person appointed by the *district court* [county judge/executive] of the county of the residence of the injured employe or of his dependents as trustee to administer or apply the same for the benefit of the person or persons entitled thereto. The receipt of such trustee for the amount so paid to him shall discharge the employer and his insurer. Except as otherwise herein specifically provided, the manner of qualification and the rights, duties and liabilities of such trustee shall be determined by the general laws of this state.

Section 12. KRS 342.185 is amended to read as follows:

No proceeding under this chapter for compensation for an injury or death shall be maintained unless a notice of the accident shall have been given to the employer as soon as practicable after the happening thereof and unless *an application for adjustment of claim* [a claim] for compensation with respect to such injury shall have been made *with the board* within two (2) years after the date of the accident, or in case of death, within two (2) years after such death, whether or not a claim has been made by the employe himself for compensation. Such notice and such claim may be given or made by any person claiming to be entitled to compensation or by someone in his behalf. If payments of compensation as such have been made voluntarily the *filing of an application for adjustment of claim with the board* [making of a claim] within such period shall not be required, but shall become requisite within one year following the suspension of such voluntary payments or within two years of the date of the accident, whichever is later.

Section 13. KRS 342.186 is amended to read as follows:

The board [An employer] shall notify any employe who has received an injury or illness of the statute of limitations applicable to the injury or illness, not later than thirty days prior to the expiration date.

Section 14. KRS 342.195 is amended to read as follows:

(1) The notice [and claim] shall be given to the employer, or if the employer is a partnership, then to any one of the partners. If the employer is a corporation, the notice or claim may be given to any agent of the corporation upon whom process may be served, or to any officer of the corporation or agent of the corporation in charge of the business at the place where the injury occurred. [Notice or claim may be given by delivery to any such person or as provided in KRS 342.135.]

(2) The application for determination of benefits shall be served upon the board and the employer in any manner service of process is permitted under KRS 342.135 or the Kentucky Rules of Civil Procedure.

Section 15. KRS 342.205 is amended to read as follows:

(1) After an injury and so long as compensation is claimed, the *worker* [workman], if requested by *a party* [his employer] or by the board, shall submit himself to examination, at *a* reasonable time and *place* [places], to a duly qualified physician or surgeon designated and paid by the *requesting party* [employer]. The employe shall have the right to have a duly qualified physician or surgeon designated and paid by himself present at such examination, but this right shall not deny the *requesting party's* [employer's] physician or surgeon the right to *examine* [visit] the injured employe at all reasonable times and under all reasonable conditions.

(2) Any employe receiving benefits under this Act may be required upon request of any party, to furnish a sworn affirmed statement of earnings and such other supporting information as the board may require.

(3) The board shall supply forms for such report.

(4) If an employe refuses to submit himself to or in any way obstructs such examination his right to take or prosecute any proceedings under this chapter shall be suspended until such refusal or obstruction ceases. No compensation shall be payable for the period during which the refusal or obstruction continues.

Section 16. KRS 342.215 is amended to read as follows:

The *workers'* [workmen's] compensation board shall consist of five members appointed by the Governor *subject to approval of the interim joint committee on judiciary courts or its successor,* and shall be attached to the Department of Labor for administrative services.

(1) Of the members first appointed under this chapter one shall serve until January 1, 1974; one until January 1, 1975; one until January 1, 1976; and two until January 1, 1977. Thereafter, each term shall run for four years from the date of expiration of the term for which his predecessor was appointed, except that a person appointed to fill a vacancy prior to the expiration of such a term shall be appointed for the remainder of the term. Each member of the board shall hold office until his successor is appointed and qualifies. The members of the board shall have the qualifications required of Circuit Judges. The Governor shall designate a member of the board to serve as chairman. Any vacancy in the chairmanship shall be filled by the Governor. The Governor may at any time remove any member for cause after furnishing him with a written copy of the charges against him and giving him a public hearing if he requests it. Each member of the board shall be paid a salary in accord with the provisions of KRS 64.640.

(2) A decision concurred in by any three members shall constitute a decision of the board, unless there are two unfilled vacancies in which case a majority of the remaining members shall constitute a decision of the board.

(3) The terms of all members of the *workers'* [workmen's] compensation board who are in office prior to the effective date of this chapter shall automatically expire on January 1, 1973, any other statute to the contrary notwithstanding.

Section 17. KRS 342.230 is amended to read as follows:

(1) Upon the recommendation of the director, the board, within the limits of appropriations therefor, shall establish and fill any positions, including medical services and advice, necessary to carry on the board's work.

(2) The governor shall appoint a director of the board who shall have immediate supervision of the employes of the board, perform such duties as are assigned him, and have complete authority to carry out all the administrative functions of the division of *workers'* [workmen's] compensation . The director shall be an attorney who has been admitted to practice law in Kentucky and shall have practiced law for at least three (3) years. He shall keep and be the custodian of the records of the board, shall annually report the activities of the board to the governor, and shall devote his full time to the duties of his office. He shall receive a salary to be fixed by the governor.

(3) The governor shall appoint, *subject to the approval of the interim joint committee on judiciary courts or its successor,* not more than the number of hearing officers authorized by regulation of the board,

each of whom shall be an attorney admitted to practice law in Kentucky and shall have practiced law for at least three (3) years. These officers, upon the direction of the director or the board, shall conduct *all* hearings, and otherwise supervise the presentation of evidence and perform any other duties assigned to them by the director or the board *and* [except that such hearing officers] shall [not] render final decisions, orders, or awards *which shall be supported by appropriate findings of fact and conclusions of law.* [However such hearing officers may, in receiving evidence on behalf of the board, make such rulings affecting the competency, relevancy, and materiality of the evidence about to be presented and upon motions presented during the taking of evidence as will expedite the preparation of the case.]

(4) The board may at any time recommend the removal of the director or any hearing officer upon filing with the governor a full written statement of its reasons for such removal.

Section 18. KRS 342.255 is amended to read as follows:

Any investigation, inquiry or hearing which the board is authorized to hold or undertake *shall* [may] be held or undertaken by or before [any one member of the board, the director or] a hearing officer acting under authorization of the board. Any investigation, inquiry, hearing or decision of the board and any order made by a member thereof, when approved by a majority of the members and so shown on a record of its proceedings, shall be considered an order of the board.

Section 19. KRS 342.260 is amended to read as follows:

(1) The board shall prepare such rules and regulations as it considers necessary to carry on its work and may make rules not inconsistent with this chapter for carrying out the provisions of this chapter.

(2) Processes and procedure under this chapter shall be as summary and simple as reasonably possible. The board or any *hearing officer* [member thereof] for the purpose of this chapter, may subpoena witnesses, administer or cause to have administered oaths and examine or cause to have examined such parts of the books and records of the parties to a proceeding as relate to question in dispute.

(3) The sheriff shall serve all subpoenas of the *hearing officers and the* board and shall receive the same fee as provided by law for like service in civil actions. Each witness who appears in obedience to such subpoena [of the board] shall receive for attendance the fees and mileage for witnesses in civil cases in the circuit courts.

(4) The circuit court shall, on application of the board or any *hearing officer* [member thereof,] enforce by proper proceedings the attendance and testimony of witnesses and the production and examination of books, papers and records.

Section 20. KRS 342.270 is amended to read as follows:

(1) If the parties fail to reach an agreement in regard to compensation under this chapter, either party may make written application to the board for a hearing in regard to the matter at issue and for a ruling thereon. [Such application must be filed within two years after the accident, or, in case of death, within two years after such death, or within two years after the cessation of voluntary payments, if any have been made.]

(2) Except with respect to uncontested claims for disability or death by reason of occupational diseases, as soon as possible after the application has been received the board shall *assign the case to a hearing officer* [set the date] for a hearing, to be held as soon as practicable in view of the matter involved, and *the hearing officer* shall notify the parties at issue of the time and place of such hearing.

(3) Unless otherwise agreed to by the parties and authorized by the board, the hearing shall be held at or convenient to the place where the injury was sustained or the ground for disagreement occurred. Before directing a hearing, the [board, a member thereof, the director or a] hearing officer [authorized by the board,] may confer informally with the parties at issue in an attempt to assist in adjusting their differences, but may not delay the granting of a hearing, over the objection of either party, for such purpose.

(4) If the parties have previously filed an agreement which has been approved by the board and compensation has been paid or is due in accordance therewith and the parties thereafter disagree either party may invoke the provisions of KRS 342.125 which remedy shall be exclusive.

(5) An application for adjustment of claim shall be held in abeyance by the board during any period voluntary payments of compensation are being made under any benefit sections of this chapter to the maximum which the employe's wages shall entitle him, unless it shall be shown that the prosecution of the employe's claim would be prejudiced by delay.

Section 21. KRS 342.275 is amended to read as follows:

Except with respect to uncontested claims for disability or death by reason of occupation diseases, the [board, or any of its members, the director or any] hearing officer *to whom the case is assigned* [directed by the board] shall hear the parties at issue and their representatives and witnesses *at a hearing held for such purpose* and [the full board] shall determine the dispute in a summary manner. The award, order or decision *of the hearing officer* shall be made within thirty (30) days after *the hearing* [final submission], except in cases involving large or complicated records or unusual questions of law, and shall be made within sixty (60) days after *the hearing* [final submission] in any event. However, if the award, order or decision is not rendered within thirty (30) days the *hearing officer* [board] shall notify the parties in dispute *and the board* setting out the reasons for such delay. The award, order or decision, together with a statement of the findings of fact, rulings of law and any other matters pertinent to the question at issue shall be filed with the record of proceedings *with the board*, and a copy of the award, order or decision shall immediately be sent to the parties in dispute.

Section 22. KRS 342.281 is amended to read as follows:

Within fourteen (14) days from the date of the award, order or decision any party may file a petition for reconsideration of the award, order, or decision of the full board. The petition for reconsideration shall clearly set out the errors relied upon with the reasons and argument for reconsideration of the pending award, order, or decision. All other parties shall have ten (10) days thereafter to file a response to the petition. *No new or additional evidence may be introduced before the board except as to the fraud or misconduct of some person affecting the order, ruling or award and the board shall otherwise consider the cause upon the record and dispose of the petition for consideration in a summary manner. The board shall not substitute its judgment for that of the hearing officer as to the weight of the evidence on questions of fact, its review being limited to determining whether or not:*

(a) The hearing officer acted without or in excess of his powers;

(b) The order, decision or award was procured by fraud;

(c) The order, decision or award is not in conformity to the provisions of this chapter;

(d) The order, decision or award is clearly erroneous on the basis of the reliable, probative and material evidence contained in the whole record; or

(e) The order, decision or award is arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion. Within thirty (30) days after submission the board shall enter judgment affirming, modifying or setting aside the order, decision or award, or in its discretion remanding the cause to the hearing officer for further proceedings in conformity with the direction of the board. The board may, before judgment and upon a sufficient showing of fact, remand the cause to the hearing officer [The board shall be limited in such review to the correction of errors patently appearing upon the face of the award, order, or decision and shall overrule the petition for reconsideration or make such correction within ten (10) days after submission].

Section 23. KRS 342.285 is amended to read as follows:

(1) An award or order of the *hearing officer* [board] as provided in KRS 342.275 *shall be final*, if *a* petition for reconsideration is not filed as provided for in KRS 342.281. *Where a petition for reconsideration has been heard, the final judgment of the board* [,] shall be conclusive and binding as to all questions of fact, but either party may [within twenty days after the rendition of such final award or order of the board, by petition] appeal *the final judgment of the board* to the circuit court that would have jurisdiction to try an action for damages for the injuries if this chapter did not exist, *in the same time and manner as provided for appeals from district courts under rules 72, 73, 74 and 75 of the rules of civil procedure except that the record on appeal shall be prepared and certified by the director to the circuit court within thirty (30) days after the date of the filing of the notice of appeal* [for the review of such order or award, the board and the adverse party being made respondents. The board shall be named respondent as the workmen's compensation board, and service shall be had on the director].

(2) [The petition shall state fully the grounds upon which a review is sought, and assign all errors relied on. Summons shall issue upon the petition directing the adverse party to file answer and cross-appeal, if appropriate, within twenty days after service thereof and directing the board to send its entire original record, properly bound, to the clerk of the circuit court, after certifying that such record is its entire original record, which shall be filed by the clerk of the circuit court and such record shall then become and be considered by the circuit court on the review.

(3) No new or additional evidence may be introduced in the circuit court except as to the fraud or misconduct of some person engaged in the administration of this chapter and affecting the order, ruling or award, but the court shall otherwise hear the cause upon the record as certified by the board and shall dispose of the cause in summary manner. The court shall not substitute its judgment for that of the board as to the weight of evidence on questions of fact, its review being limited to determining whether or not:

(a) The board acted without or in excess of its powers;

(b) The order, decision, or award was procured by fraud;

(c) The order, decision, or award is not in conformity to the provisions of this chapter;

(d) The order, decision, or award is clearly erroneous on the basis of the reliable, probative, and material evidence contained in the whole record; or

(e) The order, decision, or award is arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

(4) The board and each party may appear in such review proceedings; the court shall enter judgment affirming, modifying or setting aside the order, decision or award, or in its discretion remanding the cause to the board for further proceedings in conformity with the direction of the court. The court may, before judgment and upon a sufficient showing of fact, remand the cause to the board.

(5)] The appeal shall be advanced on the circuit court docket without motion or notice.

Section 24. KRS 342.316 is amended to read as follows:

(1) (a) The employer liable for compensation for occupational disease shall be the employer in whose employment the employe was last exposed to the hazard of the occupational disease during any period in which this section is applicable to a coal mine. [,] An operator who acquired it or substantially all of its assets from a person who was its operator on and after January 1, 1973 shall be liable for, and secure the payment of, the benefits which would have been payable by the prior operator under this section with respect to miners previously employed in the mine if it had not been acquired by such later operator. At the same time, however, this subsection does not relieve the prior operator of any liability under this section. Also, it does not affect whatever rights the later operator might have against the prior operator. Said employer shall have the right to contribution from each previous employer, as determined in an independent civil action, wherein the employe was similarly exposed to the hazard of said occupational disease, in a sum equal to the ratio that each exposure employment time bears to the total exposure employment time except as otherwise provided in paragraph (a) of subsection (13) of this section.

(b) The time of the beginning of compensation payments shall be the date of the employe's last injurious exposure to the cause of the disease, or the date of actual disability, whichever is later.

(2) (a) The procedure with respect to the giving of notice and determination of claims in occupational disease cases and the compensation and medical benefits payable for disability or death due to such disease shall be the same as in cases of accidental injury or death under the general provisions of this chapter except that notice of claim shall be given to the employer as soon as practicable after the employe first experiences a distinct manifestation of an occupational disease in the form of symptoms reasonably sufficient to apprise him that he has contracted such disease, or a diagnosis of such disease is first communicated to him, whichever shall first occur.

(b) The procedure with respect to filing of claims shall be as follows:

1. The application shall set forth the work history of the applicant with a concise description of injurious exposure to a specific occupational disease together with the names and addresses of employer or employers with the approximate date of employment and shall also include with the application two written medical reports supporting his claim. These medical reports shall be made on the basis of comprehensive clinical examinations and shall contain full and complete statements of the results thereof. The reports shall be made by duly licensed physicians. The clinical examinations shall include x-ray examinations. However, the failure of an x-ray examination to disclose the presence of an occupational disease shall not affect the legal presumption referred to in subsection (5) of this section.

2. The filing of a properly executed application for adjustment of claim, accompanied by the two medical reports described in subparagraph 1. of this paragraph, shall satisfy the requirements of the presumptive clause set out in subsection (5) of this section and the burden of proof shall immediately thereafter shift to the employer and the special fund.

3. Immediately upon receipt of said application for adjustment of claim, the board shall notify the affected employer, the special fund and any other interested party of such claim and shall furnish them with a full and complete copy of the claim.

4. Upon receipt of notice of claim the employer, the special fund, and any other interested party shall have the right to have the claimant examined by competent medical experts, at their expense, including a reasonable sum for travel. After said examination, the claimant or his representative, shall be furnished a copy of said medical report within a reasonable time.

5. Within sixty (60) days of the filing of the claim the employer, the special fund, and any other interested party shall notify the board and the claimant whether or not the claim will be resisted. If the claim is not resisted, then the board shall within ten (10) days enter an order and award for the claimant. If the claim is resisted, the board shall set a date for a hearing and shall notify all parties thereof. In litigated claims the regular procedures prescribed by the *workers'* [workmen's] compensation board shall be followed.

(3) The right to compensation under this chapter for disability resulting from an occupational disease shall be forever barred unless a claim is filed with the *workers'* [workmen's] compensation board within three (3) years after the last injurious exposure to the occupational hazard or after the employe first experiences a distinct manifestation of an occupational disease in the form of symptoms reasonably sufficient to apprise him that he has contracted the disease, whichever shall last occur; and if death results from the occupational disease within said period, unless a claim therefor be filed with the *workers'* [workmen's] compensation board within three (3) years after such death; provided, however, that notice of such claim shall be deemed waived in case of disability or death where the employer, or his insurance carrier, voluntarily makes payment therefor, or, if the incurrence of the disease or the death of the employe, and its cause was known to the employer. Provided, however, that the right to compensation for any occupational disease shall be forever barred unless a claim is filed with the *workers'* [workmen's] compensation board within five (5) years from the last injurious exposure to the occupational hazard, except that, in cases of radiation disease, a claim must be filed within 20 years from the last injurious exposure to the occupational hazard.

(4) The amount of compensation payable for disability due to occupational disease or for death from such disease, and the time and manner of its payment, shall be the same as provided for accidental injury

or death under the general provisions of the *workers'* [workmen's] compensation act, but in no event to exceed such amounts as were in effect at the time of the last injurious exposure, and provided further, that the time of the beginning of compensation payments shall be the date of the employe's last injurious exposure to the cause of the disease, or the date of actual disability, whichever is later, and provided further, that in case of death where the employe has been awarded compensation or made timely claim within the period provided for in this section, an employe has suffered continuous disability to the date of his death occurring at any time within 20 years from the date of disability, his dependents, if any, shall be awarded compensation for his death as provided for under the general provisions of the *workers'* [workmen's] compensation act and in this section.

(5) Where the occupational disease is a compensable pneumoconiosis and there has been employment exposure for 10 years or more to an industrial hazard sufficient to cause the disability of pneumoconiosis there shall be a rebuttable presumption that the disability or death was due to the compensable pneumoconiosis.

(6) Where the employe is suffering or suffered from a chronic *occupational* dust disease of the lung which (a) when diagnosed by chest roentgenogram, yields one or more large opacities (greater than one (1) centimeter in diameter) and would be classified in category A, B, or C in the international classification of radiographs of the pneumoconioses by the international labor organization, *or* (b) when diagnosed by biopsy or autopsy, yields massive lesions in the lung, [or (c) when diagnosis is made by other means, would be a condition which could reasonably be expected to yield results described in paragraph (a) or (b) if diagnosis had been made in the manner prescribed in paragraph (a) or (b);] then there shall be *a rebuttable* [an irrebuttable] presumption that *the employe* [he] is [totally] disabled due to pneumoconiosis or that his death was due to pneumoconiosis, as the case may be.

(7) In case of disability or death from silicosis, coal workers' pneumoconiosis, or any other compensable pneumoconiosis, complicated with tuberculosis of the lungs, pulmonary emphysema or other pulmonary dysfunction and there has been employment exposures to harmful dust or industrial hazards reasonably competent to produce such accompanying disease or dysfunction, there is a rebuttable legal presumption that all resultant disability therefrom is work related and compensable, and compensation shall be payable as for the uncomplicated disease, provided, however, that the disease or dysfunction was an essential factor in causing such disability or death.

(8) If an autopsy has been performed, no testimony relative thereto shall be competent unless the employer or his representative has available findings and reports of the pathologist or doctor who performed the autopsy examination.

(9) No compensation shall be payable for occupational disease if the employe at the time of entering the employment of the employer by whom compensation would otherwise be payable, falsely represented himself, in writing, as not having been previously disabled, laid off, or compensated in damages or otherwise, because of such disease, or failed or omitted truthfully to state to the best of his knowledge, in answer to written inquiry made by the employer, the place, duration and nature of previous employment, or, to the best of his knowledge, the previous state of his health.

(10) No compensation for death from occupational disease shall be payable to any person whose relationship to the deceased, which, under the provisions of this chapter would give right to compensation, arose, subsequent to the beginning of the first compensable disability, save only to after-born children of a marriage existing at the beginning of such disability.

(11) Whenever any claimant misconceives his remedy and files an application for adjustment of claim under the general provisions of this chapter and it is subsequently discovered, at any time before the final disposition of such cause, that the claim for injury, disability or death which was the basis for such application should properly have been made under the provisions of this section, then the application so filed may be amended in form or substance, or both, to assert a claim for such injury, disability or death under the provisions of this section, and it shall be deemed to have been so filed as amended on the date of the original filing thereof, and such compensation may be awarded as is warranted by the whole evidence pursuant to the provisions of this chapter. When such amendment is submitted, further or additional evidence may be heard by the *hearing officer* [board] when deemed necessary. Nothing this section contains shall be construed to be or permit a waiver of any of the provisions of this chapter with reference to notice of time for filing of a claim, but notice of filing a claim, if given or done, shall be deemed to be a notice of filing of a claim under provisions of this chapter, if given or done within the time required herein.

(12) When an employe has an occupational disease that is covered by this chapter, the employer in whose employment he was last injuriously exposed to the hazard of the disease, and the employer's insurance carrier, if any, at the time of the exposure, shall alone be liable therefor, without right to contribution from any prior employer or insurance carrier; except as otherwise provided herein.

(13) (a) The employer liable for compensation for occupational diseases, other than silicosis or any other compensable pneumoconiosis, which developed to the point of disablement only after an exposure of five (5) or more years, or for non-coal worker's silicosis and any other compensable pneumoconiosis, shall

be the employer in whose employment the employe was last exposed to the hazard of such occupational disease. In those cases where disability or death are not conclusively proven to be the result of such last exposure all compensation shall be paid out of the special fund for all claims filed prior to January 1, 1973; and 75 percent shall be paid by the special fund and 25 percent by the employer for all claims filed thereafter. In all other cases of occupational diseases, other than silicosis or any other compensable pneumoconiosis, which developed to the point of disablement only after an exposure of five (5) or more years, or for non-worker's silicosis and any other compensable pneumoconiosis, the compensation for disability or death due to such diseases shall be paid jointly by the employer and the special fund, and the employer shall be liable for sixty percent (60%) of the compensation due and the special fund shall be liable for forty percent (40%) of the compensation due. Provided, however, that when there is a joint award against the carrier or self-insured employer and the special fund under this section, all of the compensation awarded shall be paid from the special fund and the special fund shall be reimbursed by the carrier or self-insured employer on a quarterly basis and under such regulations as the board may provide for such purpose.

(b) In all claims for compensation partially payable by the special fund the commissioner of labor, as custodian of said fund, shall be designated as codefendant.

(c) In all agreements for the payment of compensation and awards the amount payable by the employer and the amount payable out of the special fund shall be separately stated. An award against the employer shall be for only the percentage of the total compensation which the employer is obligated to pay. A separate award shall be made against the special fund for the balance of the compensation payable. Nothing in this section shall prohibit the commissioner of labor, as custodian of the special fund, from entering into agreements to pay the compensation for which it is liable; provided, however, that where compensation is payable by both the employer and the special fund, the commissioner shall not enter into an agreement unless the employer is a party to the agreement.

Section 25. KRS 342.317 is amended to read as follows:

(1) There is hereby created in the state treasury a coal miners' pneumoconiosis fund, hereinafter referred to as the "fund" to be administered by the executive department for finance and administration and the department of labor as hereinafter provided. The fund may receive state appropriations, gifts, grants and federal funds.

(2) Money in the fund shall be used only for the payment of *workers'* [workmen's] compensation awards made by the board and authorized by this section.

(3) Upon certification of the need therefor by the commissioner of the department of labor, the secretary of the executive department for finance and administration shall cause to be allotted from available appropriations or other moneys received for such purpose to the fund sufficient moneys to pay any valid claims against the fund. The commissioner of the department of labor shall, within forty-five (45) days following the close of each fiscal year and at such other times as requested by the secretary of the executive department for finance and administration, provide to the secretary of the executive department for finance and administration a description of all claims affecting the fund, the awards against the fund and such other information as may be requested to administer the fund.

(4) Disbursements from the fund shall be made by the state treasurer upon the warrant of the secretary of the executive department for finance and administration when liability therefor shall have been established as follows:

(a) If the claimant has been exposed to the hazard of such occupational disease in the employment of only one employer, the award of compensation for disability or death due to such disease shall be paid in the following proportions from the following sources: (1) Fifty percent (50%) by the employer; (2) twenty-five percent (25%) by the special fund; and (3) twenty-five percent (25%) by the coal miners' pneumoconiosis fund created by this section.

(b) If the claimant has been exposed to the hazard of such occupational disease in the employment of more than one employer, the award of compensation for disability or death due to such disease shall be paid in the following proportions from the following sources: (1) Twenty percent (20%) by the employers; (2) forty percent (40%) by the special fund; and (3) forty percent (40%) by the coal miners' pneumoconiosis fund created by this section.

(5) In all agreements and awards for the payment of compensation under this chapter, the proportions thereof payable by each employer, from the special fund and the coal miners' pneumoconiosis fund shall be separately identified and designated; provided, however, that nothing in this section shall prevent the special fund from entering agreements to pay the compensation benefits for which it and the coal miners' pneumoconiosis fund are liable.

(6) An employer must be a party to any agreement providing for the payment of compensation for benefits under this section.

(7) The special fund and the coal miners' pneumoconiosis fund shall be named as co-defendants in any claim or action for benefits payable as provided by this section.

(8) Any award against an employer shall be only in the amount for which such employer or its surety is liable and any award against such employer or its surety, the special fund and the coal miners'

pneumoconiosis fund shall be paid from the special fund and the special fund shall be reimbursed proportionately by the employer or its surety and the coal miners' pneumoconiosis fund for the amounts awarded against each on a quarterly basis pursuant to regulations adopted by the board relating thereto.

Section 26. KRS 342.320 is amended to read as follows:

(1) All fees of *all* attorneys and physicians, and all charges of hospitals under this chapter, shall be subject to the approval of the *hearing officer* [board]. No attorney fees shall be allowed or approved against any party not represented by said attorney, nor shall any *claimant's* attorney fee be allowed or approved exceeding an amount equal to 20 per cent of the first $25,000.00, 15 percent of the next $10,000.00 and 5 percent of the remainder of the amount recovered as actuarily determined on past and future benefits according to the American Experience Table of Mortality and the Remarriage Tables of the Dutch Royal Insurance Institute. In no case shall the *claimant's attorney's* fee exceed $6,500.00. Provided, however, the *hearing officer* [board], in making an allowance of attorney fees, shall in each case examine the record to ascertain the extent of the services rendered, and fix a reasonable fee for the services rendered, not to exceed the maximum authorized by this section. The *hearing officer* [board] may reduce the attorney's fee to an amount commensurate with the services performed, or may deny or reduce an attorney's fee upon proof of solicitation of employment. Any award made to a claimant in a nonresisted claim as established under the provisions of KRS 342.316 (2)(b), paragraph 5, shall result in an award of an attorney fee not exceeding $750.00.

(2) No *claimant's* attorney's fee in any case involving benefits under this chapter shall be paid until the fee is approved by the *hearing officer* [board], and any contract for the payment of attorney's fees otherwise than as provided in this section shall be void. The entire *claimant's* attorney's fee in a lump sum shall be paid directly to the attorney of record, and the *hearing officer* [board] in allowing or approving an attorney's fee, as provided in this section, shall order the payment of same directly to the attorney, commuting sufficient of the final payments of compensation payable under the award to a lump sum for that purpose.

(3) The general assembly declares that by the enactment of subsections (2)(b) and (7) of KRS 342.316, it is the legislative intent to encourage settlement and prompt administrative handling of such claims and thereby reduce expenses to claimants for compensation under the provisions of KRS 342.316, and the *hearing officer* [board] shall give due regard to such legislative intent in the handling of uncontested claims and the allowance of attorney's fees therein.

(4) The *hearing officer* [board] shall *consider the reasonableness of the amount of the fee, based upon the amount of work involved and may* approve any contract between attorney and client if *it is believed the fee is reasonable, based upon the amount of work involved and* the limits on fees enumerated below are followed:

(a) When the claim is uncontested under the provisions of KRS 342.316 (2)(b), paragraph 5, the attorney fee shall not exceed an amount equal to $750.00.

(b) In all other claims, the fee of the attorney shall not exceed a sum equal to twenty percent (20%) of the amount recovered, or $5000.00, whichever is less.

(c) When an order or award is appealed to the Court of Appeals, the attorney fee shall not exceed 20 percent of the amount recovered, or $6000.00, whichever is less.

Section 27. KRS 342.350 is amended to read as follows:

(1) In order to comply with KRS 342.340 groups of employers may form, either among themselves or with employers in other states, mutual insurance associations or reciprocal or interinsurance exchanges subject to the insurance laws of this state and such reasonable conditions and restrictions not inconsistent therewith as may be fixed by the board. Membership in such mutual insurance associations or reciprocal or interinsurance exchanges so approved, together with evidence of the payment of premiums due, shall be evidence of compliance with KRS 342.340.

(2) The board may, except as provided in subsection (3), require any mutual insurance association or reciprocal or interinsurance exchange to purchase an annuity or to effect reinsurance with a company authorized to transact insurance in this state or to make such deposit with a bank or trust company of this state as shall in either case be approved by the board for the purpose of fully securing the payment of all deferred installments upon any claim for compensation.

(3) Any mutual insurance association or reciprocal or interinsurance exchange possessing a surplus of at least one hundred thousand dollars ($100,000) and not less in amount than the capital required of a domestic stock insurance company transacting the same kind of insurance, shall not be required to purchase an annuity or effect reinsurance with a company authorized to transact insurance in this state or to make such a deposit with a bank or trust company of this state for the purpose of fully securing the payment of all deferred installments upon any claim for compensation.

(4) In addition, the board, under rules and regulations as it *shall* [may] prescribe, may permit two or more employers to enter into agreements to pool their liabilities under this chapter for the purpose of qualifying as self-insurers and each employer member of such approved group shall be classified as a self-insurer as defined under this chapter. Employers securing certification as group self-insurers are regulated by the

rules and regulations drawn by the *workers'* [workmen's] compensation board and are not to be in any way subject to the provisions of subsections (1), (2), and (3) of this section; provided, however, that the Governor may assign the regulatory authority under this subsection to another board or agency pursuant to KRS 12.025.

Section 28. KRS 342.375 is amended to read as follows:

Every policy or contract of *workers'* [workmen's] compensation insurance under this chapter, issued or delivered in this state, shall cover the entire liability of the employer for compensation to every one of his employes subject to this chapter, except as otherwise provided in KRS 342.345. However, if specifically authorized by the director, a separate insurance policy may be issued for a specified plant or work location if the liability of such employer under this chapter to all his other employes subject to this chapter is otherwise secured and provided that no employe transferred from one plant or work location to another within the employment of the same employer shall thereby lose any benefit rights accumulated under the average weekly wage concept.

Section 29. KRS 342.390 is amended to read as follows:

Election to operate under this chapter if an employer is not mandatorily subject to the chapter shall be effected by the employer purchasing *workers'* [workmen's] compensation insurance or qualifying as a self insured. The proof of election shall be the proof of insurance coverage provided for in KRS 342.340(2).

Section 30. KRS 342.395 is amended to read as follows:

Where an employer is subject to this chapter, then every employe of such employer, as a part of his contract of hiring or who may be employed at the time of the acceptance of the provisions of this chapter by such employer, shall be deemed to have accepted all the provisions of this chapter and shall be bound thereby unless he shall have filed, prior to the injury or incurrence of occupational disease, written notice to the contrary with the employer; and such acceptance shall include all of the provisions of this chapter with respect to traumatic personal injury, silicosis and any other occupational disease. However, before an employe's written notice of rejection shall be considered effective, the employer must file the employe's notice of rejection with the [workmen's compensation] board. The [workmen's compensation] board shall not give effect to any rejection of this chapter not voluntarily made by the employe. If an employe withdraws his rejection, the employer shall notify the [workmen's compensation] board.

Until such notice to the contrary is so given to the employer, the measure of liability of such employer shall be determined according to the compensation provisions of this chapter. Any such employe, may, without prejudice to any existing right or claim, withdraw his election to reject this chapter by filing with the employer a written notice of withdrawal, stating the date when the withdrawal is to become effective. Following the filing of such notice, the status of the party withdrawing shall become the same as if the former election to reject this chapter had not been made, except that withdrawal shall not be effective as to any injury sustained or disease incurred less than one (1) week after the notice is filed.

Section 31. KRS 342.402 is amended to read as follows:

The *workers'* [workmen's] compensation board, the director, or his authorized representative, upon showing a certification of noncompliance, may temporarily restrain or temporarily or permanently enjoin the further operation of any employer covered by this chapter. Such action shall be brought in Franklin Circuit Court.

Section 32. KRS 342.440 is amended to read as follows:

For the purpose of paying the salaries and necessary expenses of the board, [and] its *hearing officers,* [assistants] and employes in administering and carrying out this chapter an administrative fund shall be created and maintained in the manner provided in KRS 342.450 to 342.485.

Section 33. KRS 342.445 is amended to read as follows:

Every insurance carrier including the parties to any interindemnity contract or reciprocal plan or scheme, *or group self-insurers as authorized by KRS 342.350(4)* insuring employers in this state against liability for personal injuries to their employes, or death caused thereby under this chapter, shall pay a tax upon the premium received, whether in cash or notes, in this state or on account of business done in this state, for such insurance in this state, at the rate of two per cent (2%) of the amount of the premium. This tax shall be in lieu of all other taxes on such premiums. It shall be assessed and collected as provided in KRS 342.450. Such insurance carriers shall be credited with all canceled or returned premiums, including dividends paid or credited to policyholders, and with premiums received for reinsurance assumed from companies authorized and licensed to transact business in this state.

Section 34. KRS 342.620 is amended to read as follows:

As used in this chapter unless the context otherwise requires:

(1) "Injury" means any work related harmful *physical* change in the human organism *arising out of and in the course of the employment*, including damage to or loss of a prosthetic appliance, but does not include any communicable disease unless the risk of contracting such disease is increased by the nature of the employment. "Injury" when used generally, unless the context indicates otherwise, shall include an occupational disease.

(2) "Occupational disease" means a disease arising out of and in the course of the employment.

(3)[(a)] *An occupational* [A] disease *as defined in this section* shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease, and which can be seen to have followed as a natural incident to the work as a result of the exposure occasioned by the nature of the employment and which can be fairly traced to the employment as the proximate cause. The *occupational* disease shall be incidental to the character of the business and not independent of the relationship of employer and employe. *An occupational* [The] disease need not have been foreseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence.

(4)[(b)] "Injurious exposure" as used in KRS 342.316 shall mean that exposure to occupational hazard which would, independently of any other cause whatsoever, produce or cause the disease for which claim is made.

(5)[(3)] "Death" means death resulting from an injury or occupational disease.

(6)[(4)] "Carrier" means any insurer, or legal representative thereof, authorized to insure the liability of employers under this chapter and includes a self-insurer.

(7)[(5)] "Self-insurer" is an employer who has been authorized under the provisions of this chapter to carry his own liability on his employes covered by this chapter.

(8)[(6)] "Department" means the department of labor.

(9)[(7)] "Director" means the director of the *workers'* [workmen's] compensation board.

(10)[(8)] "Board" means the *workers'* [workmen's] compensation board.

(11)[(9)] "Disability" means *a bodily functional disability which may or may not be accompanied by an occupational disability*[, except for purposes of KRS 342.730(1)(c) relating to scheduled losses, a decrease of wage earning capacity due to injury or loss of ability to compete to obtain the kind of work the employe is customarily able to do, in the area where he lives, taking into consideration his age, occupation, education, effect upon employe's general health of continuing in the kind of work he is customarily able to do, and impairment or disfigurement].

(12) "Functional disability" means a bodily functional impairment. The percentage of functional disability incurred by an employe as a result of injury or occupational disease shall be determined as set forth in "Guides to the Evaluation of Permanent Impairment," American Medical Association, 1977 edition.

(13) "Occupational disability" means a decrease of wage-earning capacity due to an injury or occupational disease. Wage-earning capacity prior to injury shall be the employe's average weekly wage as calculated under KRS 342.140. Wage-earning capacity after the injury shall be presumed to be the employe's actual average weekly wage after the injury as calculated under KRS 342.140. This presumption may be overcome by showing that the employe's earnings after the injury do not fairly and reasonably represent his wage-earning capacity in light of all factors and circumstances in the case which may affect the injured worker's capacity to earn wages.

(14)[(10)] "Income benefits" means payments made under the provisions of this chapter to the disabled worker or his dependents in case of death, excluding medical and related benefits.

(15)[(11)] "Medical and related benefits" means payments made for medical, hospital, burial and other services as provided in this chapter other than income benefits.

(16)[(12)] "Compensation" means all payments made under the provisions of this chapter representing the sum of income benefits and medical and related benefits.

(17)[(13)] "Medical services" means medical, surgical, dental, hospital, nursing and medical rehabilitation services, medicines, and fittings for artificial or prosthetic devices.

(18)[(14)] "Person" means any individual, partnership, firm, association, trust, joint venture, corporation, or legal representative thereof.

(19)[(15)] "Wages" means, in addition to money payments for services rendered, the reasonable value of board, rent, housing, lodging, fuel or similar advantages received from the employer, and gratuities received in the course of employment from others than the employer as evidenced by the employe's federal and state tax returns.

(20)[(16)] "Agriculture" means the operation of farm premises, including the planting, cultivation, producing, growing, harvesting and preparation for market of agricultural or horticultural commodities thereon, the raising of livestock for food products and for racing purposes, and poultry thereon, and any work performed as an incident to or in conjunction with such farm operations. It shall not include the commercial processing, packing, drying, storing, or canning of such commodities for market, or making cheese or butter or other dairy products for market.

(21)[(17)] "Beneficiary" means any person who is entitled to income benefits or medical and related benefits under this chapter.

(22)[(18)] "United States" when used in a geographic sense, means the several states, the District of Columbia, the commonwealth of Puerto Rico, the Canal Zone, and the territories of the United States.

(23)[(19)] "Alien" means a person who is not a citizen, a national or a resident of the United States or Canada. Any person not a citizen or national of the United States who relinquishes or is about to relinquish his residence in the United States shall be regarded as an alien.

(24) "Actually dependent" means dependent in fact upon the employe, and refers only to a person who received more than half of his support from the employe or one who is entitled to receive support by law or by order of a court of competent jurisdiction.

[(20) Except as otherwise provided in KRS 342.750, the formula for income benefits shall be 66-⅔ percent of the average weekly wages of the employe at the time of his injury, multiplied by the percentage of disability caused by the injury or occupational disease, subject to the limitation contained in KRS 342.740. Income benefits shall be payable during the applicable compensable period which is either (a) the specified number of weeks, or (b) the period of occupational disability during which the employe is disabled, or (c) where death results from the injury, the period during which the deceased's dependents qualify as such, or (d) where death is unrelated to the injury, the period during which the deceased's dependents qualify as such or during the period of the deceased's normal life expectancy, whichever is less.]

Section 35. KRS 342.670 is amended to read as follows:

(1) If an employe, while working outside the territorial limits of this state, suffers an injury on account of which he, or in the event of his death, his dependents, would have been entitled to the benefits provided by this chapter had such injury occurred within this state, such employe, or in the event of his death resulting from such injury, his dependents, shall be entitled to the benefits provided by this chapter, provided that at the time of such injury:

(a) His employment is principally localized in this state, or

(b) He is working under a contract of hire made in this state in employment not principally localized in any state, or

(c) He is working under a contract of hire made in this state in employment principally localized in another state whose *workers'* [workmen's] compensation law is not applicable to his employer, or

(d) He is working under a contract of hire made in this state for employment outside the United States and Canada.

(2) The payment or award of benefits under the *workers'* [workmen's] compensation law of another state, territory, province or foreign nation to an employe or his dependents otherwise entitled on account of such injury or death to the benefits of this chapter shall not be a bar to a claim for benefits under this chapter, provided that claim under this chapter is filed within two (2) years after such injury or death. If compensation is paid or awarded under this chapter:

(a) The medical and related benefits furnished or paid for by the employer under such other *workers'* [workmen's] compensation law on account of such injury or death shall be credited against the medical and related benefits to which the employe would have been entitled under this chapter had claim been made solely under this chapter;

(b) The total amount of all income benefits paid or awarded the employe under such other *workers'* [workmen's] compensation law shall be credited against the total amount of income benefits which would have been due the employe under this chapter, had claim been made solely under this chapter;

(c) The total amount of death benefits paid or awarded under such other *workers'* [workmen's] compensation law shall be credited against the total amount of death benefits due under this chapter;

(3) If any employe is entitled to the benefits of this chapter by reason of an injury sustained in this state in employment by an employer who is domiciled in another state and who has not secured the payment of compensation as required by this chapter, the employer or his carrier may file with the board a certificate, issued by the commission or agency of such other state having jurisdiction over *workers'* [workmen's] compensation claims, certifying that such employer has secured the payment of compensation under the *workers'* [workmen's] compensation law of such other state and that with respect to said injury such employe is entitled to the benefits provided under such law, and that the benefits to which such employe or his dependents is entitled are at least as great as those to which he would be entitled if the injury occurred and was processed under Kentucky law, under Kentucky coverage. In such event:

(a) The filing of such certificate shall constitute an appointment by such employer or his carrier of the board as his agent for acceptance of the service of process in any proceeding brought by such employe or his dependents to enforce his or their rights under this chapter on account of such injury;

(b) The board shall send to such employer or carrier, by registered or certified mail to the address shown on such certificate, a true copy of any notice of claim or other process served on the board by the employe or his dependents in any proceeding brought to enforce his or their rights under this chapter;

(c) 1. If such employer is a qualified self-insurer under the *workers'* [workmen's] compensation law of such other state, such employer shall, upon submission of evidence satisfactory to the board, of his ability to meet his liability to such employe under this chapter, be deemed to be a qualified self-insurer under this chapter;

2. If such employer's liability under the *workers'* [workmen's] compensation law of such other state is insured, such employer's carrier, as to such employe or his dependents only, shall be deemed to be an

insurer authorized to write insurance under and be subject to this chapter; provided, however, that unless its contract with said employer requires it to pay an amount equivalent to the compensation benefits provided by this chapter, its liability for income benefits or medical and related benefits shall not exceed the amounts of such benefits for which such insurer would have been liable under the *workers'* [workmen's] compensation law of such other state;

(d) If the total amount for which such employer's insurance is liable under (c) above is less than the total of the compensation benefits to which such employe is entitled under this chapter, the board may, if it deems it necessary, require the employer to file security, satisfactory to the board, to secure the payment of benefits due such employe or his dependents under this chapter, and

(e) Upon compliance with the preceding requirements of this subsection (3), such employer, as to such employe only, shall be deemed to have secured the payment of compensation under this chapter.

(4) As used in this section:

(a) "United States" includes only the states of the United States and the District of Columbia;

(b) "State" includes any state of the United States, the District of Columbia, or any Province of Canada;

(c) "Carrier" includes any insurance company licensed to write *workers'* [workmen's] compensation insurance in any state of the United States or any state or provincial fund which insures employers against their liabilities under a *workers'* [workmen's] compensation law;

(d) A person's employment is principally localized in this or another state when:

1. His employer has a place of business in this or such other state and he regularly works at or from such place of business, or

2. If subparagraph 1. foregoing is not applicable, he is domiciled and spends a substantial part of his working time in the service of his employer in this or such other state;

(e) An employe whose duties require him to travel regularly in the service of his employer in this and one or more other states may, by written agreement with his employer, provide that his employment is principally localized in this or another such state, and, unless such other state refuses jurisdiction, such agreement shall be given effect under this chapter;

(f) *"Workers'* ["Workmen's] compensation law" includes "occupational disease law."

Section 36. KRS 342.680 is amended to read as follows:

In any claim for compensation, where the employe has been killed, or is physically or mentally unable to testify as confirmed by competent medical evidence and where there is unrebutted prima facie evidence that indicates that the injury *or death arose out of and in the course of employment* [was work related], it shall be presumed, in the absence of substantial evidence to the contrary, that the injury *or death arose out of and in the course of employment* [was work related], that sufficient notice of the injury has been given, and that the injury or death was not proximately caused by the employe's intoxication or by his willful intention to injure or kill himself or another.

Section 37. KRS 342.700 is amended to read as follows:

(1) Whenever an injury for which compensation is payable under this chapter has been sustained under circumstances creating in some other person than the employer a legal liability to pay damages, the injured employe may either claim compensation or proceed at law by civil action against such other person to recover damages, or proceed both against the employer for compensation and such other person to recover damages, but he shall not collect from both. If the injured employe elects to proceed at law by civil action against such other person to recover damages, he shall give due and timely notice to the employer of the filing of such action. If compensation is awarded under this chapter, the employer, his insurance carrier, the Special Fund, and the Uninsured Employer's Fund, or any of them, having paid the compensation or having become liable therefor, may recover in his or its own name or that of the injured employe from the other person in whom legal liability for damages exists, not to exceed the indemnity paid and payable to the injured employe, less the employe's legal fees and expense.

(2) A principal contractor, intermediate or subcontractor shall be liable for compensation to any employe injured while in the employ of any one of his intermediate or subcontractors and engaged upon the subject matter of the contract, to the same extent as the immediate employer. Any principal, intermediate or subcontractor who pays such compensation may recover the amount paid from any subordinate contractor through whom he has been rendered liable under this section. Every claim to compensation under this subsection shall in the first instance be presented to and instituted against the immediate employer, but such proceedings shall not constitute a waiver of the employe's rights to recover compensation under this chapter from the principal or intermediate contractor nor shall such claim be barred by limitations, provided such claim is filed against the principal or intermediate contractor within one year after a final unappealed order has been rendered by the *workers'* [workmen's] compensation board determining that immediate employer has insufficient security to pay the full and maximum benefits that could be determined to be due him under this chapter. The collection of full compensation from one employer shall bar recovery by the employe against any other. But he shall not collect from all a total compensation in excess of the amount for which his immediate employer is liable. This subsection shall apply only in cases where the injury occurred on, in or about

the premises on which the principal contractor has undertaken to execute work or which are under his control otherwise or management.

Section 38. KRS 342.710 is amended to read as follows:

(1) One of the primary purposes of this chapter shall be restoration of the injured employe to gainful employment. To this end there is hereby created a rehabilitation panel which shall be composed of the director and specialists in medical and vocational rehabilitation to be appointed by the board.

(2) The panel shall continuously study the problems of rehabilitation, both physical and vocational, and shall investigate and maintain a directory of all rehabilitation facilities, both private and public. The board in consultation with the panel, shall approve as qualified such facilities, institutions and physicians as are capable of rendering competent rehabilitation service to seriously injured employes. No facility or institution shall be considered as qualified unless it is specifically equipped to provide rehabilitation services for persons suffering either from some specialized type of disability or general type of disability within the field of occupational injury and is staffed with trained and qualified personnel, and with respect to physical rehabilitation, unless it is supervised by a physician qualified to render such service. No physician shall be considered qualified unless he has had the experience and training specified by the board.

(3) An employe who has suffered an injury covered by this chapter shall be entitled to prompt medical rehabilitation services *for whatever period of time necessary to accomplish physical rehabilitation goals which are feasible, practical, and justifiable*. When as a result of the injury he is unable to perform work for which he has previous training or experience, he shall be entitled to such vocational rehabilitation services, including retraining and job placement, as may be reasonably necessary to restore him to suitable employment. *In all such instances, the board shall inquire whether* [If] such services *have been* [are not] voluntarily offered and accepted, the board on its own motion, or upon application of *any party* [the employe, employer] or carrier, after affording the parties an opportunity to be heard [by the panel], may refer the employe to a qualified physician or facility for evaluation of the practicability of, need for, and kind of service, treatment or training necessary and appropriate to render him fit for a remunerative occupation. Upon receipt of such report, and after affording the parties an opportunity to be heard by the panel, the board, in consultation with the panel, may order that the services and treatment recommended in the report, or such other rehabilitation treatment or service he may deem necessary, be provided at the expense of the *defendents as apportioned in the award* [employer]. Vocational rehabilitation training, treatment or service shall not extend for a period of more than *fifty-two (52)* [26] weeks except in unusual cases when by special order of the board, after hearing *and upon a finding, determined by sound medical evidence which indicates such further rehabilitation is feasible, practical, and justifiable*, the period may be extended for additional periods.

(4) Where rehabilitation requires residence at or near the facility or institution, away from the employe's customary residence, reasonable cost of his board, lodging or travel shall be paid for by the *defendant* [employer].

(5) Refusal to accept rehabilitation pursuant to an order of the board shall result in a 50 percent loss of compensation for each week of the period of refusal.

(6) The board and the rehabilitation panel shall cooperate on a reciprocal basis with the Kentucky Bureau of Rehabilitation Services of the Department of Education and the Employment Services of the Kentucky Department for Human Resources.

Section 39. KRS 342.730 is amended to read as follows:

(1) Income benefits for disability shall be paid to the employe as follows[, subject to the maximum and minimum limits specified in KRS 342.740]:

(a) For *a functional disability which results in* total *occupational* disability, 66 ⅔ per cent of *the employe's* [his] average weekly wage, *as limited by KRS 342.740,* during such disability *until the employe becomes eligible for normal old age benefits under the federal old age, survivors and disability insurance act.*
